

# Rainbow Weaving Fish

**Materials Included:** Rainbow colored paper, googly eye (optional), black or white card stock.

**From home:** Scissors, glue

Step 1: Start by cutting strips of the colored paper (using the long side).

Step 2: Cut out the shape of a fish with card stock paper and fold it in half.

Step 3: Use scissors to cut slits close together.

Step 4: Weave the colored pieces of paper through and trim the top and bottom to look like fish fins. Add the extra scraps around the body and add yellow ones on the tail.
