## ARTICLE 4 - HOURS OF WORK

### A. Regular Hours

Due to the variation in services provided by the City, hours per work week may vary among the Departments. The City will make a responsible effort to prevent work scheduling that will cause irregular hours of work.

#### 1. Work Week

Each current employee's work week shall be maintained unless a fourteen (14) calendar day written notice is given to the employee and the Union stating a change. Each employee's schedule, however, may normally allow for two (2) consecutive days off.

#### 2. Work Day

The regular hours of work each day shall be consecutive except they may be interrupted by a lunch break. Split shifts will, however, be allowed by mutual consent of the employee and supervisor. Those employees who currently work a straight shift uninterrupted by a duty free lunch period shall be allowed to continue this practice.

#### 3. Work Shift

An employee's regularly scheduled hours of work within a twenty-four (24) hour period shall constitute the regular work day. The beginning of an employee's normal work shift shall be considered the start of the twenty-four (24) hour period.

#### 4. Work Schedule

Work schedules showing the employee's shifts, work days, and hours shall be maintained in each Department by the Department Head. Except for emergency situations, work schedules may be changed only in accordance with section A.1. above. The department heads may in their discretion permit employees within the department to work flexible or irregular hours and schedules, subject to written confirmation, and if so the department head will treat all employees equitably. However, the department head is under no obligation to permit such "flextime"

arrangements and shall always have the right to require employees to work the hours necessary to provide services to the public. Any concerns related to the equitable implementation of this Article, the Union shall address their concerns to the Human Resource Director.

B. Rest Periods

For each four (4) hours of scheduled work, an employee shall be provided up to a fifteen (15) minute paid rest break. Employees will be allowed to take a 30 minute unpaid lunch break each day.

An employee who is called in during a scheduled vacation shall be paid time and one half (1 ½) his/her hourly rate in addition to their vacation pay for all hours worked.

2. Overtime may be paid in wages or compensatory time provided the employee and the supervisor agree in advance of the employee performing the work whether the payment will be in time or wages. If the employee and the supervisor are unable to agree prior to work being performed and the employer determines the work needs to be completed; the payment will be in overtime wages.

3. No more than twenty four (24) hours of compensatory time may accrue at any time. Employees must be paid in wages for all overtime after twenty-four (24) hours of compensatory time has accrued.

Use of accrued compensatory time shall be scheduled so as not to interfere with the work requirements of the City as determined by the Department Head or City Manager. C. Upon separation from service, employees shall be paid for all accrued vacation time.

Employees may take 2 or more consecutive weeks of vacation at one time with a minimum of six weeks advance notice. Final approval of vacation shall be by the Department Head. Vacations shall be scheduled so as not to interfere with the work requirements of the City as determined by the Department Head. If two or more employees request vacation for the same time period and all vacation requests cannot be honored, seniority will determine whose request is granted.

immediate non-bargaining supervisor shall respond to vacation requests within two weeks of receiving the request. Once a vacation has been approved for an employee, that approved leave cannot be denied to grant a vacation leave request made by a more senior co-worker.

The vacation accrual for an employee who returns to work with a reduced work schedule and who has exhausted his/her FMLA benefits for a serious health condition (as defined by FMLA) shall have their vacation time accrue and calculated on the number of hours worked per week until the employee is able to return to his/her normally scheduled work week.

Such written notice must contain an appeal which is responsive to the answer received at step 3. The hearing is to be scheduled within fourteen (14) business days from the receipt of the notice. The City Council shall respond to the Union and/or aggrieved employee(s) in writing within fifteen (15) business days after the hearing. Failure of either party to respond to the other or to request a time extension shall mean any and/or all of the names suggested by the opposite party are acceptable. At any time in this step, the parties may mutually agree to utilize the services of the Labor Relations Connections or a Regional Pool of Arbitrators to hear the grievance.

2. The decision of the arbitrator(s) shall be final and binding on the parties. The arbitrator shall have no power or jurisdiction to add to, alter, or subtract from the express terms of this Agreement, and shall be confined to applying the terms of this agreement to the specific facts of the case presented. The arbitrator shall be without authority or power to make any decision that is in violation of law or expands the terms of this Agreement.

3. The expenses for the arbitration services and/or proceedings shall be borne equally by the City and the Union. Each party shall be responsible for compensating its own representatives and witnesses and any other expenses involved attributed to one party or the other. If the American Arbitration Association is used, the AAA fees shall be split evenly between the parties.

The Union may on behalf of an employee or group of employees submit a request for a classification or allocation review when in good faith, the Union can make a reasonable case the job has taken on substantial or significant changes sufficient to warrant a compelling argument that the job change raises a reasonable and fair question as to the appropriate classification of the position. The City will consider the request in good faith but the final decision remains that of the City. However, the Union may request to negotiate the impact of any significant changes made by the City.
