

Fortify Maine Home Resiliency Program Call for Contractors & Evaluators

Join the Fortify Maine Home Resiliency Program as an IBHS-certified professional. By earning your certification through the Insurance Institute for Building and Home Safety (IBHS), you may qualify to perform home inspections or construction upgrades under a new grant program from the Maine Bureau of Insurance. The Fortify Maine Home Resiliency Program will provide financial assistance to Maine homeowners that install a “Fortified”® Roof. The pilot program will launch in 2026, and certified professionals are needed.

Open the door to business opportunities, boost your professional credentials, and help Maine families protect their homes.

[Start the IBHS Certification Process](#) today and secure your spot in this important new program.
