Instructions for completing "The Reinstatement Application" for a Maine Medical License

LICENSURE REINSTATEMENT LAW

Title 32 M.R.S. § 3280-A, subsection 4. **Reinstatement after lapse.** A physician may be reinstated after the lapse of a license under the following conditions.

- A. A license that has lapsed pursuant to 32 M.R.S. § 3280-A, subsection 1, paragraph B may be reinstated upon application by the physician on forms provided by the board. A physician whose license has lapsed for more than 5 years shall apply for a new license in order to practice medicine in the State.
- B. When applying for reinstatement, the licensee must state the reason why the license lapsed and pay all fees in arrears at the time of lapse plus the current license renewal application fee and a nonrefundable reinstatement application processing fee of \$100.
- C. The board may not reinstate a lapsed license if the board finds any cause that may be considered a ground for discipline pursuant to 32 M.R.S. § 3282-A if the license had been in force. Prior to concluding that no cause exists, the board shall conduct the inquiries required by 32 M.R.S. § 3280-A, subsection 2, paragraph A for applications for renewal. In addition, the board may not reinstate the license of any physician who has not provided evidence satisfactory to the board of having actively engaged in the practice of medicine continuously for at least the past 12 months under the license of another jurisdiction of the United States or Canada unless the applicant has first satisfied the board of the applicant's current competency by passage of written examinations or practical demonstrations as the board may from time to time prescribe for this purpose through rulemaking.

EVIDENCE OF CLINICAL EXPERIENCE OR COMPETENCY WHEN LICENSED LAPSED

You must provide the Board with satisfactory evidence of current clinical competency. Such evidence may include either:

- 1. Actively engaged in the practice of medicine continuously for at least the past 12 months under the license of another jurisdiction of the United States or Canada; or
- 2. Passage of written examinations or practical demonstrations as the Board may from time to time prescribe for this purpose through rulemaking. **Also, please see the CME log instructions below.**

HOW TO APPLY FOR REINSTATEMENT

- 2. Complete all questions on the application.

- 4. Complete the Continuing Medical Education ("CME") log and submit it with your application.
- 5. Achieve a passing score on a State of Maine jurisprudence examination administered by the Board within the past 3 years.
- 6. Pay the appropriate NON-REFUNDABLE reinstatement fees.
 - A. The lapsed license reinstatement fee is \$600, which includes: (1) \$500 for the current renewal fee, (2) \$50 for a late fee, and (3) a \$50 reinstatement fee. This fee is required before a license may be issued.
 - B. The withdrawn license reinstatement fee is \$550, which includes: (1) \$500 for the current renewal fee, and (2) a \$50 reinstatement fee. This fee is required before a license may be issued.

Mandated Reporter Requirements for Suspected Child Abuse

Maine law requires that physicians immediately report or cause a report to be made to the Maine Department of Health and Human Services (DHHS) when the physician knows or has reasonable cause to suspect that a child has been or is likely to be abused or neglected or that a suspicious child death has occurred. In addition, if a child is under 6 months of age or otherwise non-ambulatory, Maine law requires physicians to immediately report to DHHS if that child exhibits evidence of the following: fracture of a bone; substantial bruising or multiple bruises; subdural hematoma; burns; poisoning; or injury resulting in substantial bleeding, soft tissue swelling or impairment of an organ, except that the reporting of injuries occurring as a result of the delivery of a child attended by a licensed medical practitioner or the reporting of burns or other injuries occurring as a result of medical treatment following the delivery of the child when the child remains hospitalized following the delivery is not required. Please refer to 22 M.R.S. § 4011-A for all reporting

requirements.

Mandated Reporter Training and additional information regarding mandated reporting can be found at:

More information about the MPHP can be found at: https://www.mainemed.com/member-services/medical-professionals-health-program .
		The purpose of the following questions is to determine the current fitness of an applicant to safely practice medicine. The following inquiries concern current medical, mental health, and substance misuse issues that may impair the ability to safely practice. This information is treated confidentially by the Board. The mere fact of treatment for a current medical, mental health or substance misuse issue is not, by itself, a basis on which an applicant is ordinarily denied licensure when he/she has demonstrated personal responsibility and maturity in dealing with these issues. The Board strongly encourages applicants who may benefit from treatment to seek it. The Board may deny a license to applicants whose ability to safely function in the practice of medicine or whose behavior, judgment, and understanding is currently impaired to the degree that patient safety is at risk.
		a. Do you have a mental or physical condition that currently impairs your ability to safely and competently practice medicine?

	12. Have you EVER furnished prescription drugs to or written a prescription for anyone without having a legitimate physician-patient relationship (This includes conduct for which you may NOT have been adjudicated in any civil, administrative or criminal proceeding)?
