**2017 MAINE INTEGRATED YOUTH HEALTH SURVEY
K/3 Detailed Report - Maine (weighted)**

An Asthma Action Plan, sometimes called an Asthma Management Plan, is a printed form with asthma treatment directions from your child's doctor. It tells you what asthma medications your child should take and what asthma "triggers" your child should avoid. It also tells you how to know if your child's asthma is getting worse and what to do if it gets worse, such as when to change the amount or type of medicine and when to call the doctor or go to the emergency room. Has a doctor, nurse, or asthma educator ever given you an Asthma Action Plan for your child? (kn15a)

Among parents who reported their child had asthma in kn8, percentage of parents who answered 'Yes'
