PEDIATRIC DISASTER RESPONSE AND EMERGENCY PREPAREDNESS

MGT-439

A 2010 report by the National Commission on Children and Disasters identified a training gap for emergency responders, first receivers, and emergency management personnel that reduced their effectiveness in responding to pediatric patients and their unique needs/considerations. This course addresses pediatric emergency planning and medical response considerations through a combination of lectures, and small group exercises.

Topics

- Introduction to Pediatric Response
- Pediatric Emergency Management Considerations
- Considerations for Managing Pediatric Surge
- Children with Access and Functional Needs
- Pediatric Considerations in Mass Sheltering
- Pediatric Triage and Allocation of Scarce Resources
- Pediatric Reunification Considerations
- Pediatric Decontamination Considerations

Recommendations

Familiarity with the National Incident Management System (NIMS) and the Incident Command System (ICS) via completion of study courses IS-100, IS-200, and IS-700

Course Length

Two days (16 hours)

Venue

Maine Health Corporate Offices
110 Free Street
Portland, ME 04101

Registration Information

Registration deadline is November 15, 2024 Click
