

# CYBERSECURITY ESSENTIALS

## FREE TEEEX CERTIFICATION PROGRAM

### WHAT YOU WILL LEARN:

The Cybersecurity Essentials Certificate is a blend of online and in-person, instructor-led courses. Through participation in this program, you will gain an understanding of why cybersecurity matters and you'll be provided with strategies to protect your organization's network as well as your personal information.

**\*\*\*LUNCH** will be provided for all in-person courses. \*\*\*
