MEMORANDUM

**TO:** Governor Janet T. Mills  
Members, Legislative Council  
Members, Joint Standing Committee on Appropriations and Financial Affairs  
Members, Joint Standing Committee on Taxation

**FROM:** Commissioner Kirsten LC Figueroa  
Department of Administrative and Financial Services

**DATE:** March 19, 2021

**SUBJECT:** Revenues – February 2021

\*\*\*\*\*

February General Fund revenues were over budget by \$135.0 million or 92.7 percent. For the first eight months of the fiscal year, fiscal year 2021 General Fund revenues are over budget by \$287.2 million or 11.6 percent.

*Approximately \$97 million of the monthly and year-to-date positive variance is because of the IRS' delay, by approximately one month, of the start of the Federal tax filing season. As a result, fewer individual income tax returns that necessitate refunds have been filed and, thus, issuance of refund payments have not offset revenues to the same extent as anticipated. Most, if not all, of the February variance in income tax refunds should be reversed in March.*

Compared to the same eight-month period last fiscal year, General Fund revenues are up by 8.5 percent (\$216.2 million). Adjusting for the timing of refunds and the increase in revenue sharing, General Fund revenues are over budget for the year by \$140.0 million, and up by 5.5 percent compared to the same period of fiscal year 2020.

January taxable sales (February revenue) increased 14.6 percent over last year. Excluding restaurant and lodging sales, January taxable sales were up 18.6 percent. For the month, sales and use and service provider taxes, combined, were \$23.7 million over budget. Consumer sales increased by 17.3 percent over a year ago, likely buoyed by stimulus checks received as a result of the federal stimulus legislation enacted in December 2020. Once again, restaurant and lodging were the only categories exhibiting significant declines from a year ago, and, as is the case nationally, the industry continues to struggle amid the pandemic.

The year-over-year (YOY) declines in lodging and restaurant sales were 7.4 and 15.9 percent, respectively. The relatively strong showing by the lodging category is because of sales through Transient Rental Platforms as households begin to lock in summer vacation rentals anticipating a more normal summer tourism season. General merchandise stores increased by 19.0 percent compared to last January. Auto/transportation posted YOY growth of 16.3 percent, and for the second consecutive month more than 16 percent YOY growth. Other retail sales grew by 43.0 percent as ecommerce likely benefited from the \$600 stimulus checks as well. Building supply stores continue to have strong demand for their products, increasing by 27.6 percent. Business operating sales increased in January by 10.2 percent over a year ago.

Individual income tax receipts were over budget in February by \$115.0 million (403.0 percent). Adjusting for the \$97.0 positive variance associated with the timing of refunds, the monthly variance would be \$18 million, a positive variance of 63 percent. Withholding (\$16.2 million) and estimated payments (\$2.6 million) account for the rest of the monthly variance. The December federal stimulus bill included a weekly \$300 increase in unemployment (UI) benefits like the \$600 enhanced benefit that was part of the CARES Act. The enhanced UI benefits represent a portion of the monthly surplus on the withholding line.

Corporate income tax receipts were slightly under budget in February by \$0.9 million. \$1.5 million of the monthly variance was from final payments being under budget. Refunds were over budget for the month by \$0.7 million. Estimated payments were over budget by \$1.3 million to help lower the net deficit for February.

### Sales and Use Tax

Revenue was \$24.3 million over budget for the month (25.0 percent) and is over budget for the fiscal year by \$57.9 million (5.2 percent). Year-to-date, fiscal year 2021 revenue is \$47.4 million or 4.2 percent more than fiscal year 2020 collections.

### Taxable Sales

Total taxable sales for the month of January (February revenue) were 14.6 percent higher than January 2020. The annual rate of change was 4.2 percent. Building supply sales increased 27.6 percent for the month and were up 21.0 percent for the last 12 months. Sales of taxable items in food stores increased by 6.0 percent for the month and were up 6.1 percent for the year. General merchandise sales (primarily sales of goods sold in large department and discount stores) were up 19.0 percent for the month and down 3.3 percent for the year. Sales by remote sellers and other retail stores such as jewelry, drug, sporting goods, book, antique, pet, photo, toy, and craft stores were up 43.0 percent for the month and up 39.1 percent for the year. Auto/transportation sector sales increased 16.3 percent for the month and increased 4.0 percent for the year. Restaurant sales decreased 15.9 percent compared to the same month a year ago and were down 27.0 percent for the calendar year. Lodging sales decreased 7.4 percent compared to last January and were down 35.8 percent for the calendar year. Business operating sales (primarily use tax paid by businesses) increased 10.2 percent for the month and were up 5.3 percent for the year.

### Service Provider Tax

Revenue was under budget for the month by \$0.6 million. For the first eight months of fiscal year 2021 revenue is \$2.7 million or 7.1 percent under prior fiscal year collections.

### Individual Income Tax

Revenue was \$115.0 million or 403.0 percent over budget for the month. Compared to the same eight-month period last fiscal year individual income tax receipts are up 16.1 percent (\$183.5 million). Withholding receipts for fiscal year 2021 are now up 8.4 percent. As described above, \$97.0 million of the monthly surplus is from the 2021 tax filing season being delayed and refunds being well below projections. March refunds should bring year-to-date refunds much closer to budget.

### Corporate Income Tax

Revenue was under budget for the month by \$0.9 million or -29.3 percent. Year-to-date corporate income tax revenue is up by \$11.7 million (9.5 percent) compared to the same eight-month period a year ago.

### Cigarette and Tobacco Taxes

Cigarette and tobacco products tax revenue was \$2.1 million under budget for the month and \$1.9 million under for the fiscal year. Year-to-date, cigarette and tobacco tax revenues are up \$5.0 million (5.7 percent) compared to the same eight months of fiscal year 2020. Most of the year-to-date negative variance is from the adult-use marijuana excise tax being under budget by \$1.8 million, likely due to the later than anticipated launch of this program due to the impacts of COVID-19.

### Insurance Companies Taxes

The Insurance Companies Tax was over budget for the month by \$0.4 million. Year-to-date the insurance companies' tax is up 2.3 percent compared to last fiscal year.

### Estate Tax

The estate tax was \$0.841 million over budget for the month. Year-to-date, estate tax receipts are down 12.9 percent (-\$2.5 million) compared to last fiscal year.

### Property Tax Relief Programs

Refunds for the Business Equipment Tax Reimbursement (BETR) and Business Equipment Tax Exemption (BETE) programs were \$1.2 million under budget in February. Year-to-date property tax relief payments are \$4.0 million over budget. The overage for the fiscal year is because of faster processing of BETR reimbursements.

### Municipal Revenue Sharing

Revenue sharing was over budget in February by \$3.4 million and for the fiscal year by \$5.5 million. For the fiscal year revenue sharing is \$24.7 million higher than last year (31.5 percent). The increase in revenue sharing from 3.0 percent to 3.75 percent contributes to the increase compared to a year ago.

### Lottery

Lottery revenues were under budget for the month by \$0.3 million or 5.9 percent. Compared to last fiscal year, lottery revenue is \$6.1 million higher (14.1 percent).

## Other Taxes and Fees

Other taxes and fees were over budget for the month of February by \$0.6 million. Year-to-date other taxes and fees are over budget by \$1.4 million.

## Highway Fund

Motor fuel excise tax receipts were under budget in February by \$1.1 million (6.1 percent). The Highway Fund, in total, was over budget for the month by \$0.7 million (2.9 percent). Motor fuel excise tax receipts are down 9.2 percent compared to the same eight-month period of fiscal year 2020. Demand for gasoline and special fuels has improved since the initial decline in mid-March and April of last year but remains approximately 5-10 percent below last year.

## National Economy

With passage of the American Rescue Plan Act of 2021 (ARP21) economists are now increasing their forecasts for 2021 economic growth. Some forecasters are now expecting real GDP growth as high as 8 percent in 2021. Economic growth of this rate hasn't been seen since the mid-1980s. With \$1,400 stimulus checks now going out and the \$300 enhanced Unemployment Insurance benefit extended through Labor Day the economy will receive a demand side boost, and a supply side benefit as the vaccine roll out allows states to open service sector businesses in time for the summer vacation season.

## Maine Economy

The Maine Consensus Economic Forecasting Commission is scheduled to meet on March 30<sup>th</sup> to prepare their statutorily required April 1, 2021 economic forecast update to the Governor and Legislature. The new economic forecast will be provided to the MRS Office of Tax Policy and will, as required by statute, be used to develop recommendations for the major tax revenue lines to the Revenue Forecasting Committee (RFC). The RFC will meet at the end of April to prepare their May 1<sup>st</sup> revenue forecast for the Governor and Legislature.

NOTES:

- (1) Included in the above is \$16,384,232 for the month and \$103,170,536 year to date, that was set aside for Revenue Sharing with cities and towns.
- (2) Figures reflect estimates of the Maine State Revenue Forecasting Committee approved in December 2020, laws enacted through the end of the 130th Legislature, 1st Regular Session for all laws and any emergency laws.
- (3) The Fiscal Year to Date figures above include adjustments of (\$257,992,054) for Individual Income Tax and (\$46,788,400) for Corporate Income Tax to reflect the reversal of amounts accrued in April and June for which collections were deferred until July 15th in response to the COVID-19 pandemic.
- (4) This report has been prepared from preliminary month end figures and is subject to change.
