

APPENDIX D-4
Maine Beneficiary Eligible Mitigation Action Certification

State of Maine
Appendix D-2 FY 2019 Funding Awards
Eligible Mitigation Item 1: Freight Trucks
MaineDOT ID 23901.10
Advance Fund Request #8

- (ii) As part of Maine’s Beneficiary Mitigation Plan required under Paragraph 4.1 of the Trust Agreement, the procedures by which public input will be solicited and considered included the solicitation of public comments via web notice and comment period on Maine’s Beneficiary Mitigation Plan. Two public meetings were held in geographically diverse locations prior to closing of the comment period. Comments were and will continue to be considered through program implementation.
- (iii) Whether and the extent to which the certification in this Paragraph 7 is subject to the Beneficiary’s applicable laws governing the publication of confidential business information and personally identifiable information. The certification in Paragraph 7 is subject to Maine’s Freedom of Access Act (FOAA), 1 M.R.S. §§ 400-414, and other applicable Maine law. All documentation and records submitted by the State in support of each funding request and supporting all expenditures of Trust Funds by the State shall be accessible to the public unless an exception from disclosure under Maine law applies to the document or part thereof. For example, Maine’s FOAA, 1 M.R.S. § 402(3), includes in the list of exceptions a general exception for records that have been designated confidential by statute. Any claims for confidentiality under this exception, other enumerated exceptions, or under other Maine law would be reviewed by the Maine Department of Transportation and legal counsel. Documents, or parts of documents, would be protected from disclosure only to the extent required by Maine law. The State has identified the following specific provisions potentially applicable to confidential business information and personally identifiable information.

The enumerated exceptions under Maine’s FOAA include records that would be within the scope of a privilege against discovery or use as evidence recognized by Maine courts in civil or criminal trials if the records were sought during the course of a court proceeding. 1 M.R.S. § 402(3)(B). Maine Rule of Civil Procedure 26(c) provides that a trade secret or other confidential research, development, or commercial information may be the subject of a protective order by a court, when sought during discovery. Also, Rule 507 of the Maine Rules of Evidence contains a privilege to refuse to disclose, and prevent others from disclosing, a trade secret. The Maine Supreme Judicial Court has looked to the definition of “trade secret” in Maine’s Uniform Trade Secrets Act, 10 M.R.S. § 1542(4), in interpreting “trade secret” claims for non-disclosure under FOAA. That definition includes information that “[d]erives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use” and “[i]s the subject of efforts that are reasonable under the circumstances to maintain its secrecy.”

Maine’s FOAA contains exceptions to disclosure for certain personally identifiable information such as social security numbers. 1 M.R.S. § 402(3)(N).

Describe any cost share requirement to be placed on each NOx source proposed to be mitigated (5.2.8).

Under Maine’s BMP, there is a 20% cost share for competitive applications for activities that qualify for Appendix D-2 of the Settlement Agreement.

Describe how the Beneficiary complied with subparagraph 4.2.8, related to notice to U.S. Government Agencies (5.2.9).

Lead agency contact emailed the State Trust Agreement to specified recipients on February 12, 2018.

If applicable, describe how the mitigation action will mitigate the impacts of NOx emissions on communities that have historically borne a disproportionate share of the adverse impacts of such emissions (5.2.10).
