

## State of Maine Maine Emergency Management Agency Division of Homeland Security

## **FACILITY SELF-ASSESSMENT TOOL**

Developed August 2020 – Updated March 2022

This Facility Self-Assessment Tool is designed to assist organizations with identifying their security vulnerabilities.

By answering a series of security related questions, users can quickly identify areas for improvement. Questions that receive a check in the "No" box <u>may</u> identify a potential vulnerability for the facility. Once a facility identifies a potential vulnerability, facility management <u>may</u> establish or adjust an internal policy or procedure, or seek appropriate professional guidance to explore options available to address the vulnerability.

There is no right or wrong answer for these questions, but the honest answers will assist with establishing a more honest assessment. Ultimately, the follow-up actions and next steps are based solely on each organization.

For additional resources and information please contact MEMA Critical Infrastructure Protection Officer at daisy.mueller@maine.gov call 207-624-4400.

DATE OF ASSESSMENT:	
DAIL OI ASSESSIVILIVI.	

SECTION I: ORGANIZATION & CONTACT PERSON INFORMATION			
Organization Name:			
Street Name/Number:			
City/Town/Zip:			
Contact Person's Name:			
Contact Person's Title:			
Contact Person's Phone:			
Contact Person's Email:			

SECT	TION 2: ASSESSMENT INFORMATION			
Date	e of Assessment:			
	t agencies participated in the assessment?  First Responders?)			
Has	another facility assessment ever been completed?	Yes No No		
Has	a threat assessment ever been completed?	Yes No No		
	your insurance provider been contacted about participating in ssessment?	Yes No No		
SECT	TION 3: FACILITY INFORMATION			
1.	What year was the facility built?			
2.	What type of structure is the facility?			
3.	What is the square footage of the facility?			
4.				
5.	How many full-time staff does the organization employ?			
6.	6. How many part-time staff and volunteer leaders does the organization have?			
7.	7. What is the highest population/attendance at any given time?			
8.	8. What is the average population/attendance throughout the day?			
9.	Does your facility have an Emergency Operations Plan (EOP)?	Yes No No		
10.	Has your facility experienced any incidents of vandalism or painting of graffiti? (Removal of graffiti sends a message that the facility is maintained and security conscious.)	Yes No No		
	ity Information ments:			
CECT	FIGN 4. BUILDING IDENTIFICATION AND ACCESS CONTROL			
1.	ION 4: BUILDING IDENTIFICATION AND ACCESS CONTROL  Is your facility visible from the street during both the day and night so that			
	police/security patrols can conduct external security checks? (A well-maintained facility projects a deterrence message to potential criminals.)	Yes No No		
2.	Are entry points to your facility/business physically supervised?  (Individuals should be met, or announced, when they enter your building.)	Yes No No		
3.	Do all of your staff, volunteer leaders, visitors, and vendors wear identification credentials while on premises?  (Use of visible identification allows for rapid evaluation of individuals in sensitive areas.)	Yes No N/A		
4.	Are visitors asked to provide proof of identification? (This technique helps prevent misrepresentation of individuals claiming to be utility workers, police officers, etc. When in doubt, verify with the responsible agency.)	Yes No N/A		
5.	Are visitors provided with visitor passes?	Yes No N/A		
6.	Are visitor passes designed to look different from staff identification?	Yes No N/A		

7.	Are visitor passe	Yes No N/A		
8.	Do your staff che identification cro (This technique is an econscious.)	Yes No No		
9.	Are signs used to prevent unauthor	Yes No N/A		
10.	Are doors to crit authorized person	Yes No N/A		
11.	Are doors to util	ity, mechanical, electrical, and telecom rooms secured?	Yes No N/A	
12.	Is access to inter	ior space from the roof with secured with high-security locks?	Yes No N/A
