

STATE CONTROLLER'S BULLETIN

Douglas E. Cotnoir, CPA, CIA
State Controller

Kirsten LC Figueroa, Commissioner
Administrative & Financial Services

Bulletin #FY25-03

SUBJECT: Mileage Allowance Increase

DATE: November 1, 2024
TO: All Departments and Agencies
FROM: Douglas E. Cotnoir, CPA, CIA State Controller

The mileage allowance for use of personal vehicles on State business will increase, effective November 1, 2024 in accordance with the most recently ratified collective bargaining agreements. Effective November 1 of every calendar year, the mileage allowance will be calculated as 80% of the federal rate in effect as of October 1 of that same year, rounded up to the nearest cent. Following are the new mileage rates and their respective effective dates:

Effective with dates of travel on or after November 1, 2024, the privately-owned vehicle (POV) mileage reimbursement rate is **\$0.54** per mile.

- For dates of travel **prior to the new effective date**, the POV mileage reimbursement rate remains **\$0.50** per mile.
- Employees who are disabled and use their own personal adapted vehicle on State business, shall receive the current mileage reimbursement **plus an additional ten cents (\$0.10)** per mile.
- The State retains the right to require employees to use State vehicles in lieu of mileage reimbursement.

Title 5 §8 also establishes a mileage reimbursement rate for employees and state officers and officials not subject to a collective bargaining agreement or for those agreements that do not specify a mileage reimbursement rate. Effective July 1, 2021, the statutory mileage rate is defined as the lower of the rate included in the bargaining agreement representing the most employees or the federal rate of reimbursement, for miles actually traveled on state business. **This rate increases to \$0.54 per mile, effective November 1, 2024.**
