SUMMARY: This rule establishes guidelines relating to advisory rulings.

1. ADVISORY RULINGS

A. Authority and Scope

The Board may issue an advisory ruling in accordance with 5 M.R.S.A. §9001 concerning the applicability of a statute or rule to existing facts. The Board shall review each request for an advisory ruling to determine whether the requested ruling is appropriate. The Board may, at its discretion, decline to issue an advisory ruling if the question is hypothetical, if there is insufficient information upon which to base a ruling or for any other reason the Board deems proper.

B. Submission

A request for an advisory ruling shall be submitted to the Board in writing and shall set forth in detail all facts pertinent to the question. The Board may require submission of additional information it deems necessary to provide a complete factual background.

C. Ruling

The Board shall issue advisory rulings in writing. The advisory ruling shall include a statement of facts or assumptions, or both, upon which the ruling is based. The statement, without reference to other documents, shall be sufficiently detailed to apprise the reader of the basis of the opinion. The assent of four members of the Board is required for the issuance of an advisory ruling. The ruling must be signed by the Board’s Chair, shall be identified specifically as an advisory ruling and shall be numbered serially.

D. Publication

The Department shall mail the advisory ruling to the requesting party and the Board Administrator shall retain a copy. An advisory ruling is a public document and is available for public inspection during the normal working hours of the Board. In addition, the Board may otherwise publish or circulate an advisory ruling as it deems appropriate.
STATUTORY AUTHORITY: 32 M.R.S.A. §1153 and 5 M.R.S.A. §9001(4)

EFFECTIVE DATE (as “Reciprocal and Limited Licensing”):
   December 7, 1977 (filed with the Secretary of State July 28, 1978 as filing 78-110)

AMENDED (as “Licenses”):
   January 10, 1988 – filing 88-2

AMENDED (as “General Provisions”)
   December 27, 1989 – filing 89-576
   June 10, 1996 – filing 96-255

EFFECTIVE DATE (ELECTRONIC CONVERSION):
   November 2, 1996

REPEALED AND REPLACED:
   July 15, 2000 – filing 2000-266

AMENDED (as “Advisory Rulings”):
   September 1, 2008 – filing 2008-360
Chapter 110: CONFLICT OF INTEREST

SUMMARY: This chapter outlines the Board members’ responsible conduct in dealing with Board official duties.

All duly appointed and sworn members of the Maine Electricians' Examining Board are charged with responsible conduct commensurate with the trust placed in them by the Governor. Such Board members are entrusted with the security, safety, health, prosperity and general well-being of the people of the State of Maine. With such a trust, high moral and ethical standards producing the public's confidence, with the reduction to a minimum of any conflict between private interests and official duties, should be observed. No Board Member will accept any employment which can possibly impair their independence and integrity of judgment nor will they exercise their position of trust to secure unwarranted privileges for themselves or for others. The Maine Electricians' Examining Board Member will endeavor conscientiously to pursue the highest standards of Board conduct.

STATUTORY AUTHORITY: 32 M.R.S.A., Chapter 17

EFFECTIVE DATE:
- February 16, 1986

AMENDED:
- January 10, 1988
- December 27, 1989
- June 10, 1996

EFFECTIVE DATE (ELECTRONIC CONVERSION):
- November 2, 1996
SUMMARY: This chapter establishes the effective dates of the current edition of the *National Electrical Code* to which all installations must conform.

1. All installations of electrical equipment commencing on or after July 1, 2017 must comply with the 2017 edition of the *National Electrical Code, National Fire Protection Association #70*, as well as with all applicable statutes or rules of the State and this Board and all applicable ordinances, orders, rules and regulations of local municipalities.

2. The Board hereby adopts and incorporates into this chapter by reference *The National Electrical Code, National Fire Protection Association 70 (2017 edition)*, with the following exceptions:

A-1. The Board adopts Article 200.6(D) with the following amendment:

200.6 Means of Identifying Grounded Conductors.

(D) Grounded Conductors of Different Systems. Where grounded conductors of different systems are installed in the same raceway, cable, box, auxiliary gutter, or other type of enclosure, each grounded conductor shall be identified by system. Identification that distinguishes each system grounded conductor shall be permitted by one of the following means:

1. One system grounded conductor shall have an outer covering conforming to 200.6(A) or (B).

2. The grounded conductor(s) of other systems shall have a different outer covering conforming to 200.6(A) or 200.6(B) or by an outer covering of white or gray with a readily distinguishable colored stripe other than green running along the insulation.

3. Other and different means of identification allowed by 200.6(A) or (B) shall distinguish each system grounded conductor.

The means of identification - shall be permanently posted where the conductors of different systems originate.
A. The Board adopts Article 210.5(C) (1) (b) with the following amendment:

**210.5 Identification for Branch Circuits.**

(C) Identification of Ungrounded Conductors.

(1) Branch Circuits Supplied from More Than One Nominal Voltage System.

(b) Posting of Identification Means. The method utilized for conductors originating within each branch-circuit panel board or similar branch-circuit distribution equipment shall be permanently posted at each branch-circuit panel board or similar branch-circuit distribution equipment. The label shall be of sufficient durability to withstand the environment involved and shall not be handwritten.

B. The Board adopts Article 210.8(B) with the following amendment:

**210.8(B) Other Than Dwelling Units.** All single-phase receptacles rated 150 volts to ground or less, 50 amperes or less and three-phase receptacles rated 150 volts to ground or less, 50 amperes or less installed in the following locations shall have ground-fault circuit-interrupter protection for personnel.

C. The Board adopts Article 215.12(C)(1)(b) with the following amendment:

**215.12 Identification for Feeders.**

(C) Identification of Ungrounded Conductors.

(1) Feeders Supplied from More Than One Nominal Voltage System.

(b) Posting of Identification Means. The method utilized for conductors originating within each feeder panel board or similar feeder distribution equipment shall be permanently posted at each feeder panel-board or similar feeder distribution equipment.

D. The Board adopts Article 334.10(3) with the following amendment:

**334.10 Uses Permitted.**

(3) Other structures permitted to be of Types III, IV, and V construction.

E. The Board does not adopt Article 334.12(A)(2), Uses Not Permitted.

F. [exception deleted]
G. The Board adopts Article 338.12(B) (1) and (2) with the following amendment:

338.12 Uses Not Permitted.

(B) Underground Service-Entrance Cable.

(1) For interior wiring of branch circuits and feeders originating and terminating within the same building.

(2) For aboveground installations except where USE cable emerges from the ground and is terminated in an enclosure at a location acceptable to the Authority Having Jurisdiction and the cable is protected in accordance with 300.5(D).

H. [exception deleted]

I. [exception deleted]

J. [exception deleted]

K. [exception deleted]

L. [exception deleted]

M. [exception deleted]

N. [exception deleted]

O. [exception deleted]

P. [exception deleted]

Q. [exception deleted]

R. The Board adopts Article 702.4(B)(2) with the following amendment:

702.4 Capacity and Rating.

(B) System Capacity.

(2) Automatic Transfer Equipment. For other than single-family dwellings, where automatic transfer equipment is used, an optional standby system shall comply with (2)(a) or (2)(b).

3. Copies of the National Electrical Code, National Fire Protection Association standard #70 may be purchased from:

National Fire Protection Association
1 Batterymarch Park, P.O. Box 9101
Quincy, MA 02269-9101
Telephone: 1-800-344-3555

STATUTORY AUTHORITY:

   August 20, 2014 – filing 2014-193
   November 6, 2017 – filing 2017-170
SUMMARY: This chapter sets forth the examination and licensure requirements for the various licenses issued by the Board.

1. ELIGIBILITY FOR EXAMINATION

A. JOURNEYMAN ELECTRICIAN

To sit for the journeyman electrician’s examination, an applicant must meet the education and work experience requirements set forth in 32 M.R.S.A. §1202(1)(A)(1) through (4).

An applicant who is not a graduate of an accredited regional applied technology high school 2-year electrical program or accredited community college electrical program and who is not an electrical apprentice registered with the Maine State Apprenticeship and Training Council must show proof of class hours in courses as follows:

1. 225 Hours consisting of 45 hour courses each in Electricity I, Electricity II, Math I, Controls I, and a current National Electrical Code course; and

2. 351 Hours of Electives all trade-related courses or a minimum of 225 hours of trade-related courses and 135 hours of degree-related courses in mathematics, science, business, human relations, and communication.

B. MASTER ELECTRICIAN

To sit for the master electrician’s examination, an applicant must meet the education and work experience requirements set forth in 32 M.R.S.A. §1202(1)(B) and must show proof of class hours in courses as follows:

1. 450 Hours consisting of 45 hour courses each in Electricity I, Electricity II, Electronics I, Math I, Controls I, Controls II, Motors, Blue Print Reading/Drafting, Transformers, and a current National Electrical Code course; and

2. 126 Hours of degree-related courses in mathematics, science, business, human relations, and communication.

C. LIMITED ELECTRICIAN

1. To sit for the limited electrician's examination in water pumps, the applicant must meet the following education and work experience requirements:
a. 135 hours of electrical education consisting of 45 hour courses each in
Electricity I, Motors/Controls I, and a current National Electrical Code
course; and

b. 2,000 hours of work experience, at least 1,000 hours of which is in water
pump installations.

2. To sit for the limited electrician's examination in **outdoor signs** (including sign
lighting), the applicant must meet the following education and work experience
requirements:

a. 135 hours of electrical education consisting of 45 hour courses each in
Electricity I, Controls I, and a current National Electrical Code course; and

b. 2,000 hours of work experience, at least 1,000 hours of which is in outdoor
signs and sign lighting installations.

3. To sit for the limited electrician's examination in **gasoline dispensing**, the
applicant must meet the following education and work experience requirements:

a. 135 hours of electrical education consisting of 45 hour courses each in
Electricity I, Controls I, and a current National Electrical Code course; and

b. 2,000 hours of work experience, at least 1,000 hours of which is in gasoline dispensing equipment installations.

4. To sit for the limited electrician's examination in **traffic signals** (including outdoor
lighting and traffic signals), an applicant must meet the following education and
work experience requirements:

a. 135 hours of electrical education consisting of 45 hour courses each in
Electricity I, Electronics I/Controls I, and a current National Electrical
Code course; and

b. 2,000 hours of work experience, at least 1,000 hours of which is in traffic
signal installations.

5. To sit for the limited electrician's examination in **house wiring**, the applicant must
meet the following education and work experience requirements:

a. 225 hours of electrical education consisting of 45 hour courses each in
Electricity I, Electricity II, Controls I, Blueprint Reading, and a current
National Electrical Code course; and

b. 4,000 hours of work experience, at least 2,000 hours of which is in house
wiring installations.

6. To sit for the limited electrician's examination in **refrigeration**, the applicant must
meet the following education and work experience requirements:
a. 270 hours of electrical education consisting of 45 hour courses each in Electricity I, Electricity II, Controls I, Controls II, Motors/Transformers, and a current National Electrical Code course; and

b. 6,000 hours of work experience, at least 3,000 hours of which is in refrigeration installations.

NOTE: A graduate of a community college electrical program in refrigeration or from an accredited institution is credited with 4,000 hours of experience upon graduation.

7. To sit for the limited electrician's examination in low energy (including fire alarms), the applicant must meet the following education and work experience requirements:

a. 270 hours of electrical education consisting of 45 hour courses each in Electricity I, Electricity II, Electronics I, Blueprint Reading, Controls I, and a current National Electrical Code course; and

b. 4,000 hours of work experience, at least 2,000 hours of which is in low energy installations.

NOTE: An applicant for a limited license in low energy, whose experience was obtained prior to June 24, 1987, is not required to sit for the examination. The applicant must document 4,000 hours of experience in the installation of low energy electronics, as defined by NFPA 70, the 1990 edition of the National Electrical Code.

8. To sit for the limited electrician's examination as a crane technician, the applicant must meet the following education and work experience requirements:

a. 135 hours of electrical education consisting of 45 hour courses each in Electricity I, Controls I, and a current National Electrical Code course; and

b. 2,000 hours of work experience in crane and hoist installations.

NOTE: An applicant for a limited license as a crane technician, whose experience was obtained prior to September 18, 1999, is not required to sit for the examination.

D. APPLICATION FOR EXAMINATION

1. An applicant for an examination shall submit all of the following:

a. Completed application;
b. The nonrefundable application fee required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees;”

c. Documentation of the education and experience required by Section 1(A), (B) or (C) of this Chapter; and

2. Incomplete or illegible applications will be returned to the applicant together with any attachments.

3. An applicant for examination must receive Board approval prior to sitting for an examination. Examination scores of applicants who take an examination prior to receiving Board approval will not be recognized.

4. Denied or abandoned applications requiring no further Board action will be destroyed after 6 months, and an applicant must file a new application in order to reapply.

2. EXAMINATIONS

The following provisions apply to examinations for journeyman, master and limited licenses.

A. The passing score for all examinations is 70%.

B. An application for examination remains valid for a period of 2 years from the date of receipt. An applicant who fails to pass the examination within 2 years of Board approval shall reapply as a new applicant.

In the case of a member of the United States Armed Forces, an extension may be granted if the applicant serves no more than 4 years. If required by some provision to serve a period longer than 4 years, the applicant shall submit satisfactory evidence of this provision and a further extension may be granted. The applicant shall notify the Electricians’ Examining Board of separation from the United States Armed Forces within 90 days after separation from service and sit for examination within 2 years from the date of separation.

NOTE: Refer to the Candidate Informational Bulletin for more examination information.

3. LICENSURE

A. JOURNEYMAN ELECTRICIAN

Upon passing the journeyman examination, an applicant for a journeyman license shall submit the application provided by the Board and the fees required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees.”
B. **MASTER ELECTRICIAN**

Upon passing the master examination, an applicant for a master license shall submit the application provided by the Board and the fees required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees.”

C. **LIMITED ELECTRICIAN**

Upon passing the limited examination, an applicant for a limited license shall submit the application provided by the Board and the fees required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees.”

D. **HELPER ELECTRICIAN**

1. An applicant for a helper license as set forth in 32 M.R.S.A. §1202(2) shall submit the application provided by the Board and the fees required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees.”

2. The minimum age for a helper is 16 years, unless the applicant is enrolled in an accredited regional applied technology high school 2-year electrical program.

E. **APPRENTICE ELECTRICIAN**

1. An applicant for an apprentice license as set forth in 32 M.R.S.A. §1202(2) shall submit the application provided by the Board and the fees required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees.”

2. An applicant for an apprentice license must be enrolled in the State Apprenticeship and Training Council and must show proof of enrollment.

3. The minimum age for an apprentice is 16 years.

F. **JOURNEYMAN-IN-TRAINING**

An applicant for a journeyman-in-training license as set forth in 32 M.R.S.A. §1202(1)(D) shall submit the application provided by the Board and the fees required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees.”
G. **WORK EXPERIENCE**

To be recognized for licensing purposes, work experience must meet the following requirements:

1. Unless an applicant was enrolled in an accredited regional applied technology high school 2-year electrical program at the time, only hours of work experience after the applicant’s sixteenth birthday are valid;

2. Unless overtime is verified to the Board's satisfaction, no credit for work experience shall be given for more than 40 hours per week; and

3. Experience applicable toward licensure after January 1, 2002 must be obtained with a valid license unless otherwise exempted.

H. **IDENTIFICATION OF LICENSEE**

A person validly licensed as an electrician pursuant to 32 M.R.S.A. Chapter 17 shall be issued a pocket card, which shall include the name of the person, the number and type of license and the time period for which the license is valid. The pocket card must be carried by the licensee at all times when acting in the course of the trade and must be displayed upon request.

4. **RENEWAL; CONTINUING EDUCATION; LATE RENEWALS**

A. **Renewal.** All licenses expire 2 years from date of issuance. To renew a license, the licensee shall follow the online renewal procedure prescribed by the Board and shall remit the license fee required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration.

B. **Continuing Education.** A master electrician, journeyman electrician, limited electrician, or journeyman-in-training shall also certify at time of renewal to completion of an approved 15 hour current National Electrical Code update course according to the schedule below. This certification is subject to audit pursuant to Chapter 13 of the rules of the Office of Licensing and Registration, entitled “Uniform Rule for the Substantiation of Continuing Education Requirements.”

**NOTE:** The National Electrical Code Update Schedule is based on an assumed 3 year code cycle and subject to actual publication dates by the National Electrical Code.

C. A license may be renewed up to 90 days after expiration upon payment of the late fee required by Chapter 11, Section 2(1) of the rules of the Office of Licensing and Registration, entitled “Late Renewals,” in addition to the license fee.

### 5. LICENSE REINSTATEMENT

A master, limited or journeyman electrician who submits an application for renewal more than 90 days after the license expiration date shall be subject to one of the following conditions:

A. **More than 90 Days but less than 2 Years.** The licensee who fails to renew a license for more than 90 days but not more than 2 years after the date of expiration may reinstate the license without taking the examination by filing a new application for renewal and paying the license and late renewal fees required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees” and
Chapter 11, Section 3 of the rules of the Office of Licensing and Registration, entitled “Late Renewals;”

B. **More than 2 Years but less than 10 Years.** The licensee who fails to renew a license for more than 2 years but less than 10 years after the date of expiration may request a hearing at a scheduled meeting of the Board to determine eligibility. The Board, in its discretion, may reinstate the license upon payment of the applicable licensee and late renewal fees and upon such conditions as may be necessary to ensure that the licensee is qualified to resume practice; or

C. **More than 10 Years.** An individual who fails to renew a license for more than 10 years from the date of expiration may obtain a new license by satisfying all of the requirements of 32 M.R.S.A. Chapter 17 and these rules.

6. **REJECTED APPLICATIONS**

Denied or abandoned applications requiring no further Board action will be destroyed after 6 months, and an applicant must file a new application in order to reapply.

STATUTORY AUTHORITY: 32 M.R.S.A. §§ 1153, 1202, and 1204

EFFECTIVE DATE:
   February 16, 1986 (as "Licensing")

AMENDED:
   January 10, 1988
   December 27, 1989 (as "Licensing Application Procedure")
   June 10, 1996

REPEALED AND REPLACED:
   July 15, 2000 (as "Examination and Licensing Requirements")
   September 1, 2008 – filing 2008-363
Chapter 135: ELECTRICAL PERMITS

Summary: This chapter identifies the types of licensee who may apply for an electrical permit, requires that the licensee applying for a permit must personally sign the application, prohibits a licensee from signing a permit application on behalf of or in the name of another licensee, requires that the permit fee be paid at time of application, and states that a person who applies for a permit is legally and professionally responsible for compliance with the electrical laws and rules relating to the installation for which the permit was requested.

1. Application for Electrical Permit

   Application for an electrical permit pursuant to 32 M.R.S.A. §1102-B may be made only by:
   
   1. An individual master electrician; or
   2. An individual limited electrician, for an installation within the scope of the licensee’s limited practice.

   The application must be personally signed by the master electrician or limited electrician applying for the permit. A licensee may not sign an application on behalf of or in the name of another licensee, even if authorized to do so by the other licensee.

2. Fees

   An application for an electrical permit must be accompanied by the fees required by Chapter 10, Section 5(15) of the rules of the Department of Professional and Financial Regulation, Office of Licensing and Registration entitled “Establishment of License Fees.”

3. Responsibility

   A master electrician or limited electrician who applies for an electrical permit is legally and professionally responsible for compliance with all laws and rules enforceable by the board with respect to the installation for which the permit was requested.

STATUTORY AUTHORITY: 32 M.R.S.A. §1102-B(2) and (4), §1153, §1153-A

EFFECTIVE DATE:
   July 19, 2011 – filing 2011-240
SUMMARY: This chapter sets forth the fees to be charged by the Board.

1. **APPLICATION FEE** (non-refundable) $25.00

2. **EXAMINATION FEE** (listed in Bulletin of Information from the testing company with whom the Board contracts)

3. **LICENSE AND RENEWAL FEES**

   The following licenses will be issued for a two-year period:

   Master $150.00  
   Master (Inactive) $75.00  
   Journeyman $80.00  
   Journeyman (Inactive) $40.00  
   Limited $100.00  
   Limited (Inactive) $50.00  
   Journeyman-in-training $80.00  
   Helper $20.00  
   Apprentice $20.00  
   Electrical Company $0.00  

   Individuals 70 years of age or older - all categories $20.00

4. **DUPLICATE LICENSE** $10.00

5. **LICENSE CERTIFICATION FEE** $10.00

6. **LATE RENEWAL FEE** (Up to 90 days late) $10.00
7. **PENALTY FOR LATE RENEWAL OVER 90 DAYS**

Penalty fees are in addition to the license renewal fee. Penalty fees are as listed below if the renewal is made within 2 years from the date of the expiration.

SUMMARY: This Chapter defines the procedures for qualifying for licensure by reciprocity.

1. RECIPROCAL AGREEMENTS

A. At the request of the electricians' licensing authority in another state (the "reciprocal state"), or upon its own initiative, the Board shall determine whether the reciprocal state's standards for licensure are sufficient to establish that an electrician licensed in the reciprocal state is qualified to make electrical installations in Maine without taking the examination, which is otherwise required under 32 M.R.S.A. §1203. In making this determination, the factors the Board shall consider include, but need not be limited to, the type of examination administered, the passing score and provisions (if any) for waiver of examination, and the length of time those standards have been in effect.

B. If the reciprocal state uses different terminology for its licensing grades than Maine uses, or uses the same terms with different meanings, a reciprocity agreement shall specify which degrees of licensure are subject to reciprocity.

C. Any individual licensed by reciprocity shall comply with the Maine statutes and rules governing electricians while engaged in electrical installations in the State of Maine, including continuing education requirements.

D. If a reciprocity agreement is terminated by either Maine or the reciprocal state, no new licenses may be granted on the basis of that agreement, but the termination of the agreement shall not impair the validity or renewability of licenses previously issued under the agreement.

2. APPLICATION

A. If a reciprocity agreement has been ratified by both the Board and the licensing authority in the reciprocal state, any electrician licensed in the reciprocal state shall be issued a Maine license of the equivalent degree. Applicants for reciprocity shall submit all of the following:

1. Completed application;

2. The nonrefundable application fee required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees;”
3. The license fee required by Chapter 10, Section 5(15) of the rules of the Office of Licensing and Registration, entitled “Establishment of License Fees;”

4. Documentation of six years of licensed working experience; and

5. License verification from the reciprocal state.

Summary: This Chapter sets forth an applicant or licensee’s right to appeal certain board actions.

APPEAL OF LICENSE DENIAL

An applicant or licensee may appeal a license denial to the Board by filing a request for hearing with the Board in writing within 30 days of the applicant’s or licensee’s receipt of notice of the denial. An adjudicatory hearing will be scheduled upon receipt of a timely appeal. Non-timely appeals will be denied without hearing.
