

Pedestrian Safety Training Workshop

Who should attend:

- Recreation Directors
- Health Educators
- Public Works Directors
- Planners

- Selectmen/Councilors
- School Board Members/Physical Education Teachers
- Police Departments

What will be Covered:

This Workshop is designed to provide training to conduct a Pedestrian Safety Roadshow in your community. The Pedestrian Safety Roadshow is a community workshop designed to mobilize the resources necessary to make your town a safe and attractive place to walk. Participants will receive materials and learn how to conduct a four-hour session designed to identify what prevents people from walking more in your community. This will be followed by training in how to develop a plan to make your community more walkable.
