

Make a BUTTERFLY

MATERIALS PROVIDED: Clothes Pin, Coffee Filter, Pipe Cleaner

FROM HOME: Washable markers and a spray bottle for water

STEP 1: Flatten the coffee filter and color with markers.

STEP 2: Hold up the coffee filter and spray with water—2 to 3 sprays should be enough. The more times the filter is sprayed, the more the colors will run together. (If you are patient, spray once and watch the colors run together and then repeat.)

STEP 3: Let the filter dry. Should take about 15-30 minutes.

STEP 4: Once the filter is dry, bunch it in the middle. Put the clothes pin around the middle.

STEP 5: Use the pipe cleaner to make two antennas. Decorate the clothes pin to make the head and body of your butterfly.
