

**Bendable Maine**

Names: \_\_\_\_\_

Libraries represented: \_\_\_\_\_

If there were three things we needed to know about Mainers, what would they be? Elaborate.

Describe the people/culture of Maine in three words.

**The driving question:** How will Bendable reflect Mainers' cohesive identity while addressing the needs of local communities?

**The activity:** Please brainstorm 3-5 ways to break up Bendable's design and implementation.

**The charge:** Be creative. Think geographically, demographically, psychographically—if it ends in -graphically, it's probably welcome in this exercise.

**The hard part:** We can only choose one. After we've had some time to brainstorm, we'll use a few lenses to prioritize.
