NOTES TO THE FINANCIAL STATEMENTS

1. <u>Summary of Significant Accounting Policies and Going Concern</u>

A. Accounting Practices

The financial statements of the Company are presented on the basis of accounting practices prescribed or permitted by the Washington Office of Insurance.

The Washington Office of Insurance (the Office) recognizes only statutory accounting practices prescribed or permitted by the State of Washington for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Washington Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual (NAIC SSAP) has been adopted as a component of prescribed or permitted practices by the State of Washington. The Commissioner of Insurance has the right to permit other specific practices that deviate from prescribed practices. No deviations from the Codification currently exist.

A reconciliation of the Company's net income and capital and surplus between NAIC SSAP and practices prescribed and permitted by the State of Washington is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. These estimates are based on knowledge of current events and anticipated future events, and accordingly, actual results could differ from those estimates.

C. Accounting Policy

Premiums are reported as earned in the period in which members are entitled to receive services, and are net of retroactive membership adjustments. Retroactive membership adjustments result from enrollment changes not yet processed, or not yet reported by an employer group or the government. Premiums received prior to such period are recorded as advance premiums.

Benefits incurred and loss adjustment expenses include claim payments, capitation payments, pharmacy costs net of rebates, allocations of certain centralized expenses, legal and administrative costs to settle claims, and various other costs incurred to provide health insurance coverage to members, as well as estimates of future payments to hospitals and others for medical care provided prior to the date of the statements of admitted assets, liabilities and surplus. Capitation payments represent monthly contractual fees disbursed to participating primary care physicians, and other providers who are responsible for providing medical care to members. Pharmacy costs represent payments for members' prescription drug benefits, net of rebates from drug manufacturers.

In addition, the Company uses the following accounting policies:

- (1) Short-term investments include investments mainly in U.S. Government obligations with a maturity of twelve months or less from the date of purchase. Short-term investments are recorded at amortized cost. The carrying value of short-term investments approximates fair value due to the short-term maturities of the investments.
- (2-4) Investments are valued and classified in accordance with methods prescribed by the NAIC. Bonds with an NAIC rating of 1 or 2 are carried at amortized cost, with all other bonds being recorded at the lower of amortized cost or fair value; redeemable preferred stocks are carried at amortized cost; and non-redeemable preferred stocks are carried at fair value. Common stocks are carried at fair value.

The Company regularly evaluates investment securities for impairment. For all securities other than loan-backed and structured securities, the Company considers factors affecting the investee, factors affecting the industry the investee operates within, and general debt and equity market trends. The Company also considers the length of time an investment's fair value has been below carrying value, the near term prospects for recovery to carrying value, and the Company's intent and ability to hold the investment until maturity or market recovery is realized. If and when a determination is made that a decline in fair value below the cost basis is other-than-temporary, the related investment is written down to its estimated fair value through earnings.

Amortization of bond premium or discount is computed using the scientific interest method.

Income from investments is recorded on an accrual basis. For the purpose of determining realized gains and losses, the cost of securities sold is based upon specific identification. Investment income due and accrued over 90 days past due is nonadmitted.

NOTES TO THE FINANCIAL STATEMENTS

- (5) Not Applicable.
- For loan backed and structured securities where the securities fair value is less than the amortized cost, the Company considers several factors to determine if the security's impairment is other-than-temporary. If the Company has the intent to sell the security or if the Company does not have the intent and ability to retain the security until recovery of its fair value, the related investment is written down to its estimated fair value through earnings. If, however, the Company has the intent and ability to retain the security until recovery of its fair value, the Company considers factors affecting the investee, factors affecting the industry the investee operates within, and general debt and equity market trends. The Company also considers the length of time an investment's fair value has been below carrying value and the near term prospects for recovery to carrying value. If the determination is made, based on these factors, that the Company does expect to recover the entire amortized cost of the security, then an other-than-temporary impairment has not occurred. If, however, the determination is made that the Company does not expect to recover the entire amortized cost of the security based on the factors noted above, the Company recognizes a realized loss in earnings for the non-interest related decline. No loss is recognized for the interest impairment.
- (7) Not Applicable.
- (8) Not Applicable.
- (9) Not Applicable.
- (10-11) The estimates of future medical benefit payments are developed using actuarial methods and assumptions based upon claim payment patterns, medical cost inflation, historical development such as claim inventory levels and claim receipt patterns, and other relevant factors. Corresponding administrative costs to process outstanding claims are estimated and accrued. Estimates of future payments relating to services incurred in the current and prior periods are continually reviewed by management and adjusted as necessary.

The Company assesses the profitability of its contracts for providing health insurance coverage to its members when current operating results or forecasts indicate probable future losses. The Company records a premium deficiency liability in current operations to the extent that the sum of expected future medical costs, claim adjustment expenses and maintenance costs exceed related future premiums. Investment income is not contemplated in the calculation of the premium deficiency liability.

Management believes the Company's benefits payable and loss adjustment expense are adequate to cover future claims and loss adjustment expense payments required, however, such estimates are based on knowledge of current events and anticipated future events and, therefore, the actual liability could differ from the amounts provided.

(12) The Company has not modified its capitalization policy from the prior period.

Equipment is stated at cost less accumulated depreciation. Depreciation expense is computed using the straight-line method over estimated useful lives generally ranging from three to five years. Improvements to leased facilities are depreciated over the shorter of the remaining lease term or the anticipated life of the improvement.

The Company recognizes an asset or liability for the deferred tax consequences of temporary differences between the tax basis of assets or liabilities and their reported amounts in the financial statements. The temporary differences will result in taxable or deductible amounts in future years when the reported amounts of the assets or liabilities are recovered or settled.

- (13) The Company estimates anticipated Pharmacy Rebate Receivables using the analysis of historical recovery patterns.

- (15) Not Applicable.
- D. Going Concern

Management of the Company has evaluated the Company's ability to continue as a going concern under SSAP No. 1, *Accounting Policies, Risks & Uncertainties, and Other Disclosures* (SSAP No. 1). Based on this evaluation, Management has determined that there is no substantial doubt about the Company's ability to continue as a going concern.

 - (3) Not Applicable.
 - (4) The Company does not have any investments in an other-than-temporary impairment position at December 31, 2022.

Gross unrealized losses and related fair value of temporarily impaired securities that have been in a continuous unrealized loss position were as follows at December 31, 2022:

(a) The aggregate amount of unrealized losses:

 1. Less than Twelve Months
 \$ (17,128,696)

 2. Twelve Months or Longer
 \$ (46,223,011)

(b) The aggregate related fair value of securities with unrealized losses:

Less than Twelve Months
 Twelve Months or Longer
 258,055,721
 257,716,598

- (5) Unrealized losses are primarily due to increases in market interest rates and tighter liquidity conditions in the current markets than when the securities were purchased. All issuers of securities trading at an unrealized loss remain current on all contractual payments and the Company believes it is probable that all amounts due according to the contractual terms of the debt securities are collectible. After taking into account these and other factors, including the severity of the decline and the Company's ability and intent to hold these securities until recovery or maturity, the Company determined the unrealized losses on these investment securities were temporary and, as such, no impairment was required.
- E. Dollar Repurchase Agreements and/or Securities Lending Transactions

9. Income Taxes

The Inflation Reduction Act (Act) was enacted on August 16, 2022 and included a new corporate alternative minimum tax (CAMT). The Act and the CAMT go into effect for tax years beginning after 2022. The Company has not determined as of December 31, 2022 if it will incur a CAMT liability in 2023. The annual financial statements do not include an estimated impact of the CAMT, because a reasonable estimate cannot be made. The Company has determined it will be an applicable corporation for 2023 as the average adjusted financial statement income for Humana Inc. and Subsidiaries exceeds the thresholds.

G. The Company does not have any tax loss contingencies for which it is reasonably possible that the total liability will significantly increase within twelve months of the reporting date.

10. Information Concerning Parent, Subsidiaries and Affiliates

A.-B. The Company has several management contracts with Humana Inc. and other related parties whereby the Company is provided with medical and executive management, information systems, claims processing, billing and enrollment, and telemarketing and other services as required by the Company. Management fees charged to operations for the years ended December 31, 2022 and 2021 were \$627,245,352 and \$541,215,335, respectively. As a part of this agreement, Humana Inc. makes cash disbursements on behalf of the Company which includes, but is not limited to, medical related items, general and administrative expenses, commissions and payroll. The Company continues to be primarily liable for any outstanding payments made on behalf of the Company, should Humana Inc. not be able to fulfill its obligations.

In the ordinary course of business, the Company also directly contracts with related parties to provide services that are routine in nature to its members. The administrative services, access fees, and cost of care services provided are determined within each individual agreement. The following table identifies the amount for the administrative services, access fees, and cost of care services provided by related parties for the years ended December 31, 2022 and 2021, which meet the disclosure requirements pursuant to SSAP No. 25, *Affiliate and Other Related Parties* (SSAP No. 25):

| Total | \$ 149,185,179 | • | \$ 141,272,969 |

In addition to the related parties above, the Company also has a contracted relationship with Humana Pharmacy Solutions, Inc. (HPS). HPS is responsible for designing pharmacy benefits, including defining member co-share responsibilities, determining formulary listings, contracting with retail pharmacies, confirming member eligibility, reviewing drug utilization, and processing claims for Humana entities. HPS has various contracts with pharmacy manufacturers to provide the Company with purchase discounts and volume rebates on certain prescription drugs utilized by its members. The Company has an agreement with HPS to collect pharmacy rebates on its behalf and remit them to the Company on a monthly basis. The Company had \$2,013,814,602 and \$1,851,081,081 of administrative service and prescription costs in 2022 and 2021, respectively, with HPS. The prescription costs included in fees paid to HPS are gross of the pharmacy

NOTES TO THE FINANCIAL STATEMENTS

rebates that the Company receives, see Footnote 28, and also includes payments for Medicare Part D claims that CMS reimburses the Company for through the Coverage Gap, Low Income and Reinsurance subsidies.

Included in the payments to HPS are also costs incurred from Humana Pharmacy, Inc. Humana Pharmacy, Inc. provides covered members with prescription services through use of the mail order as well as brick and mortar locations. These services are limited to maintenance medication prescription drug and allied services and supplies normally provided to the general public in the ordinary course of pharmacy business. The Company had \$656,793,635 and \$594,347,603 of prescription costs in 2022 and 2021, respectively, with Humana Pharmacy, Inc.

Total dividends of \$188,000,000 were paid to Humana Inc. on December 22, 2022. The Washington Office of Insurance was notified prior to the payment of these dividends.

13. Capital and Surplus, Shareholders' Dividend Restrictions and Quasi-Reorganizations

- A. The Company has \$16.667 par value common stock with 60,000 shares authorized and 60,000 shares issued and 60,000 outstanding. All shares are common stock shares.
- B. The Company has no preferred stock outstanding.
- C.-E. Dividends and returns of capital to shareholders are noncumulative and are paid as determined by the Board of Directors. In accordance with the Office statutes, the maximum amount which can be paid by the Company to shareholders without prior approval by the Office is the lesser of 10% of total surplus, or the greater of net operating gain for the calendar year preceding the dividend or for the 3 calendar years preceding the dividend less dividends paid for the most recent 2 of those calendar years. All ordinary dividends are limited to available and accumulated surplus funds. Any dividends paid in the twelve months preceding a proposed dividend are considered in determining whether a dividend is extraordinary. Based on these restrictions, the Company could have paid a maximum dividend or return of capital to shareholders of approximately \$91,292,000 in 2022 without prior regulatory approval.

Within the limitations above, there are no restrictions placed on the portion of Company profits that may be paid as ordinary dividends to stockholders.

Dividends or returns of capital paid by the Company are listed below. Extraordinary amounts have been approved by the Office.

The Company reports transfers between Level 1 and Level 2 of the fair value hierarchy levels at the end of the reporting period. There were no transfers between Level 1 and Level 2 of the fair value hierarchy between December 31, 2021 and December 31, 2022.

(2) Fair Value Measurements in (Level 3) of the Fair Value Hierarchy

Not Applicable.

- (3) The Company reports transfers into or out of Level 3 of the fair value hierarchy levels at the end of the reporting period. There were no transfers into or out of Level 3 of the fair value hierarchy levels between December 31, 2021 and December 31, 2022.
- (4) Fair value of actively traded debt securities are based on quoted market prices. Fair value of other debt securities are based on quoted market prices of identical or similar securities or based on observable inputs like interest rates generally using a market valuation approach, or, less frequently, an income valuation approach and are generally classified as Level 2. The Company generally obtains one quoted price for each security from a third party pricing service. These prices are generally derived from recently reported trades for identical or similar securities, including adjustments through the reporting date based upon observable market information. When quoted prices are not available, the third party pricing service may use quoted market prices of comparable securities or discounted cash flow analyses, incorporating inputs that are currently observable in the markets for similar securities. Inputs that are often used in the valuation methodologies include benchmark yields, reported trades, credit spreads, broker quotes, default rates and prepayment speeds. The Company is responsible for the determination of fair value and as such, the Company performs analysis on the prices received from the third party pricing service to determine whether the prices are reasonable estimates of fair value. The Company's analysis includes a review of monthly price fluctuations as well as a quarterly comparison of the prices received from the pricing service to prices reported by the Company's third party investment advisor. Based on the Company's internal price verification procedures and review of fair value methodology documentation provided by the third party pricing service, there were no material adjustments to the prices obtained from the third party pricing service during the year ended December 31, 2022.

A. Extraordinary Items

The emergence and spread of the novel coronavirus, or COVID-19, beginning in the first quarter of 2020 quarter has impacted the Company's business. During periods of increased incidences of COVID-19, there was a reduction in non-COVID-19 hospital admissions and lower overall healthcare system consumption that decreased utilization. Likewise COVID-19 treatment and testing costs increased utilization. During 2022, the Company experienced lower overall utilization of the healthcare system than anticipated, as the reduction in COVID-19 utilization following the increased

NOTES TO THE FINANCIAL STATEMENTS

incidence associated with the Omicron variant outpaced the increase in non-COVID-19 utilization. The significant disruption in utilization during 2020 also impacted the Company's ability to implement clinical initiatives to manage health care costs and chronic conditions of its members, and appropriately document their risk profiles, and, as such, affecting 2021 revenue under the risk adjustment payment model for Medicare Advantage plans. Finally, changes in utilization patterns and actions taken in 2021 as a result of the COVID-19 pandemic, including the suspension of certain financial recovery programs for a period of time and shifting the timing of claim payments and provider capitation surplus payments, impacted claim reserve development and operating cash flows for 2021.

- F. Subprime Mortgage Related Risk Exposure
 - (1) The Company consults with its external investment managers to assess its subprime mortgage related risk exposure. Certain characteristics are utilized to determine if a mortgage-backed security has subprime exposure. The main characteristics reviewed when determining this are the collateral and structure of the security, the loan purpose, loan documentation, occupancy, geographical location, loan size and type. Subprime mortgage borrowers typically have lower credit scores, lower loan balances and higher loan-to-values than other conforming loans. Management's practices include reviewing quantitative and qualitative credit models that analyze loan-level collateral composition, historical underwriter performance trends, the impact of macroeconomic factors, and issuer risks; as well as reviewing the estimation of security cash flows and monthly model calibrations.
 - (2) Direct exposure through investments in sub-prime mortgage loans.

The Company has no direct exposure through investment to sub-prime mortgage loans.

- (3) Direct exposure through other investments:
 - a. Residential mortgage backed securities No substantial exposure noted.
 - b. Commercial mortgage backed securities No substantial exposure noted.
 - c. Collateralized debt obligations No substantial exposure noted.
 - d. Structured securities No substantial exposure noted.
 - e. Equity investment in SCAs No substantial exposure noted.
 - f. Other assets No substantial exposure noted.
 - g. Total No substantial exposure noted.
- (4) Underwriting exposure to sub-prime mortgage risk through Mortgage Guaranty coverage, Financial Guaranty coverage, Directors and Officers liability coverage, or Errors and Omissions liability coverage.

The Company does not have sub-prime mortgage risk.

Classification of mortgage related securities is primarily based on information from outside data services, including rating agency actions. When considering our exposure, the Company evaluated the percentage of full documentation loans, percent of owner occupied properties, FICO scores, average margin for ARM loans, percent of loans with prepayment penalties, the existence of non-traditional underwriting standards, among other factors.

22. Events Subsequent

The Company is not aware of any events or transactions occurring subsequent to the close of the books for this statement which may have a material effect on its financial condition. Subsequent events have been considered through February 22, 2023 for the Statutory Statement issued on February 22, 2023.

23. Reinsurance

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

(1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10.0 percent or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company?

Yes () No (X)

NOTES TO THE FINANCIAL STATEMENTS

(2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. Branches of such companies) that is owned in excess of 10.0 percent or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?

Yes () No (X)

Section 2 - Ceded Reinsurance Report - Part A

(1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits?

Yes () No (X)

(2) Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?

Yes () No (X)

Section 3 - Ceded Reinsurance Report - Part B

- (1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the reinsurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate. \$0
- (2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the company as of the effective date of the agreement?

Yes () No (X)

25. Change in Incurred Claims and Claim Adjustment Expenses

Benefits and loss adjustment expenses payable, as of December 31, 2021, were \$555,232,566. As of December 31, 2022, \$467,600,509 has been paid for incurred claims and claim adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$50,411,164 as a result of re-estimation of unpaid claims and claim adjustment expenses. Therefore, there has been a \$37,220,893 favorable prior-year development since December 31, 2021. The decrease is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased as additional information becomes known regarding individual claims. Included in this decrease, the Company experienced \$37,220,893 of favorable prior year claim development on retrospectively rated policies. However, the business to which it relates is subject to premium adjustments.
