Message from Sprint

March 31, 2020

Due to unexpected higher call volumes, please stay on the line for the next available relay operator. Do not hang up and call back. This will result in longer wait times. Se encuentra un aumento de llamadas en este momento. Por favor espera en línea para un operador disponible. No se cuelgue para devolver la llamada porque resultará en tiempos de espera más largos.

Helpful Tips for Using Your CapTel Phone During Covid-19

March 26, 2020

CapTel users are accustomed to picking up the phone and having an immediate connection. Due to the national public health crisis, however, we are experiencing an unprecedented number of calls that may cause a longer wait time to access a CapTel operator.
