| 22595 | Arthrodesis, posterior technique, atlas-axis (C1-C2)                                                                                                                                                                                                           |
| 22612 | Arthrodesis, posterior or posterolateral technique, single level; lumbar (with lateral transverse technique, when performed)                                                                                                                                   |
| 22614 | Arthrodesis, posterior or posterolateral technique, single level; each additional vertebral segment (List separately in addition to code for primary procedure)                                                                                                |
| 22856 | Total disc arthroplasty (artificial disc), anterior approach, including discectomy with end plate preparation (includes osteophylectomy for nerve root or spinal cord decompression and microdissection); single interspace, cervical                          |
| 23415 | Coracoacromial ligament release, with or without acromioplasty                                                                                                                                                                                                 |
| 23472 | Arthroplasty, glenohumeral joint; total shoulder (glenoid and proximal humeral replacement (eg, total shoulder))                                                                                                                                               |
| 23474 | Revision of total shoulder arthroplasty, including allograft when performed; humeral and glenoid component                                                                                                                                                     |
| 27130 | Arthroplasty, acetabular and proximal femoral prosthetic replacement (total hip arthroplasty), with or without autograft or allograft                                                                                                                          |
| 27134 | Revision of total hip arthroplasty; both components, with or without autograft or allograft                                                                                                                                                                    |
| 27279 | Arthrodesis, sacroiliac joint, percutaneous or minimally invasive (indirect visualization), with image guidance, includes obtaining bone graft when performed, and placement of transfixing device                                                             |
| 27446 | Arthroplasty, knee, condyle and plateau; medial OR lateral compartment                                                                                                                                                                                         |
| 27447 | Arthroplasty, knee, condyle and plateau; medial AND lateral compartments with or without patella resurfacing (total knee arthroplasty)                                                                                                                         |

|       |                                                                                                                                                                                                                                                                                                                        |
|-------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 27487 | Revision of total knee arthroplasty, with or without allograft; femoral and entire tibial component                                                                                                                                                                                                                    |
| 27570 | Manipulation of knee joint under general anesthesia (includes application of traction or other fixation devices)                                                                                                                                                                                                       |
| 29806 | Arthroscopy, shoulder, surgical; capsulorrhaphy                                                                                                                                                                                                                                                                        |
| 29827 | Arthroscopy, shoulder, surgical; with rotator cuff repair                                                                                                                                                                                                                                                              |
| 29879 | Arthroscopy, knee, surgical; abrasion arthroplasty (includes chondroplasty where necessary) or multiple drilling or microfracture                                                                                                                                                                                      |
| 29880 | Arthroscopy, knee, surgical; with meniscectomy (medial AND lateral, including any meniscal shaving) including debridement/shaving of articular cartilage (chondroplasty), same or separate compartment(s), when performed                                                                                              |
| 29888 | Arthroscopically aided anterior cruciate ligament repair/augmentation or reconstruction                                                                                                                                                                                                                                |
| 29914 | Arthroscopy, hip, surgical; with femoroplasty (ie, treatment of cam lesion)                                                                                                                                                                                                                                            |
| 33208 | Insertion of new or replacement of permanent pacemaker with transvenous electrode(s); atrial and ventricular                                                                                                                                                                                                           |
| 33225 | Insertion of pacing electrode, cardiac venous system, for left ventricular pacing, at time of insertion of implantable defibrillator or pacemaker pulse generator (eg, for upgrade to dual chamber system) (List separately in addition to code for primary procedure)                                                 |
| 33249 | Insertion or replacement of permanent implantable defibrillator system, with transvenous lead(s), single or dual chamber                                                                                                                                                                                               |
| 62321 | Injection(s), of diagnostic or therapeutic substance(s) (eg, anesthetic, antispasmodic, opioid, steroid, other solution), not including neurolytic substances, including needle or catheter placement, interlaminar epidural or subarachnoid, cervical or thoracic; with imaging guidance (ie, fluoroscopy or CT)      |
| 62323 | Injection(s), of diagnostic or therapeutic substance(s) (eg, anesthetic, antispasmodic, opioid, steroid, other solution), not including neurolytic substances, including needle or catheter placement, interlaminar epidural or subarachnoid, lumbar or sacral (caudal); with imaging guidance (ie, fluoroscopy or CT) |
| 63030 | Laminotomy (hemilaminectomy), with decompression of nerve root(s), including partial facetectomy, foraminotomy and/or excision of herniated intervertebral disc; 1 interspace, lumbar                                                                                                                                  |
| 63045 | Laminectomy, facetectomy and foraminotomy (unilateral or bilateral with decompression of spinal cord, cauda equina and/or nerve root[s], [eg, spinal or lateral recess stenosis]), single vertebral segment; cervical                                                                                                  |
| 63047 | Laminectomy, facetectomy and foraminotomy (unilateral or bilateral with decompression of spinal cord, cauda equina and/or nerve root[s], [eg, spinal or lateral recess stenosis]), single vertebral segment; lumbar                                                                                                    |
| 64479 | Injection(s), anesthetic agent and/or steroid, transforaminal epidural, with imaging guidance (fluoroscopy or CT); cervical or thoracic, single level                                                                                                                                                                  |
| 64483 | Injection(s), anesthetic agent and/or steroid, transforaminal epidural, with imaging guidance (fluoroscopy or CT); lumbar or sacral, single level                                                                                                                                                                      |
| 64490 | Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), cervical or thoracic; single level                                                                                                                |

|       |                                                                                                                                                                                                                   |
|-------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 64493 | Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), lumbar or sacral; single level               |
| 64633 | Destruction by neurolytic agent, paravertebral facet joint nerve(s), with imaging guidance (fluoroscopy or CT); cervical or thoracic, single facet joint                                                          |
| 64635 | Destruction by neurolytic agent, paravertebral facet joint nerve(s), with imaging guidance (fluoroscopy or CT); lumbar or sacral, single facet joint                                                              |
| 70450 | Computed tomography, head or brain; without contrast material                                                                                                                                                     |
| 70480 | Computed tomography, orbit, sella, or posterior fossa or outer, middle, or inner ear; without contrast material                                                                                                   |
| 70486 | Computed tomography, maxillofacial area; without contrast material                                                                                                                                                |
| 70490 | Computed tomography, soft tissue neck; without contrast material                                                                                                                                                  |
| 70496 | Computed tomographic angiography, head, with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                                           |
| 70498 | Computed tomographic angiography, neck, with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                                           |
| 70540 | Magnetic resonance (eg, proton) imaging, orbit, face, and/or neck; without contrast material(s)                                                                                                                   |
| 70544 | Magnetic resonance angiography, head; without contrast material(s)                                                                                                                                                |
| 70547 | Magnetic resonance angiography, neck; without contrast material(s)                                                                                                                                                |
| 70551 | Magnetic resonance (eg, proton) imaging, brain (including brain stem); without contrast material                                                                                                                  |
| 70554 | Magnetic resonance imaging, brain, functional MRI; including test selection and administration of repetitive body part movement and/or visual stimulation, not requiring physician or psychologist administration |
| 71250 | Computed tomography, thorax; without contrast material                                                                                                                                                            |
| 71271 | Computed tomography, thorax, low dose for lung cancer screening, without contrast material(s)                                                                                                                     |
| 71275 | Computed tomographic angiography, chest (noncoronary), with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                            |
| 71550 | Magnetic resonance (eg, proton) imaging, chest (eg, for evaluation of hilar and mediastinal lymphadenopathy); without contrast material(s)                                                                        |
| 71555 | Magnetic resonance angiography, chest (excluding myocardium), with or without contrast material(s)                                                                                                                |
| 72125 | Computed tomography, cervical spine; without contrast material                                                                                                                                                    |
| 72128 | Computed tomography, thoracic spine; without contrast material                                                                                                                                                    |
| 72131 | Computed tomography, lumbar spine; without contrast material                                                                                                                                                      |
| 72141 | Magnetic resonance (eg, proton) imaging, spinal canal and contents, cervical; without contrast material                                                                                                           |
| 72146 | Magnetic resonance (eg, proton) imaging, spinal canal and contents, thoracic; without contrast material                                                                                                           |
| 72148 | Magnetic resonance (eg, proton) imaging, spinal canal and contents, lumbar; without contrast material                                                                                                             |
| 72159 | Magnetic resonance angiography, spinal canal and contents, with or without contrast material(s)                                                                                                                   |

|       |                                                                                                                                                                                                                                                                                                                                                |
|-------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 72191 | Computed tomographic angiography, pelvis, with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                                                                                                                                                                      |
| 72192 | Computed tomography, pelvis; without contrast material                                                                                                                                                                                                                                                                                         |
| 72196 | Magnetic resonance (eg, proton) imaging, pelvis; with contrast material(s)                                                                                                                                                                                                                                                                     |
| 72198 | Magnetic resonance angiography, pelvis, with or without contrast material(s)                                                                                                                                                                                                                                                                   |
| 73200 | Computed tomography, upper extremity; without contrast material                                                                                                                                                                                                                                                                                |
| 73206 | Computed tomographic angiography, upper extremity, with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                                                                                                                                                             |
| 73220 | Magnetic resonance (eg, proton) imaging, upper extremity, other than joint; without contrast material(s), followed by contrast material(s) and further sequences                                                                                                                                                                               |
| 73221 | Magnetic resonance (eg, proton) imaging, any joint of upper extremity; without contrast material(s)                                                                                                                                                                                                                                            |
| 73225 | Magnetic resonance angiography, upper extremity, with or without contrast material(s)                                                                                                                                                                                                                                                          |
| 73700 | Computed tomography, lower extremity; without contrast material                                                                                                                                                                                                                                                                                |
| 73706 | Computed tomographic angiography, lower extremity, with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                                                                                                                                                             |
| 73720 | Magnetic resonance (eg, proton) imaging, lower extremity other than joint; without contrast material(s), followed by contrast material(s) and further sequences                                                                                                                                                                                |
| 73721 | Magnetic resonance (eg, proton) imaging, any joint of lower extremity; without contrast material                                                                                                                                                                                                                                               |
| 74150 | Computed tomography, abdomen; without contrast material                                                                                                                                                                                                                                                                                        |
| 74174 | Computed tomographic angiography, abdomen and pelvis, with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                                                                                                                                                          |
| 74175 | Computed tomographic angiography, abdomen, with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                                                                                                                                                                     |
| 74176 | Computed tomography, abdomen and pelvis; without contrast material                                                                                                                                                                                                                                                                             |
| 74181 | Magnetic resonance (eg, proton) imaging, abdomen; without contrast material(s)                                                                                                                                                                                                                                                                 |
| 74185 | Magnetic resonance angiography, abdomen, with or without contrast material(s)                                                                                                                                                                                                                                                                  |
| 74261 | Computed tomographic (CT) colonography, diagnostic, including image postprocessing; without contrast material                                                                                                                                                                                                                                  |
| 74263 | Computed tomographic (CT) colonography, screening, including image postprocessing                                                                                                                                                                                                                                                              |
| 74712 | Magnetic resonance (eg, proton) imaging, fetal, including placental and maternal pelvic imaging when performed; single or first gestation                                                                                                                                                                                                      |
| 75557 | Cardiac magnetic resonance imaging for morphology and function without contrast material;                                                                                                                                                                                                                                                      |
| 75572 | Computed tomography, heart, with contrast material, for evaluation of cardiac structure and morphology (including 3D image postprocessing, assessment of cardiac function, and evaluation of venous structures, if performed)                                                                                                                  |
| 75573 | Computed tomography, heart, with contrast material, for evaluation of cardiac structure and morphology in the setting of congenital heart disease (including 3D image postprocessing, assessment of left ventricular [LV] cardiac function, right ventricular [RV] structure and function and evaluation of vascular structures, if performed) |
| 75574 | Computed tomographic angiography, heart, coronary arteries and bypass grafts (when present), with contrast material, including 3D image postprocessing (including evaluation of cardiac structure and morphology, assessment of cardiac function, and evaluation of venous structures, if performed)                                           |

|       |                                                                                                                                                                                                                                                                                           |
|-------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 75580 | Noninvasive estimate of coronary fractional flow reserve (FFR) derived from augmentative software analysis of the data set from a coronary computed tomography angiography, with interpretation and report by a physician or other qualified health care professional                     |
| 75635 | Computed tomographic angiography, abdominal aorta and bilateral iliofemoral lower extremity runoff, with contrast material(s), including noncontrast images, if performed, and image postprocessing                                                                                       |
