**TALLY OF MAJORITY SIGN-UP AUTHORIZATIONS**

On February 20, 2024, the Teamsters Local Union No. 340 (Union) filed with the Maine Labor Relations Board a Petition for Bargaining Agent Certification by Majority Sign-up (Petition) to represent certain employees of MSAD No. 60 (Employer) for the purposes of collective bargaining. The proposed bargaining unit is reflected below:

**Included:** All Full Time Bus Drivers, Mechanics, and Assistant Mechanics.

**Excluded:** All other employees of MSAD No. 60.

With the petition, the Union submitted a number of cards signed by individuals designating and authorizing the Union to serve as their bargaining agent. The deadline for the Employer to respond with a roster of the employees currently encumbering the proposed bargaining unit positions or otherwise object to the petition was March 6, 2024. The Employer did not provide any response or objection. Therefore, the cards submitted by the Union which include the name, signature, date of signature, contact information, position title, and employer of the proposed bargaining unit employees are presumed to be accurate. On March 7, 2024, the undersigned Executive Director of the Maine Labor Relations Board conducted a review of the authorization cards to determine if a majority of eligible employees in the proposed bargaining unit authorized the Union to serve as their bargaining agent.

**REVIEW OF SUBMITTED AUTHORIZATIONS**

Number of employees in proposed bargaining unit	<u>33</u>

**CERTIFICATION**

Having reviewed the signed authorization forms, I have determined that a majority of the employees in the proposed bargaining unit designated Teamsters Local Union No. 340 as their exclusive agent for the purposes of collective bargaining. As a result, I, Neil P. Daly, Executive Director of the Maine Labor Relations Board, certify Teamsters Local Union No. 340 as the exclusive bargaining agent of the employees in the bargaining unit described above.

\* One authorization card was dated January 10, 2023. Chapter 11, Section 8 of the MLRB Rules indicates that a card dated more than six months prior to the filing of the petition is invalid for the purposes of calculating whether a majority of employees authorized a particular bargaining agent to serve as their representative. While there exists the likelihood the employee mistakenly dated the card given the proximity to the new year, I excluded the card without further consideration given that it was not determinative in finding a majority.
