

# MEMA TRAINING BULLETIN

JUNE  
2026

## Your source for training opportunities.

Welcome to the Maine Emergency Management Training Bulletin. Our goal is to provide you with the best opportunities for professional training to increase your preparedness and capabilities. If your organization is hosting training and would like to be featured here, please let us know at [MEMAPreparedness@maine.gov](mailto:MEMAPreparedness@maine.gov).

## NETC Application Process.

When applying for training through the [National Emergency Training Center \(NETC\)](#), please remember to list the State Training Officer, Ken Latham ([kenneth.latham@maine.gov](mailto:kenneth.latham@maine.gov)) as the "Head of Organization," so we can properly track your applications.

## Comprehensive Training Program

We are pleased to announce the release of the MEMA Comprehensive Training Program (2026). This document provides guidance on how we conduct training, support our partners, and develop qualified Instructors.

You can find this and more under the Training Support Tab on the [MEMA Training Page](#).

## Preparedness Focus: Summer Preparedness

June is [#Get Summer Ready](#). Extreme heat is expected to become more frequent and intense in the future. [#SummerReady](#) aims to reach vulnerable populations and raise awareness of the impacts of extreme heat and the simple steps to stay prepared.

Extreme heat can be especially dangerous to groups of people across communities, including: Lower income households, Rural communities, Residents in urban heat islands, Infants and children, Older adults, Laborers, Individuals with medical conditions, and Athletes.

## **MGT 452 Physical and Cybersecurity for Critical Infrastructure**

Poland, ME

11 June 2026 0800-1700

[Sign up here](#)

The national and economic security of the United States depends on the reliable functioning of critical infrastructure. This course encourages collaboration efforts among individuals and organizations responsible for both physical and cybersecurity toward development of integrated risk management strategies that lead to enhanced capabilities necessary for the protection of our Nation's critical infrastructure.

## **PER 334 Disaster Preparedness & Survival: Guide for Individuals, Families, Communities**

Presque Isle, ME

13 June 2026 0800-1600

[Signup here.](#)

The Disaster Preparedness and Survival course is designed to prepare individuals and families how to prepare for, survive, and recover from a disaster. When facing a disaster our choice often comes down to stay at home or evacuate. In this course participants will learn the logic behind the decision to evacuate or shelter in place and what to do once they make it. This course follows a “me, we, they” approach to prepare participants to care for themselves, their families, and their communities before, during, and after a disaster.

## **Out of Harm's Way**

Virtual

15 June 2026 Multiple Times

[Signup here.](#)

This workshop helps emergency managers identify hazard-specific actionable strategies that they can incorporate into their evacuation and shelter-in-place planning to reduce delays and save lives.

Date: June 15, 16, and 17, 12:00PM-4:00PM EDT/ 11:00AM-3:00PM CDT/ 9:00AM-1:00PM PDT \*\*\*Three-day delivery with new material being delivered each day

Audience: State, Local, Tribal, and Territorial emergency managers, evacuation planners and transportation partners, alert and warning message originators (including National Weather Service partners)

2026**

## **AAR-01: Post-Incident After Action Reports**

Virtual

29 September 2026 0800-1200

[Signup here.](#)

This introductory course offers a practical overview of After-Action Reports (AARs) and their role in post-incident evaluation. The course introduces participants to the purpose and structure of AARs, the importance of collecting and analyzing data after an event, and how AARs support organizational learning and continuous improvement. Participants will explore key components of the AAR process, including data collection methods, structured analysis techniques, and the development of actionable recommendations to strengthen future preparedness and response efforts. No prior experience with AARs is required.

## **MGT310 Threat & Hazard Identification & Risk Assess & Stakeholder Preparedness Review**

Bangor, ME

6-7 October 2026 0800-1600

[Signup here.](#)

This Threat and Hazard Identification and Risk Assessment and Stakeholder Preparedness Review course introduces the six-step THIRA/SPR process which includes identifying threats and hazards that stress a community's capabilities, giving context to those threats and hazards and identifying associated impacts consistent with specific factors, identifying community-specific capability targets, assessing current levels of capability in comparison to those targets, identifying capability gaps and subsequent strategies to close those gaps using the POETE (Planning, Organization, Equipment, Training, and Exercises) areas, and assessing and describing the impact of funding sources on building or sustaining capabilities in a community.

## **MGT 416: Introduction to Continuity of Government Planning for Rural Jurisdictions**

Virtual

14 October 2026 0830-1230

[Signup here.](#)

MGT 416 is an 8-hour, DHS/FEMA-certified, tuition-free, planning and management-level course. This course is designed to help governmental officials and emergency responders in rural areas with the development of continuity plans that will help officials ensure essential governmental services remain functional across a spectrum of emergencies. This course will expose participants to the benefits of developing continuity of government plans for rural communities with special focus on succession planning, delegation of authority, redundant communications, and alternate facilities.

## **DFIN-01: It Pays to Prepare: An Overview of Disaster Finance**

Virtual

23 November 2026 0800-1200

[Signup here.](#)

This half-day instructor-led course is delivered virtually, highlighting the financial considerations and best practices of disaster preparation, response, and recovery. The course is broken into two portions. The first four hours will describe the process of federal declarations, outline best practices in fiscal policies & procurement, and list common strategies for funding. The second portion of the class consists of one-hour breakout sessions where participants will learn more about their state-specific laws and processes, presented by New England financial experts and regulators.
