

TIPS TO REDUCE ROBOCALLS

CHECK THE DO NOT CALL REGISTRY

Verify that your number is on the registry or add phone numbers by visiting www.donotcall.gov or calling 1-888-382-1222 from the phone you want to register.

CONTACT YOUR TELEPHONE PROVIDER

Some telephone companies offer call screening or call blocking products. These products may be included in your monthly price or available for an additional fee.

ADD AN APP

After-market applications are helping slow the increasing number of telemarketing calls. There are free options, as well as more comprehensive plans with a monthly charge. Check out some options at <https://www.fcc.gov/call-blocking>.

REPORT UNWANTED CALLS

Complaints may also be filed with several agencies and associations:

- Federal Communications Commission – 1-888-CALL-FCC (1-888-225-5322)
- Federal Trade Commission – 1-877-FTC-HELP (1-877-382-4357)
- AARP Fraud Watch – 877-908-3360
