

STATE OF MAINE

—  
IN THE YEAR OF OUR LORD  
TWO THOUSAND TWENTY-ONE

—  
S.P. 50 - L.D. 791

**An Act Regarding Telehealth Regulations**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** in response to COVID-19, the Governor has declared a state of civil emergency and, pursuant to that proclamation, the Governor has issued an executive order authorizing licensed health care providers to provide telehealth services until the end of the state of civil emergency; and

**Whereas,** this legislation permits licensed health care providers to provide telehealth services on an ongoing basis as long as they act within the scope of practice of their licenses in accordance with any requirements and restrictions imposed by law and in accordance with standards of practice; and

**Whereas,** this legislation authorizes the licensing boards for these health care providers to adopt rules to establish standards of practice and restrictions for telehealth services; and

**Whereas,** it is important that this legislation take effect as soon as possible so that the rules can be adopted in an expedient manner; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**PART A**

**Sec. A-1. 22 MRSA §3173-H, sub-§1, ¶D,** as amended by PL 2019, c. 649, §1, is further amended to read:

D. "Telehealth," as it pertains to the delivery of MaineCare services, means the use of ~~interactive visual and audio or other electronic media for the purpose of consultation and education concerning and diagnosis, treatment, care management and self-management of a patient's physical and mental health~~ information technology and

~~includes real-time interaction between the patient and the patient's provider, electronic consultation between health professionals regarding the patient, synchronous encounters, asynchronous encounters, store and forward transfers and remote patient monitoring. "Telehealth" includes telephonic services when interactive telehealth services are unavailable or when a telephonic service is medically appropriate for the underlying covered service telemonitoring.~~

**Sec. A-2. 22 MRSA §3173-H, sub-§1, ¶E**, as amended by PL 2019, c. 649, §1, is further amended to read:

E. "Telemonitoring," as it pertains to the delivery of MaineCare services, means the use of information technology to remotely monitor a patient's health status via electronic means ~~through the use of clinical data while the patient remains in a residential setting~~, allowing the provider to track the patient's health data over time. Telemonitoring may ~~or may not take place in real time~~ be synchronous or asynchronous.

**Sec. A-3. 22 MRSA §3173-H, sub-§6** is enacted to read:

**6. Consent for telehealth and telemonitoring services.** A patient may provide verbal, electronic or written consent for telehealth and telemonitoring services under this section.

**Sec. A-4. 24-A MRSA §4316, sub-§1**, as amended by PL 2019, c. 649, §3, is further amended to read:

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Mobile health device" means a wearable device used to track health and wellness, including, but not limited to, a heart rate and respiratory monitor, an electrocardiogram monitor and a glucose monitor.

A-1. "Medicare" means the "Health Insurance for the Aged Act," Title XVIII of the Social Security Amendments of 1965, as amended.

B. "Store and forward transfers" means transmission of an enrollee's recorded health history through a secure electronic system to a provider.

B-1. "Asynchronous encounters" means the interaction or consultation between an enrollee and the enrollee's provider or between providers regarding the enrollee through a system with the ability to store digital information, including, but not limited to, still images, video, audio and text files, and other relevant data in one location and subsequently transmit such information for interpretation at a remote site by health professionals without requiring the simultaneous presence of the patient or the health professionals.

B-2. "Synchronous encounters" means a real-time interaction conducted with interactive audio or video connection between an enrollee and the enrollee's provider or between providers regarding the enrollee.

C. "Telehealth," as it pertains to the delivery of health care services, means the use of ~~interactive real-time visual and audio or other electronic media for the purpose of consultation and education concerning and diagnosis, treatment, care management and self-management of an enrollee's physical and mental health~~ information technology

and includes ~~real-time interaction between the enrollee and the telehealth provider, synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring. "Telehealth" does not include the use of audio-only telephone, facsimile machine, e-mail or texting.~~

D. "Telemonitoring," as it pertains to the delivery of health care services, means the use of information technology to remotely monitor an enrollee's health status via electronic means ~~through the use of clinical data while the enrollee remains in a residential setting,~~ allowing the provider to track the enrollee's health data over time. Telemonitoring may ~~or may not take place in real time~~ be synchronous or asynchronous.

E. ~~"Telephonic services," as it pertains to the delivery of health care services, means the use of telephone communication by a provider at a distance for the purpose of diagnosis, disease monitoring or treatment.~~

**Sec. A-5. 24-A MRSA §4316, sub-§2,** as corrected by RR 2019, c. 2, Pt. A, §28, is amended to read:

**2. Parity for telehealth services.** A carrier offering a health plan in this State may not deny coverage on the basis that the health care service is provided through telehealth if the health care service would be covered if it were provided through in-person consultation between an enrollee and a provider and as long as the provider is acting within the scope of practice of the provider's license and in accordance with rules adopted by the board, if any, that issued the provider's license related to standards of practice for the delivery of a health care service through telehealth. Coverage for health care services provided through telehealth must be determined in a manner consistent with coverage for health care services provided through in-person consultation. If an enrollee is eligible for coverage and the delivery of the health care service through telehealth is medically appropriate, a carrier may not deny coverage for telehealth services. A carrier may offer a health plan containing a provision for a deductible, copayment or coinsurance requirement for a health care service provided through telehealth as long as the deductible, copayment or coinsurance does not exceed the deductible, copayment or coinsurance applicable to a comparable service provided through in-person consultation. A carrier may not exclude a health care service from coverage solely because such health care service is provided only through a telehealth encounter, as long as telehealth is appropriate for the provision of such health care service.

**Sec. A-6. 24-A MRSA §4316, sub-§3, ¶G** is enacted to read:

G. The carrier may not place any restriction on the prescribing of medication through telehealth by a provider whose scope of practice includes prescribing medication that is more restrictive than any requirement in state and federal law for prescribing medication through in-person consultation.

**Sec. A-7. 24-A MRSA §4316, sub-§5,** as enacted by PL 2019, c. 289, §2, is repealed.

**Sec. A-8. 24-A MRSA §4316, sub-§10** is enacted to read:

**10. Network adequacy.** The availability of health care services through telehealth may not be considered for the purposes of demonstrating the adequacy of a carrier's network pursuant to section 4303, subsection 1 and Bureau of Insurance Rule Chapter 850: Health Plan Accountability.

## PART B

Sec. B-1. 32 MRSA §69 is enacted to read:

### §69. Telehealth services

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between an individual and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the individual and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of an individual's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between an individual and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor an individual's health status via electronic means, allowing the person licensed under this chapter to track the individual's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

Sec. B-2. 32 MRSA c. 9, sub-c. 6 is enacted to read:

### SUBCHAPTER 6

## TELEHEALTH SERVICES

### **§566. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

### **§567. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

### **§568. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

### **§569. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

### **§570. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-3. 32 MRSA §1533** is enacted to read:

**§1533. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between an individual and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the individual and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of an individual's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between an individual and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor an individual's health status via electronic means, allowing the person licensed under this chapter to track the individual's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The director shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-4. 32 MRSA c. 31, sub-c. 7** is enacted to read:

**SUBCHAPTER 7**

**TELEHEALTH SERVICES**

### **§2266. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

### **§2267. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

### **§2268. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

### **§2269. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

### **§2270. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-5. 32 MRSA §2287** is enacted to read:

**§2287. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-6. 32 MRSA c. 34-A, sub-c. 6** is enacted to read:

**SUBCHAPTER 6**

**TELEHEALTH SERVICES**

**§2447. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

#### **§2448. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

#### **§2449. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

#### **§2450. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

#### **§2450-A. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-7. 32 MRSA c. 36, sub-c. 8** is enacted to read:

### **SUBCHAPTER 8**

## TELEHEALTH SERVICES

### §2600-AA. Definitions

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

### §2600-BB. Telehealth services permitted

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

### §2600-CC. Confidentiality

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

### §2600-DD. Professional responsibility

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

### §2600-EE. Rulemaking

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-8. 32 MRSA §3120** is enacted to read:

**§3120. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-9. 32 MRSA c. 48, sub-c. 4** is enacted to read:

**SUBCHAPTER 4**

**TELEHEALTH SERVICES**

### **§3300-AA. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

### **§3300-BB. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

### **§3300-CC. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

### **§3300-DD. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

### **§3300-EE. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-10. 32 MRSA c. 51, sub-c. 4** is enacted to read:

## SUBCHAPTER 4

### TELEHEALTH SERVICES

#### **§3661. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

#### **§3662. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

#### **§3663. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

#### **§3664. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

#### **§3665. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions

for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-11. 32 MRSA c. 56, sub-c. 4** is enacted to read:

#### **SUBCHAPTER 4**

#### **TELEHEALTH SERVICES**

##### **§3841. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

##### **§3842. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

##### **§3843. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

##### **§3844. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**§3845. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-12. 32 MRSA §4879** is enacted to read:

**§4879. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and

appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-13. 32 MRSA c. 81, sub-c. 5** is enacted to read:

## **SUBCHAPTER 5**

### **TELEHEALTH SERVICES**

#### **§6231. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a client and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the client and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a client's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a client and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a client's health status via electronic means, allowing the person licensed under this chapter to track the client's health data over time. Telemonitoring may be synchronous or asynchronous.

#### **§6232. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

#### **§6233. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

#### **§6234. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

### **§6235. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-14. 32 MRSA c. 83, sub-c. 4** is enacted to read:

## **SUBCHAPTER 4**

### **TELEHEALTH SERVICES**

#### **§7071. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a client and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the client and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a client's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a client and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a client's health status via electronic means, allowing the person licensed under this chapter to track the client's health data over time. Telemonitoring may be synchronous or asynchronous.

#### **§7072. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

#### **§7073. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**§7074. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**§7075. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-15. 32 MRSA §9714** is enacted to read:

**§9714. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that

apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-16. 32 MRSA §9863** is enacted to read:

**§9863. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules

adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-17. 32 MRSA §9916** is enacted to read:

**§9916. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between an individual and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the individual and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of an individual's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between an individual and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor an individual's health status via electronic means, allowing the person licensed under this chapter to track the individual's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-18. 32 MRSA c. 113-B, sub-c. 7** is enacted to read:

**SUBCHAPTER 7**

## TELEHEALTH SERVICES

### **§12611. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

### **§12612. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

### **§12613. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

### **§12614. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

### **§12615. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

Sec. B-19. 32 MRSA c. 117, sub-c. 15 is enacted to read:

## SUBCHAPTER 15

### TELEHEALTH SERVICES

#### §13848. Definitions

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

#### §13849. Telehealth services permitted

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

#### §13849-A. Confidentiality

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

#### §13849-B. Professional responsibility

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

#### §13849-C. Rulemaking

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-20. 32 MRSA §13868** is enacted to read:

**§13868. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between a client and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the client and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of a client's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a client and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor a client's health status via electronic means, allowing the person licensed under this chapter to track the client's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-21. 32 MRSA §14363** is enacted to read:

### **§14363. Telehealth services**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Asynchronous encounter" means an interaction between an individual and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the individual and the person licensed under this chapter.

B. "Store and forward transfer" means the transmission of individual's records through a secure electronic system to a person licensed under this chapter.

C. "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between an individual and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

D. "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

E. "Telemonitoring" means the use of information technology to remotely monitor an individual's health status via electronic means, allowing the person licensed under this chapter to track the individual's health data over time. Telemonitoring may be synchronous or asynchronous.

**2. Telehealth services permitted.** A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this section and in accordance with standards of practice.

**3. Confidentiality.** When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

**4. Professional responsibility.** All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

**5. Rulemaking.** The commissioner shall adopt rules governing telehealth services by persons licensed under this chapter. These rules shall establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this subsection are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Sec. B-22. 32 MRSA c. 137, sub-c. 4** is enacted to read:

#### **SUBCHAPTER 4**

#### **TELEHEALTH SERVICES**

### **§17401. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Asynchronous encounter.** "Asynchronous encounter" means an interaction between a patient and a person licensed under this chapter through a system that has the ability to store digital information, including, but not limited to, still images, video files, audio files, text files and other relevant data, and to transmit such information without requiring the simultaneous presence of the patient and the person licensed under this chapter.

**2. Store and forward transfer.** "Store and forward transfer" means the transmission of a patient's records through a secure electronic system to a person licensed under this chapter.

**3. Synchronous encounter.** "Synchronous encounter" means a real-time interaction conducted with an interactive audio or video connection between a patient and a person licensed under this chapter or between a person licensed under this chapter and another health care provider.

**4. Telehealth services.** "Telehealth services" means health care services delivered through the use of information technology and includes synchronous encounters, asynchronous encounters, store and forward transfers and telemonitoring.

**5. Telemonitoring.** "Telemonitoring" means the use of information technology to remotely monitor a patient's health status via electronic means, allowing the person licensed under this chapter to track the patient's health data over time. Telemonitoring may be synchronous or asynchronous.

#### **§17402. Telehealth services permitted**

A person licensed under this chapter may provide telehealth services as long as the licensee acts within the scope of practice of the licensee's license, in accordance with any requirements and restrictions imposed by this subchapter and in accordance with standards of practice.

#### **§17403. Confidentiality**

When providing telehealth services, a person licensed under this chapter shall comply with all state and federal confidentiality and privacy laws.

#### **§17404. Professional responsibility**

All laws and rules governing professional responsibility, unprofessional conduct and generally accepted standards of practice that apply to a person licensed under this chapter also apply to that licensee while providing telehealth services.

#### **§17405. Rulemaking**

The board shall adopt rules governing telehealth services by persons licensed under this chapter. These rules must establish standards of practice and appropriate restrictions for the various types and forms of telehealth services. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.
