STOP THE BLEED

Learn how you can save a life by stopping a life-threatening bleed.

DATE: May 29th, 2024

TIME: 8:30 a.m. & 9:30 a.m.

LOCATION: Fort Western Room

What is Stop the Bleed?

The "Stop the Bleed" program was developed to train people on the basic techniques of controlling and stopping a life-threatening bleed.

The program is designed to work in any situation where there might be a bleeding emergency — not just in the event of an active-shooter situation.

This one-hour training will give participants the confidence and skills to stop a life-threatening bleed and save someone's life. Participants will receive a course completion certificate from Stop the Bleed.
