Note 1 - Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices, Impact of NAIC/State Differences

The accompanying financial statements of Maine Employers' Mutual Insurance Company (Company) have been prepared on the basis of accounting practices prescribed or permitted by the Maine Bureau of Insurance.

The State of Maine requires insurance companies domiciled in the State of Maine to prepare their statutory financial statements in accordance with the National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* subject to any deviations prescribed or permitted by the Maine Bureau of Insurance. The Maine Bureau of Insurance recognizes only statutory accounting practices prescribed or permitted by the State of Maine for determining and reporting the financial condition and results of operations of an insurance company, and for determining its solvency under Maine Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Maine. There are no differences between the Company's net income, capital and surplus as recognized under NAIC SAP and the practices prescribed and permitted by the State of Maine.

B. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in these financial statements and notes. Actual results could differ from these estimates.

C. Accounting Policies

Direct, assumed and ceded premiums are earned over the terms of the related policies and reinsurance contracts. Unearned premiums are established to cover the unexpired portion of premiums written. Such reserves are computed by using pro rata methods for direct and ceded business and are based on reports received from ceding companies for reinsurance assumed. Premiums receivable are primarily due from agents and policyholders and are charged off when specific balances are determined to be uncollectible. The Company writes audit and may write retrospective business which results in premiums being billed in arrears. Estimates are made of ultimate annual premiums to be paid on these variably priced policies and accruals made for any additional premiums to be collected or refunded. These accruals are reflected within premiums receivable as earned but unbilled premiums or accrued retrospective premiums.

Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

Net investment income earned consists primarily of interest and dividends less investment related expenses. Interest is recognized on an accrual basis and dividends are recognized on an ex-dividend basis. Net realized capital gains (losses) are recognized on a specific identification basis when securities are sold, redeemed or otherwise disposed. Realized capital losses include writedowns for impairments considered to be other than temporary.

In addition, the Company uses the following accounting policies:

1. Short-term investments are stated at amortized value using the interest method. Non-investment grade short-term investments are stated at the lower of amortized value or fair value.

2. Investment grade non-loan-backed bonds with NAIC designations 1 or 2 are stated at amortized value using the interest method. Non-investment grade non-loan-backed bonds with NAIC designations of 3 through 6 are stated at the lower of amortized value or fair value. See paragraph 6 for loan-backed and structured securities.

3. Common stocks, other than investments in stocks of subsidiaries and affiliates, are stated at fair value. Investments in stocks of uncombined subsidiaries and affiliates in which the Company has an interest of 20% or more are carried on the equity basis.

4. The Company does not currently hold any investment or non-investment grade perpetual or redeemable preferred stocks.

5. The Company does not have any mortgage loans on real estate.

6. U.S. government agency loan-backed and structured securities are valued at amortized value. Other loan-backed and structured securities are valued at either amortized value or fair value, depending on many factors including: the type of underlying collateral, whether modeled by an NAIC vendor, whether rated (by either NAIC approved rating organization or NAIC Securities Valuation Office), and relationship of amortized value to par value and amortized value to fair value.

7. Investment in subsidiaries and affiliated companies are stated as follows:
Insurance subsidiaries (MEMIC Indemnity Company and MEMIC Casualty Company) are stated at statutory equity value. The Company carries MEMIC Services, Inc., a 100% owned, non-insurance subsidiary at a statutory equity balance of $(329,395) and Casco View Holdings, LLC (CVH), a 100% owned, non-insurance subsidiary at a US GAAP equity balance of $20,952,649.

8. The Company has a minor ownership interest in a joint venture. The Company carries its interests in the joint venture at US GAAP equity of the investee.

9. The Company does not currently participate in any derivative transactions.

10. The Company anticipates investment income as a factor in the premium deficiency evaluation.

11. Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amounts are adequate, the ultimate liabilities may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.

12. The Company has a written capitalization policy for prepaid expenses and purchases of items such as electronic data processing equipment, software, furniture, other equipment, and leasehold improvements. Effective January 1, 2016, the Company modified its capitalization policy. Data processing equipment, operating system software, and non-operating system software, with a useful life of greater than one year and in excess of $3,000 per item including tax, shipping, and installation are capitalized and depreciated over their useful life. Prior to January 1, 2016, the capitalization threshold for these categories was $1,500 per item including tax, shipping, and installation. Effective September 1, 2016, the Company modified its prepaid asset policy. Maintenance contracts, computer licenses, and other miscellaneous amounts paid in advance and in excess of $10,000 are considered prepaid expenses and amortized over the specific contract terms. Prior to September 1, 2016, the prepaid asset threshold for these categories was $3,000 per item.

13. Not applicable as the Company does not write major medical insurance with prescription drug coverage.

D. Going Concern

Management did not note any specific conditions beyond those factors inherent in insurance, such as investment management, underwriting and claims management, that raised any doubt about the Company's ability to continue as a going concern. Management believes the Company is in a position to meet future obligations as they come due. The Company maintains a high-quality fixed income portfolio, adequate reinsurance retention and consistent underwriting and claims management practices. Based upon its evaluation of relevant conditions and events, management does not have substantial doubt about the Company's ability to continue as a going concern.

1. Prepayment assumptions for loan-backed and structured securities were obtained from broker dealer survey values or internal estimates.

2. The following table summarizes by quarter other-than-temporary impairments (OTTI) for loan-backed securities recorded during the year because the Company had either the intent to sell the securities or the inability or lack of intent to retain as cited in the table:

m. Annual aggregate total		NONE	

3. The following table summarizes other-than-temporary impairments (OTTI) for loan-backed and structured securities held at the end of the year recorded based on the fact that the present value of projected cash flows expected to be collected was less than the amortized cost of the securities. There was no other-than-temporary impairment recorded during 2016 on loan backed or structured securities:

1 CUSIP	2 Amortized Cost Before Current OTTI	3 Present Value of Projected Cash Flows	4 Recognized OTTI	5 Amortized Cost After OTTI	6 Fair Value at Time of OTTI	7 Date of Financial Statement Where Reported
Total			NONE			

4. Loan-backed and structured securities in unrealized loss positions as of year-end, stratified based on length of time continuously in these unrealized loss positions, are as follows:

a. Aggregate amount of unrealized loss	
1. Less than twelve months	1,623,419
2. Twelve months or longer	90,201
3. Total	1,713,620
b. Aggregate fair value of securities with unrealized loss	
1. Less than twelve months	89,103,821
2. Twelve months or longer	2,529,594
3. Total	91,633,415

5. All loan-backed and structured securities in an unrealized loss position were reviewed to determine whether other-than-temporary impairments should be recognized. The Company asserts that it has the intent and ability to hold these securities long enough to allow the cost basis of these securities to be recovered. These conclusions are supported by a detailed analysis of the underlying credit and cash flows of each security. Unrealized losses are primarily attributable to credit spread widening and increased liquidity discounts. It is possible that the Company could recognize other-than-temporary impairments in the future on some of the securities, if future events, information, and the passage of time cause it to conclude that declines in value are other-than temporary.

E. Operating Loss and Tax Credit Carryforwards and Protective Tax Deposits

1. At December 31, 2016, the Company did not have any unused operating loss carryforwards available to offset against future taxable income.

2. The following is income tax expense for 2016 and 2015 that is available for recoupment in the event of future net losses:

Year	Amount
2016	372,289
2015	569,814

3. The Company did not have any protective tax deposits under Section 6603 of the Internal Revenue Code.

F. Consolidated Federal Income Tax Return

As of December 31, 2016 and 2015, the Company has no uncertain tax positions requiring disclosure in these financial statements. Had the Company identified such positions, these amounts would be evaluated and disclosed or accrued. Liabilities would be reflected on the statement of financial position and the related interest and penalties would be included on the statement of income as underwriting expenses.

As of December 31, 2016, the Company incurred AMT of $0 on a stand-alone basis and consolidated basis.

1. The Company’s federal income tax return is consolidated with the following entities:
   Casco View Holdings, LLC, a 100% owned non-insurance entity,
   MEMIC Indemnity Company, a 100% owned Property/Casualty insurance subsidiary,
   MEMIC Casualty Company, a 100% owned Property/Casualty insurance subsidiary, and
   MEMIC Services, Inc., a 100% owned non-insurance services subsidiary

2. The Company has a written agreement which sets forth the manner in which the total combined federal income tax is allocated to each entity which is a party to the consolidation. Pursuant to this agreement, the Company has a right to recoup federal income taxes paid in prior years in the event of future net losses, or to recoup its net losses carried forward as an offset to future net income subject to federal income taxes. Intercompany tax balances are settled within the terms of the written agreement.

G. Federal or Foreign Federal Income Tax loss Contingencies

The Company does not have any tax loss contingencies for which it is reasonably possible that the total liability will significantly increase within twelve months of the reporting date.

Note 10 - Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

A. Nature of Relationships

The Company owns 100% of the common stock of MEMIC Indemnity and MEMIC Casualty, property/casualty insurance companies licensed to write workers' compensation insurance which are domiciled in New Hampshire. As of January 1, 2015, MEMIC Casualty changed its state of domicile from Vermont to New Hampshire. The Company also owns 100% of the common stock of an insurance services subsidiary, MEMIC Services, Inc. and 100% of the member interest in Casco View Holdings, LLC, a real estate holding company.

B. Detail of Transactions Greater than ½% of Admitted assets

In 2000, the Company capitalized MEMIC Indemnity Company (MEMIC Indemnity) with a $12,000,000 investment and supplemented its original investment by contributing an additional $86,000,000 consisting of non-cash contribution of bonds and cash, between 2001 and 2014. As a result of the contribution of the non-cash contribution of bonds contributed at fair value during 2014 and 2013, the Company recognized a deferred gain in surplus since the realized component of the difference between the fair value and book/adjusted carrying value as of the date of transfer cannot be recognized under SSAP No. 25 until the transferred securities mature or are sold by MEMIC Indemnity. A deferred gain of $795,044 remains as a deferred gain in capital and surplus as of December 31, 2016. An additional $6,000,000 was contributed during 2015 as a cash contribution. To date, the Company has contributed $104,000,000 to MEMIC Indemnity.

The Company charges management fees and other services to MEMIC Indemnity in the normal course of business in accordance with the terms of certain cost sharing agreements. In 2016 and 2015, the Company charged MEMIC Indemnity approximately $22,411,571 and $18,098,366, respectively, for administrative and management services, underwriting, claims, loss control, managed care, and investment management fees and was charged $415,572 and $359,236, respectively, for premium audit and other claims services that were provided from MEMIC Indemnity. Certain other direct costs are paid by the Company, charged back to MEMIC Indemnity and settled within the terms of the written cost sharing agreements.

The Vermont Department of Financial Regulation, acting as rehabilitator, converted the former Granite Manufacturers' Mutual Indemnity Company (GMMIC) to a stock company and on December 12, 2011 the Company purchased the company, formerly known as GMMIC, a property/casualty insurance company licensed to write workers' compensation insurance. In conjunction with the transaction, GMMIC was renamed to MEMIC Casualty Company (MEMIC Casualty). There are no outstanding liabilities associated with this former incorporation. MEMIC Casualty is licensed to write workers' compensation insurance in Connecticut, Florida, Maryland, New Hampshire, New York, North Carolina, Pennsylvania, South Carolina, Vermont and Virginia and commenced writing policies in May 2012. The Company contributed capital of $4,622,576 and a $561,375 bond towards its original investment in MEMIC Casualty during 2011.

In December 2013, the Company contributed additional capital of $4,000,000 in fixed income securities and cash, noted as a change in common stock, to MEMIC Casualty. The $4,000,000 capital contribution to MEMIC Casualty includes $3,849,683 non-cash contribution of bonds and $150,317 cash in 2013. As a result of the 2013 contributions at fair value of the fixed income securities the Company recognized a deferred gain in surplus since the realized component of the difference between the fair value and book/adjusted carrying value as of the date of transfer cannot be recognized under SSAP No. 25 until the transferred securities mature or are sold by MEMIC Casualty. A deferred gain of $142,677 remains as a deferred gain in capital and surplus as of December 31, 2016. To date, the Company has contributed $19,183,951 to MEMIC Casualty.

The Company charges management fees and other services to MEMIC Casualty in the normal course of business and in accordance with the terms of certain cost sharing agreements. In 2016 and 2015, there was $1,325,906 and $981,885 respectively, charged to MEMIC Casualty by the Company for such services for administrative and management services, underwriting, claims, and investment management fees. Certain other direct costs are paid by the Company and charged back to MEMIC Casualty and settled within the terms of the written cost sharing agreements.

In January 2010, the Company established a wholly owned subsidiary, Casco View Holdings, LLC (CVH). This entity was established for the management and ownership of current and future investments in real estate. On March 1, 2011, the Company invested an additional $5,100,000 in CVH. CVH invested 100% of the $5,100,000 in its wholly owned subsidiary, Casco View Holdings II, LLC (CVHII) for the purchase of the home office building of the Company which had previously been under a long-term lease with an unrelated party. In November 2013 the Company purchased a parcel of land and contributed the land and cash of $393,222 to CVH for an additional $2,500,000 investment. CVH invested 100% of the $2,500,000 in a new wholly owned subsidiary Casco View Holdings III, LLC (CVHIII). During 2014 the Company invested an additional $3,712,233 in CVH by contributing another commercial real estate property located in Portland, Maine, of which CVH invested the entire contribution into CVHIII. In October 2015, the Company invested an additional $1,000,000 in CVH for the sole benefit of investing in CVHII. CVHII used this additional capital contribution to service, in part, a mortgage note to a local bank whose principal balance was due in full. To date, the Company has invested $18,106,501 in CVH. CVH paid the Company $45,000 for management services during 2016 and 2015. In addition, the Company leased office space from CVH and paid $206,584 and $164,114 for rent and parking during 2016 and 2015, respectively. The Company also leased office space from CVHII and paid $1,010,130 and $858,870 for rent and parking during 2016 and 2015, respectively. The Company records its membership interests in CVH in Schedule BA, Other Invested Assets.

C. Change in Terms of Intercompany Arrangements

There were no changes during 2016.

D. Amounts Due to or from Related Parties

These arrangements are subject to written agreements which require that intercompany balances be settled within 45 days. The amounts due from or (to) affiliates are as follows:

MEMIC Casualty Company	(283,164)	(123,301)
Totals	3,679,103	2,211,026

E. Guarantees or Undertakings for Related parties

The Company has guarantees/commitments regarding all operations of MEMIC Services, Inc. The Company has recorded all amounts in the financial statements. The Company had also guaranteed the debt of the wholly owned subsidiary CVHII which was paid off in October 2015 (see Note 11).

F. Management, Service Contracts, Cost Sharing Arrangements

The Company has agreed to purchase agency services from MEMIC Services, Inc. the 100% owned insurance services affiliate. The Company has also agreed to provide certain administrative and management services, as well as underwriting, claims, loss control, managed care, and investment management fees to all insurance affiliates. The Company has agreed to provide administrative and management services to CVH.

G. Nature of Relationships that Could Affect Operations

As a result of the control relationship noted in A, B & C above, the operating results or financial position of the reporting entity would not be significantly different from those that would have been obtained if the enterprises were autonomous.

G. Consolidated / Holding Company Plans

The Company has adopted a qualified defined contribution pension, 401(k) and profit sharing plan (the Plan) covering substantially all full-time employees who meet the plans' eligibility requirements. If approved by the Board of Directors, the pension component of the defined contribution plan is determined to be 3-6% of the covered employees' annual eligible compensation. Employees become eligible to participate upon completion of three months of service and are fully vested in the plan after three years of service. The amount expensed for the pension related portion of the Plan was approximately $1,371,314 and $1,175,707 in 2016 and 2015, respectively.

The 401(k) and profit sharing portion of the Plan provides for a tax deferred profit sharing contribution by the Company and an employee elective contribution with a matching provision. In 2016 and 2015, with respect to the 401(k) component of the Plan, the Company will contribute an amount up to 100% of the employees' 401(k) contributions to a maximum of 5% of an employees' annual compensation. An employee's contribution may not exceed 60% of their annual salary or the maximum amount allowed as determined by the Internal Revenue Code. These Company contributions become fully vested after five years. The Company incurred approximately $1,086,888 and $967,193 of expense related to the 401(k) component of the Plan in 2016 and 2015, respectively. With respect to the profit sharing component of the Plan, each eligible participant may receive a profit sharing contribution in an amount to be determined by the Board of Directors not to exceed 6% plus an additional allocation for employees earning in excess of the taxable wage base. The Company incurred approximately $1,472,064 and $1,235,986 of expense related to the profit sharing component of the Plan in 2016 and 2015, respectively.

The Company sponsors a non-qualified, deferred compensation plan (the Compensation Plan) and trust for certain key executives providing for payments upon retirement, death or disability. The Compensation Plan permits eligible officers to defer a portion of their compensation. The Compensation Plan provides that, in the event of liquidation of the Company, all assets of the Compensation Plan will be available to meet the obligations of the Company. Included in both other invested assets and other liabilities are amounts of $15,941,276 and $14,354,399 at December 31, 2016 and 2015, respectively, related to the Compensation Plan. In accordance with NAIC SAP, the increase/ (decrease) in market value of the assets of the Plan are recorded into income or expense to the Company. The Company incurred approximately $687,112 and $567,677 of expense related to the Compensation Plan in 2016 and 2015, respectively.

The Company had maintained an Incentive Compensation Plan (the ICP) for certain members of senior management. Under the terms of the ICP, participants were awarded "surplus shares" at the discretion of the Executive Committee of the Board of Directors. Four classes of surplus shares had been awarded under the ICP, however, as of December 31, 2016, the Company has no outstanding shares for any of the four classes. The Company has incurred approximately $0 and $92,371 of expense related to the ICP in 2016 and 2015, respectively.

A Long Term Incentive Plan (LTIP) was established by the Compensation Committee of the Board of Directors (the Committee) effective January 1, 2007 for certain members of management and highly compensated individuals (participants). Participants are granted a fixed dollar base award (the "Award") contingent upon the anticipated growth of imputed surplus. The final earned amount of the Award is based on the actual growth levels of imputed surplus and is calculated upon imputed surplus as compared to Target, Threshold, and Maximum Growth levels for an applicable performance period, generally three years. The actual earned amount of the Award can range from Zero to 150% of the fixed dollar base Award. Participants vest in the plan over three years, or a shorter period, under certain established conditions. The Company has incurred approximately $139,569 and $597,070 of expense related to the LTIP in 2016 and 2015, respectively.

H. Postemployment Benefits and Compensated Absences

The Company has no obligations to current or former employees for benefits after their employment but before their retirement other than for compensation related to earned vacation pay. The liability for earned but untaken vacation pay has been accrued.

Note 13 - Capital and Surplus, Dividend Restrictions and Quasi-Reorganizations

1. Outstanding Shares

Not applicable

2. Dividend Rate of Preferred Stock

Not applicable

3. Dividend restrictions

Under the insurance regulations in Maine, the maximum amount of ordinary dividends that the Company may pay to policyholders in a twelve month period is limited to the greater of 10% of the most recent year-end policyholders' surplus or the net income for that same year-end excluding realized capital gains. Accordingly, the maximum amount of ordinary dividends that the Company may pay to policyholders during 2016 and 2015 is $39,335,932 and $39,385,841, respectively. Dividends above this amount would be deemed extraordinary and may not be paid unless 1) not disapproved by the Superintendent of Insurance of Maine within 30 days of receiving notice of the declaration thereof or 2) approved within that thirty day period.

4. Dates and Amounts of Dividends Paid

An ordinary dividend of $20,000,000 was declared by the Board of Directors on September 30, 2016. $20,000,000 of this dividend was paid to eligible policyholders in November 2016.

5. Amount of Ordinary Dividends That May Be Paid

Other than the limitations described above in paragraph 3, there are no limitations on the amount of ordinary dividends that may be paid other than the general restriction under the insurance regulations of Maine that no dividend (ordinary or extraordinary) may be declared or paid from any source other than unassigned funds without approval of the Superintendent of Insurance of Maine.

6. Restrictions on Unassigned Funds

There are no restrictions on the unassigned funds of the Company other than those described above in paragraphs 3 and 5 and these unassigned funds are held for the benefit of the owner and policyholders.

As authorized by specific provisions of State law, the Company was formed as a special purpose mono-line workers' compensation insurer without any initial capital or surplus. To provide capital, each of the Company's policyholders were required to make a Capital Contribution equal to a percentage of final audited premium, 15% for policies issued in 1993 and 10% for policies issued in 1994 and 1995. Capital contributions were based on estimated annual premiums and are subsequently adjusted based on actual cancellations and premium audits. The Company suspended the Capital Contribution charge for policies effective January 1, 1996 and later. In 1998, the Company received approval from the Maine Bureau of Insurance to return capital contributions to the extent authorized by the Board of Directors and the Maine Bureau of Insurance. Cumulative capital contributions remaining are $3,180,808 as of December 31, 2016 and 2015. The Company returned $0 of capital contributions during calendar years 2016 and 2015.

B. Assessments

1. Liability and Related Asset

The Company is subject to guaranty fund and other assessments by the states in which it writes business. Most assessments are recorded at the time the assessments are levied or, in the case of premium-based assessments, at the time the premiums are written or in the case of loss-based assessments, at the time the losses are incurred. Insurance company insolvencies in states where the Company writes business may result in guaranty fund assessments on future premiums. These assessments will be recorded as future premiums are written. Certain assessments that are unknown to the Company are accrued at the time of assessment.

The Company has accrued a liability for guaranty fund and other assessments of $925,993 and $1,300,355 and no related premium tax benefit asset at December 31, 2016 and 2015, respectively. The amounts recorded represent management's best estimates based on assessment rate information received from the states in which the Company writes business and the direct premiums written in those states. The liability is included in the taxes, licenses and fees liability and will be paid in the coming years. The following table would reflect the current year change in the premium tax benefit asset, however, the Company does not believe this premium tax benefit would be material.

G. Other Contingencies

At the end of the current year, the Company had $51,938,500 in admitted premiums receivable due from policyholders, agents and ceding insurers. The Company routinely assesses the collectability of these receivables. Based upon Company experience, any uncollectible premiums receivable as of the end of the current year are not expected to exceed non-admitted amounts totaling $1,841,352. The potential for any additional loss is not believed to be material to the Company's financial position and no additional provision for uncollectable amounts has been recorded.

Lawsuits arise against the Company in the normal course of business. Contingent liabilities arising from litigation, income taxes, and other matters are not considered material in relation to the financial position of the Company. The Company is contingently liable under certain immaterial structured settlement agreements (see note 27A).

Note 15 - Leases

A. Lessee Leasing Arrangements

1. The Company leases office space, various office equipment and vehicles under arrangements expiring through 2021. Total lease and rent expense was approximately $1,555,021 and $1,336,440 for the years ended December 31, 2016 and 2015, respectively. There are no contingent rentals, no terms of renewal or purchase options, escalation clauses or restrictions imposed by lease agreements.

2. Future minimum rental payments are as follows:

Year Ending December 31	Operating Leases
2017	1,516,592
2018	1,451,267

Note 20 - Fair Value Measurements

A. Inputs Used for Assets and Liabilities Measured and Reported at Fair Value

   1. Items Measured and Reported at Fair Value by Levels 1, 2 and 3

      The Company has categorized its assets and liabilities that are reported on the balance sheet at fair value into the three-level fair value hierarchy as reflected in the table below. The three-level fair value hierarchy is based on the degree of subjectivity inherent in the valuation method by which fair value was determined. The three levels are defined as follows.

      Level 1- Quoted Prices in Active Markets for Identical Assets and Liabilities: This category, for items measured at fair value on a recurring basis, includes exchange-traded preferred and common stocks. The estimated fair value of the equity securities within this category are based on quoted prices in active markets and are thus classified as Level 1.

      Level 2- Significant Other Observable Inputs: This category for items measured at fair value on a recurring basis includes bonds, which are not exchange-traded. The estimated fair values of some of these items were determined by independent pricing services using observable inputs. Others were based on quotes from markets which were not considered actively traded.

      Level 3- Significant Unobservable Inputs: The Company has no assets or liabilities measured at fair value in this category.

At the end of each reporting period, the Company evaluates whether or not any event has occurred or circumstances have changed that would cause an instrument to be transferred between Levels 1 and 2. This policy also applies to transfers into or out of Level 3 as stated in paragraph below.

2. Rollforward of Level 3 Items

The Company has no assets or liabilities measured at fair value in the Level 3 category so the following table does not apply.

Description	Beginning Balance at 1/1/2016	Transfers into Level 3	Transfers out of Level 3	Total Gains (Losses) Included in Net Income	Total Gains (Losses) Included in Surplus	Purchases	Issuances	Sales	Settlements	Ending Balance at 12/31/2016

3. Policy on Transfers Into and Out of Level 3

At the end of each reporting period, the Company evaluates whether or not any event has occurred or circumstances have changed that would cause an instrument to be transferred into or out of Level 3. During the current year, no transfers into or out of Level 3 were required.

4. Inputs and Techniques Used for Level 2 and Level 3 Fair Values

The Company has no assets or liabilities measured at fair value in the Level 3 category.

Bonds carried at fair value categorized as Level 2 were valued using a market approach. These valuations were determined to be Level 2 valuations as quoted market prices for similar instruments in an active market were utilized. This was accomplished by the use of matrix pricing. Matrix pricing takes quoted prices of bonds with similar features and applies analytic methods to determine the fair value of bonds held. Features that are inputs into the analysis include duration, credit quality, tax status, and call and sinking fund features.

5. Derivative Fair Values

B. Other Fair Value Disclosures

C. Fair Values for All Financial Instruments by Levels 1, 2 and 3

The table below reflects the fair values and admitted values of all admitted assets and liabilities that are financial instruments excluding those accounted for under the equity method (subsidiaries, joint ventures and ventures). The fair values are also categorized into the three-level fair value hierarchy as described above in Note 20A.

F. Subprime Mortgage Related Risk Exposure

1. Subprime Mortgage Exposures

The Company invests in several asset classes that could potentially be adversely affected by subprime mortgage exposure. These investments may include mortgage loans, mortgaged-backed securities and equity investments in financial institutions. The Company believes that its greatest exposure is to unrealized losses from declines in asset values versus realized losses resulting from defaults or foreclosures. Conservative lending and investment practices limit the Company’s exposure to such losses.

2. Direct Exposure Through Investments in Subprime Mortgage Loans

Not applicable

a. Mortgages in the process of foreclosure					
b. Mortgages in good standing

d. Total	NONE				

3. Direct Exposure - Other Investment Classes

The Company has several other investment classes that may have subprime mortgage exposure including:

Residential mortgage-backed securities
Structured loan-backed securities
Debt obligations of unaffiliated financial institutions participating in subprime lending
Unaffiliated equity securities, common, issued by financial institutions participating in subprime lending

The Company has reviewed its mortgage-backed security portfolio and determined that all of these investments are in pools that are backed by loans made to well qualified borrowers or in tranches that have minimal default risk. All bonds held that were issued by financial institutions participating in subprime lending activities are investment grade quality. Default risk on these bonds appears minimal. The impact on these investments should the subprime credit crisis worsen cannot be assessed at this time. The following is a summary of the Company's other investments with subprime exposure and other-than-temporary impairments (OTTI) recognized.

Under the Company's reinsurance agreement for Employment Practices Liability Insurance a 30% profit commission shall be paid to the Company on the difference between "income" (net premium and claims refunds) and "outgo" (return premiums, paid claims, outstanding claims, claim costs and expenses, 30% of return premium in respect of underwriters expenses and deficit, if any brought forward) for each underwriting year.

In the event the Profit Commission calculations for any one underwriting year results in a deficit, the total amount of such deficit shall be shown as an item of "outgo" on the Profit Commission statement for the ensuing year or years. No Profit Commission shall be restored on such ensuing year or years until the previous loss has been expunged and a profit balance restored.

A provision calculation shall be made at 12 months after the expiration of each underwriting year with an annual adjustment thereafter until all risks have expired and all outstanding claims have been settled. There were no amounts for Ceded profit sharing commissions accrued as of December 31, 2016. The Company received $120,178 in profit sharing commissions on this line of business during 2016 but has not accrued any future receivable due to the uncertainty inherent in claims reserves.

Note 24 - Retrospectively Rated Contracts and Contracts Subject to Redetermination

A. Method Used to Estimate

The Company sells workers compensation policies for which the premiums vary based on loss experience. Future premium adjustments for these retrospective policies are estimated and accrued. The Company estimates these accrued retrospective premium adjustments through the review of each individual retrospectively rated risk, comparing case basis loss development with that anticipated in the policy contracts to arrive at the best estimates of return or additional retrospective premiums.

B. Method Used to Record

The Company records the retrospective premium accruals as earned by adjusting unearned premiums. These amounts are not recorded as premiums written until they are billed to the policyholders. Return premiums are recorded as liabilities and additional premiums are recorded as assets.

C. Amount and Percent of Net Retrospective Premiums

Net premiums written for the current year on retrospective workers compensation policies was $0 and 0% of total workers compensation net premiums written.

D. Medical Loss Ratio Rebates

Not applicable

E. Calculation of Nonadmitted Accrued Retrospective Premiums

Ten percent of the amount of accrued retrospective premiums not offset by retrospective return premiums, other liabilities to the same party (other than loss and loss adjustment expense reserves), or permitted collateral, would be non-admitted. The calculation of the non-admitted and admitted amounts is summarized as follows:

Accrued Retrospective Premiums	Amount
a. Total accrued asset for retrospective premiums b. Unsecured amount c. Less: Nonadmitted amount, 10% of unsecured d. Less: Nonadmitted amount for any person for whom agents' balances or uncollected premiums are nonadmitted	NONE

Note 25 - Changes in Incurred Losses and Loss Adjustment Expenses

Reserves for incurred losses and loss adjustment expenses attributable to insured events as of December 31, 2015 were $348,176,000. As of December 31, 2016, $71,883,000 has been paid for incurred claims and claim adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now $271,679,000 as a result of re-estimation of unpaid claims and claim adjustment expenses principally on the workers' compensation line of business. Therefore, there has been a $4,614,000 favorable prior year development since December 31, 2015. This decrease is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased as additional information becomes known regarding individual claims. There was no impact on reserves or surplus as a result of development of retrospectively rated policies.

The first two columns in the chart below reflect by line of business the expense on the Statement of Income and what that expense would have been without prior year development (from Schedule P - Part 1). The third column is the difference between the first two columns and reflects the favorable development of $4,614,000. Increases or decreases of this nature occur as the result of claim settlements and receipt and evaluation of additional information regarding unpaid claims. Recent development trends are also taken into account in evaluating the overall adequacy of reserves. The last two columns reconcile the redundancy shown in the third column to the information shown in Schedule P- Part 2 which includes losses and the defense and cost containment (DCC) portion of LAE but excludes the adjusting and other (AO) portion of LAE.
