MaineDOT Utility Engineer

UTILITY COORDINATION

MAY 2023

Link to FHWA Video “Utility Coordination and Certification Requirements”

<https://www.fhwa.dot.gov/federalaidessentials/catmod.cfm?id=9>

<https://youtu.be/IJLHwou2nMQ>

When Is a Utility Certification Required?

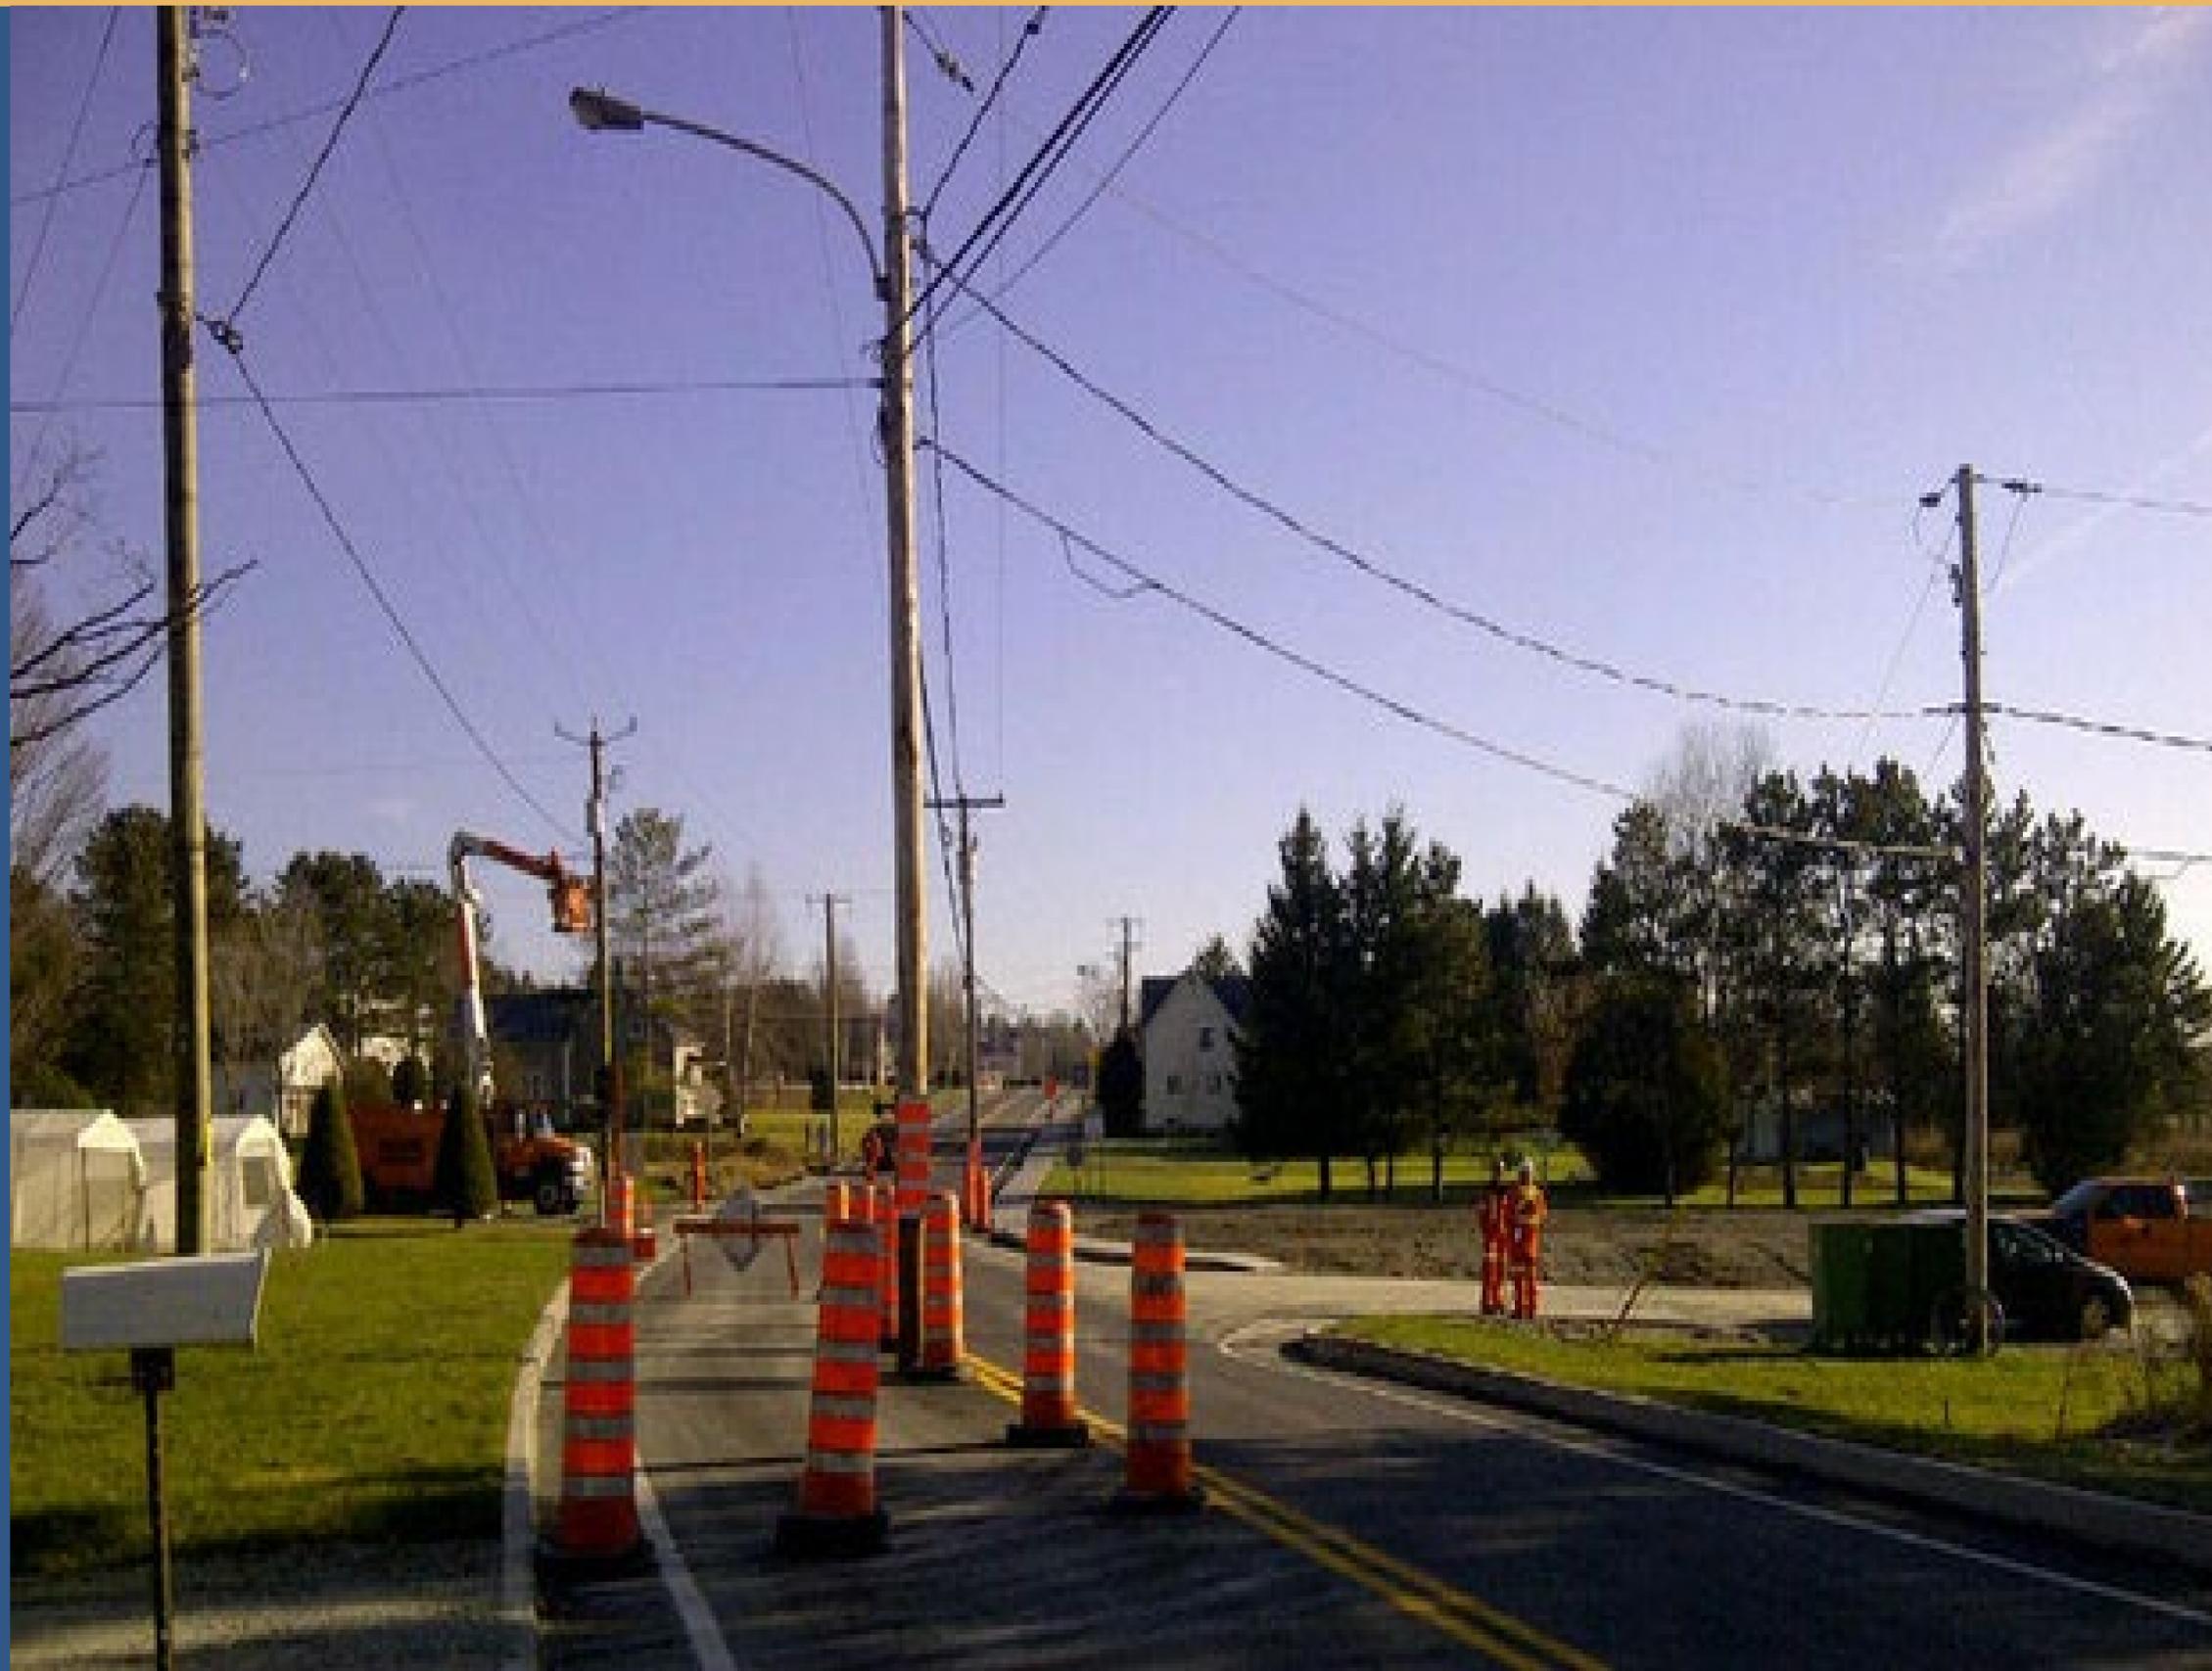

- A) Only when there are utility impacts
- B) Only when the utilities agree to it
- C) Always
- D) Never

When Must a Utility Certification Be Submitted to MaineDOT?

- A) With The Preliminary Design Report (PDR)
- B) After Contract Award
- C) With Final Plans, Specifications & Estimate (PS&E)
- D) When Contractor Starts Work

Why Should Utility Coordination Be Done **Early**?

- ❖ **Final plans and schedule not sent to utilities!**
- ❖ **Contractor had to finish paving in the spring – after the pole was moved**

MaineDOT Utilities Webpage is a Resource

Offers a Number of Standard Documents and Reference Materials

MaineDOT Utility Services

The MaineDOT Utility Services website is a resource for anyone performing utility coordination for transportation projects and for individuals looking for Location and Highway Opening permit information. Here you'll find the MaineDOT Utility Accommodation Rules, stand-alone utility policies, references and instructions for location and highway opening permits, as well as, MaineDOT utility coordinator and permit administrator contact information.

This website also provides links to utility company contacts by Town, references to the utility coordination process guide, utility coordination forms and letters, and links to Dig Safe, OK to Dig and many utility companies. Minutes from the most recent Utility Task Force meetings are also posted to this page.

Utility Coordination Process

This web page includes several letter templates in both the Microsoft Word and Adobe PDF formats, as well as a step-by-step overview of how utility coordination occurs throughout the development of a MaineDOT or MaineDOT-funded project.

Please note:

The letter templates have been set up assuming that they will be used by a MaineDOT consultant; however, anyone who proposes any work that affects utilities or other outside parties are encouraged to use this process as well. Portions of the letters that must be changed for MaineDOT projects have been highlighted with a combination of brackets, italics and bold-face type (for example, if a particular sentence needs the date of a meeting entered, it will appear as **{Date}**). People wishing to modify these letters for non-MaineDOT projects will also need to remove all references to the Maine Department of Transportation.

MaineDOT Utility Accommodation Rules

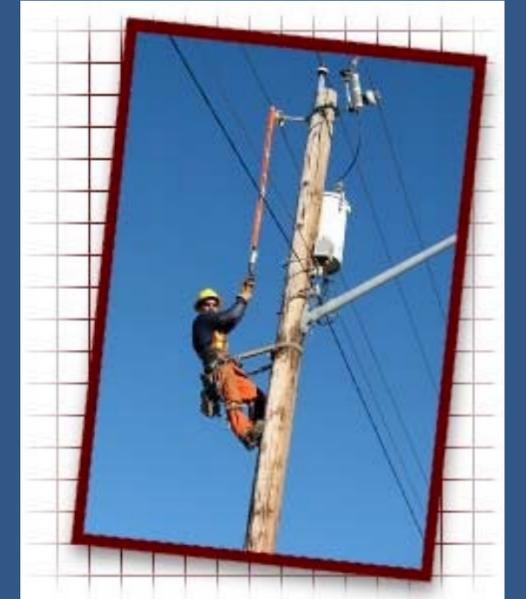

- I. Location and Road Opening Permit Rules
- II. Requirements for Utility Facility Maintenance
- III. Utility Location Requirements For:
 - Vertical Clearances
 - Utility Pole Offsets
 - Offsets Between Buried Utilities
 - Minimum Depths

Cost for Relocating Utilities?

- Utility Pays for Relocation
- Why? **It's Maine Law**

- MaineDOT Will Acquire ROW for “Design Purposes”
 - Will Accommodate Relocated Utility Poles
- Trim Rights: Goal 8 Feet Beyond Outer Conductor
- Municipalities or MaineDOT **Do Not** Acquire Guying Rights Outside the ROW For Utilities
 - Utility Company’s Responsibility
 - Could **Jeopardize** Federal Funding

RAILROAD COORDINATION

- Work next to railroad ROW requires railroad coordination
 - **MAY NEED FLAGGERS**
 - If so, you'll need an agreement with the railroad
 - Also need a Protection of Railroad Traffic and Signals (PRTS)
 - Worker-Days for flaggers estimated by utility coordinator and designer
 - Project pays for railroad flaggers if required

UTILITY COORDINATION

Utility Coordination Process

- Determine Utility Contacts
(MaineDOT Utilities Webpage)
- Notify utilities/railroads of project using Electronic Utility Letter 1
(Get From MaineDOT Utilities Webpage)
- Utilities will return Letter 1 with information on existing/proposed facilities

UTILITY COORDINATION

Utility Coordination Process

- Perform survey to locate utility facilities and ROW on survey plan
- Determine size, condition and elevation of underground facilities
 - May need test pits or “pot-holing” with vacuum extraction equipment (done by utilities)
- Identify Potential Conflicts
- Send Utility Letter 2 to Utilities to Confirm

UTILITY COORDINATION

Utility Coordination Process

- Designer conducts field review
 - How will existing utility facilities impact design?
- Designer compiles other preliminary data
 - Accident records
 - Existing Right-of-Way (ROW)
 - Identify from existing conditions plan or obtain from MaineDOT Property Office
 - Other proposed work within project area

UTILITY COORDINATION

Utility Coordination Process

- Send Utility Letter 3 with preliminary design plans (PDR) to Utility Companies showing:
 - Proposed alignment
 - Proposed edge of pavement/curb line
 - Proposed drainage
- Develop preliminary relocation strategy
 - Meet with utilities on site
- Send Utility Letter 4 and 75-80% Plans for Review

UTILITY COORDINATION

Utility Coordination Process

- Prepare Utility Special Provision 104, Utilities
 - Include table of utility contact names and phone numbers
 - See example on [MaineDOT Utilities Webpage](#)
- Send Utility Letter 5 with Special Provision to Utilities for Review
- Prepare utility agreements (if required)
- Submit Utility Certification to MaineDOT

UTILITY COORDINATION

All Of This Coordination
Is Done Before PS&E!

UTILITY COORDINATION

- **After Contract Award:**
 - Hold pre-construction meeting with contractor & utilities
 - Distribute detailed meeting minutes – **Important!**
- **During construction:**
 - **Contractor** has primary coordination responsibility
 - Contractor should use **email** and **phone**
 - If utility is unresponsive, then:
 1. Project Resident should contact utilities, then
 2. MaineDOT Utility Coordinator
 - Hold periodic meetings to keep things on track:
 - Either at Project Resident or Utility Coordinator level

SUCCESS !!

UTILITY COORDINATION

Who Is Responsible For Utility Relocation Costs and Acquiring GUYING RIGHTS Outside the ROW?

- A) MaineDOT
- B) The Contractor
- C) The Municipality
- D) The Utility Companies

UTILITY COORDINATION

Where Can We Get An Electronic Copy of Utility Letter 1?

- A) Amazon.com
- B) MaineDOT Utility Website
- C) LPA Manual
- D) Utility Coordinator

UTILITY COORDINATION

Who Has Primary Responsibility
for Contacting Utilities During
Construction?

- A) Utility Coordinator
- B) Federal Highway Administration
- C) Municipality
- D) Contractor

Who Forgot
Moose
Coordination?
