

We're taking a break so you can enjoy yours!

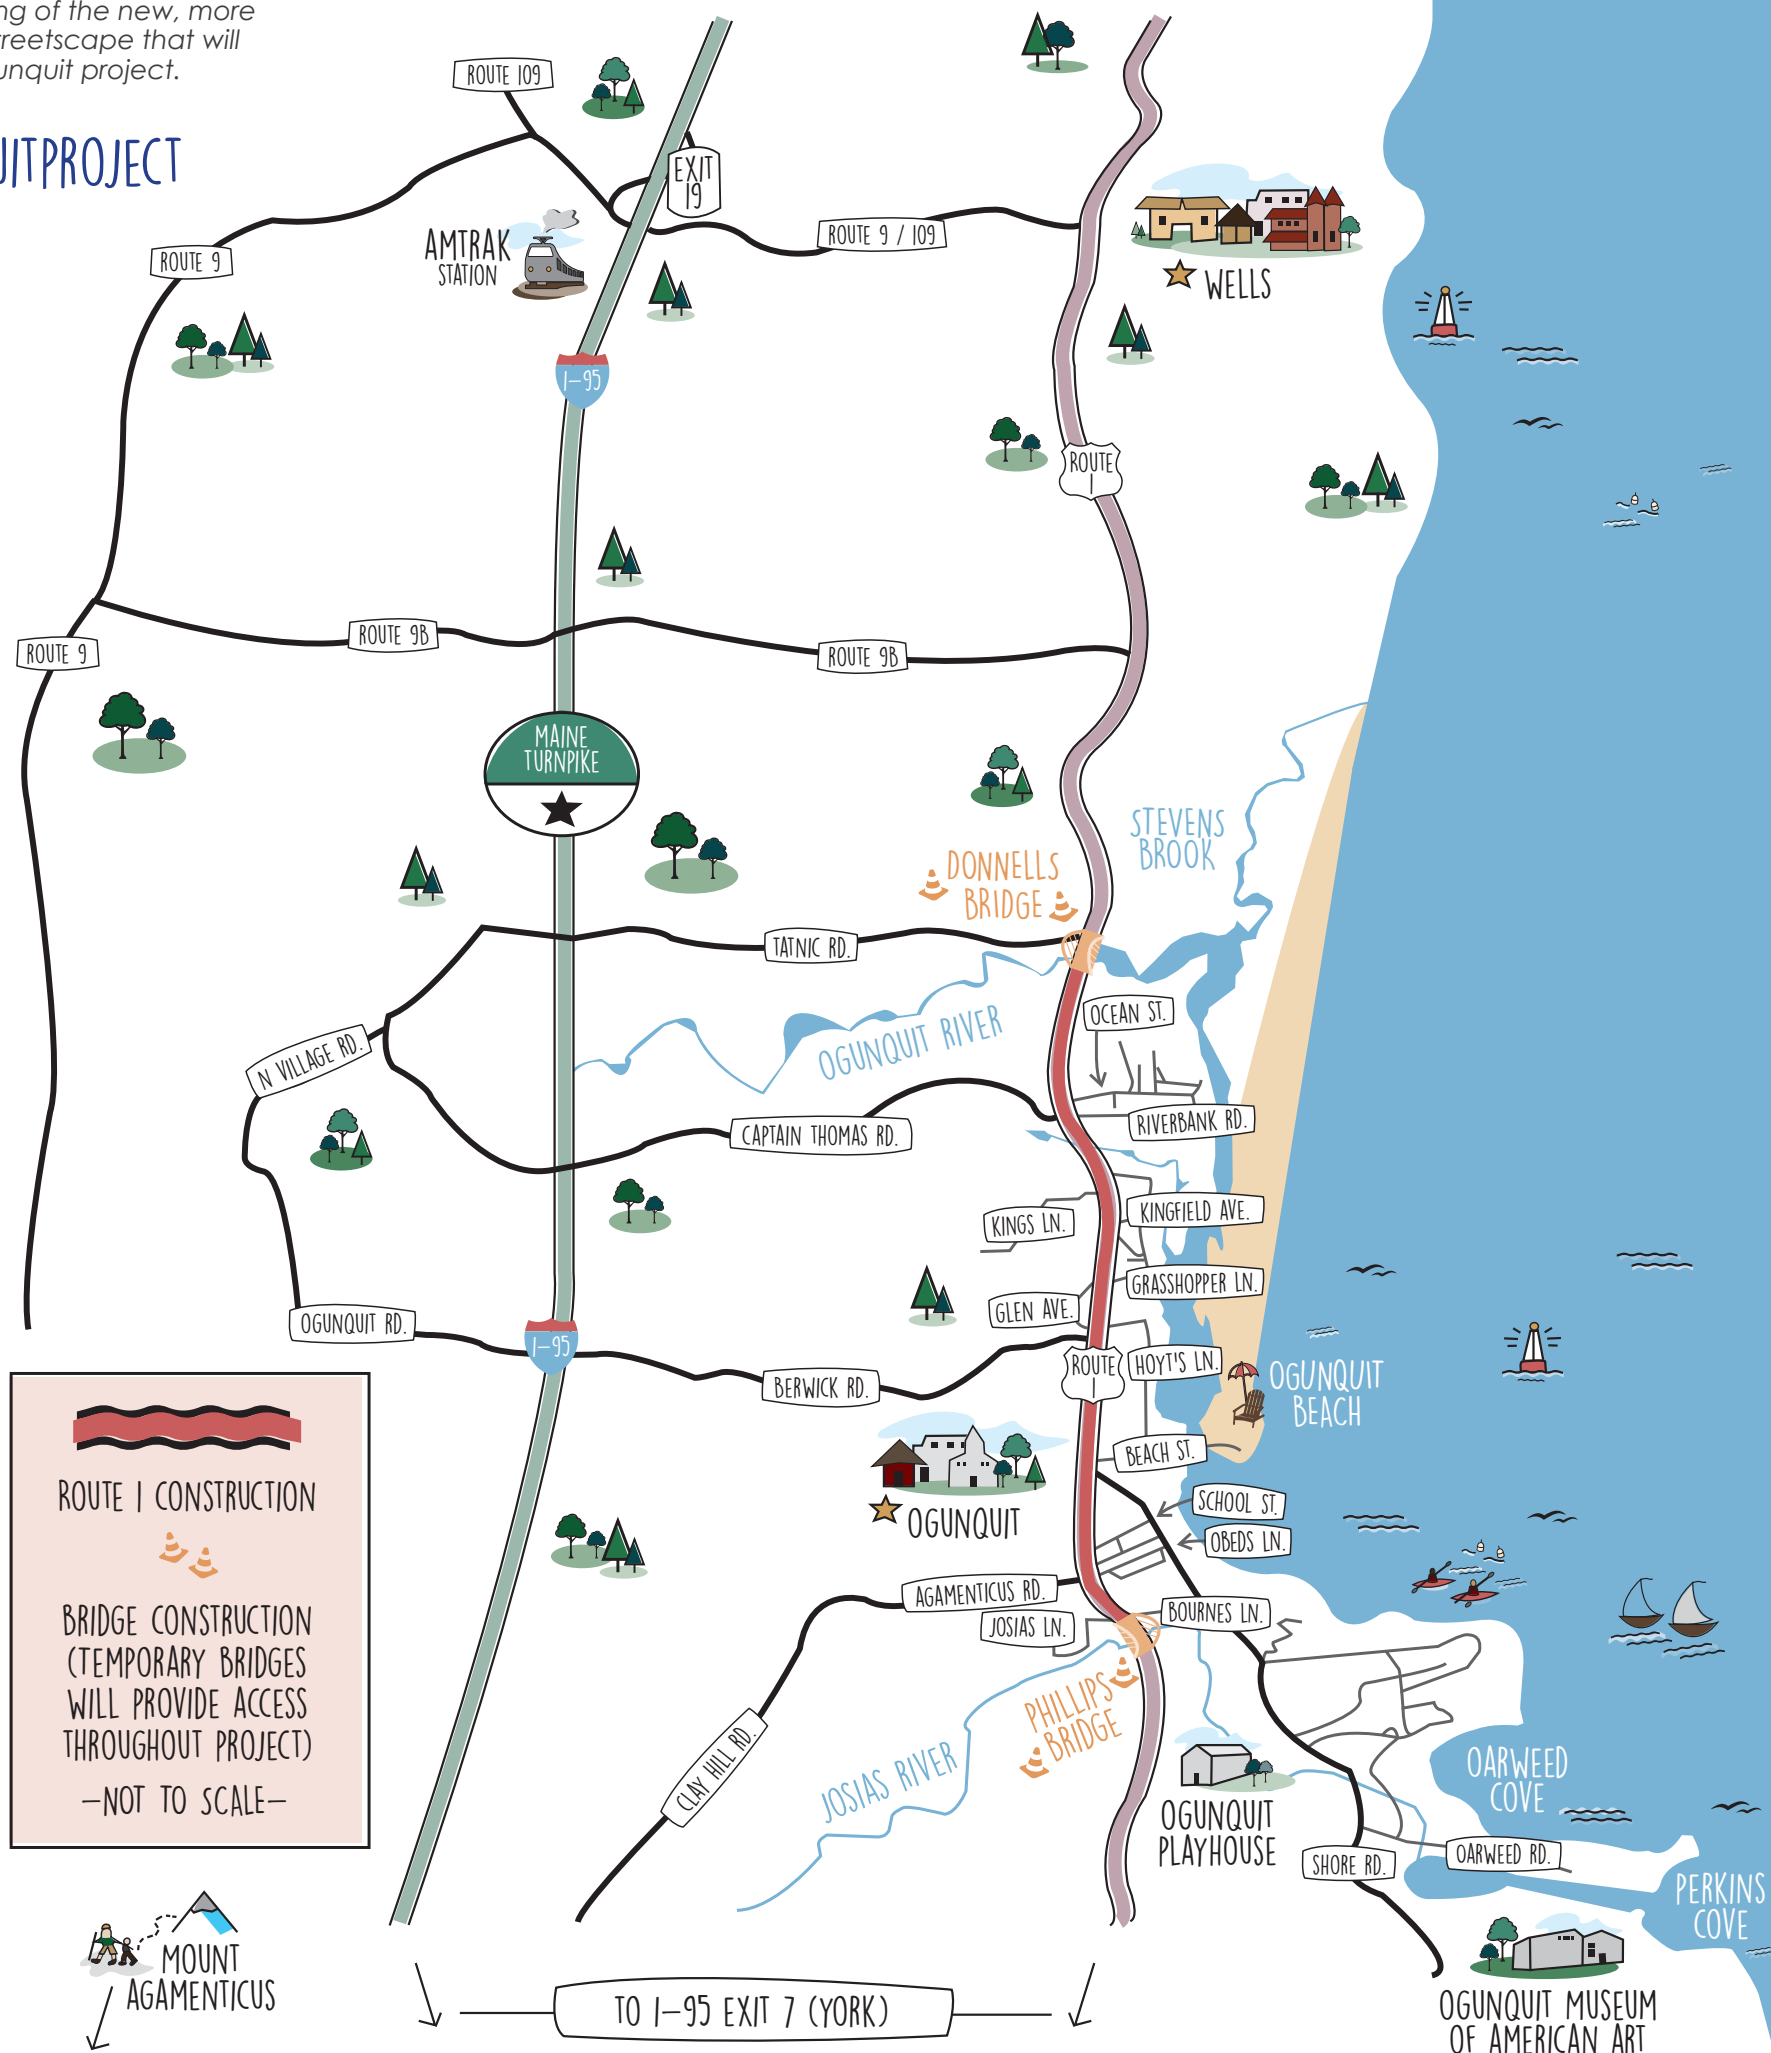

MaineDOT is halting work on Route 1 in Ogunquit June 21st through Labor Day.

We're working long and hard to finish upgrading Route 1 through Ogunquit by December 30, 2016. But to make sure your vacation isn't affected, we're taking a break of our own... all summer long. (Work will continue on bridges, but two-way traffic will be maintained.)

Visit MaineDOT.gov for the latest updates. And enjoy your stay in Ogunquit, Maine!

Conceptual rendering of the new, more inviting downtown streetscape that will result from the GOgunquit project.
