 Office Hours: 8am to 6pm

GENERAL TESTING INFORMATION

The State of Maine Office of Professional and Occupational Regulation “agency” oversees the licensing process for professional licensing. The State has contracted with Prov, Inc. to develop its licensing examination program for professional occupations. This bulletin has been developed to help explain the rules and processes candidates will need to undertake to complete the testing requirement for their professional licenses. To become licensed, a candidate must demonstrate competency by passing the required exam or exams in their professional field for which licensure is being sought. Candidates must receive approval from the agency before scheduling an appointment to take the exam.

Prov is not authorized to make the determination of which examination(s) candidates must take. If a candidate is unsure which exam is needed for the license being sought resolve this question before registering. Candidates with questions on examination and licensing eligibility can visit www.maine.gov/professionallicensing.

To be eligible to take an exam, individuals must meet certain experience and/or education requirements. The requirements are different depending upon which type of license individuals are trying to obtain. Check online at www.maine.gov/pfr/professionallicensing to verify what requirements are needed for each type of license. Before an exam, individuals must first be approved by the agency to take an examination. The agency will send a written notification to individuals qualified to take an exam on the procedures to schedule an exam appointment.

The following is a list of the examinations administered by Prov for licensing. Detailed information about exam content, duration and reference materials can be found in the Exam Descriptions section of this document.

The exam costs vary from \$65 to \$90 depending on which exam category you are taking.

EXAMINATION CATEGORIES AND COST

Master Electrician	\$90
Journeyman Electrician	\$90
Limited Electrician - Low Energy	\$65
Limited Electrician - House Wiring	\$65
Limited Electrician - Gasoline Dispensing	\$65
Limited Electrician - Outdoor Signs	\$65
Limited Electrician - Refrigeration	\$65
Limited Electrician - Traffic Signals, including Outdoor Lighting of Traffic Signals	\$65
Limited Electrician - Water Pumps	\$65
Limited Electrician - Cranes	\$65

Examination Category - Elevator

Elevator Inspector	\$90
Elevator Mechanic	\$90
Lift Mechanic	\$90

Examination Category-Fuel Technician

Delivery Technician Authority	\$90
Master Solid Fuel Technician	\$65
Journeyman Solid Fuel Technician	\$65
Master Oil Burner Technician - 1 & 2 Oils (up to 15 gph)	\$90
Master Oil Burner Technician - 1 & 2 Oils (over 15 gph)	\$90
Master Oil Burner Technician - 4, 5 & 6 Oils	\$90
Journeyman Oil Burner Technician - 1 & 2 Oils (up to 15 gph)	\$90
Journeyman Oil Burner Technician - 1 & 2 Oils (over 15 gph)	\$90
Journeyman Oil Burner Tech - 4, 5, & 6 Oils	\$90
Plant Operator Authority	\$90
Propane and Natural Gas Tank Setter and Outside Piping Technician	\$90
Propane and Natural Gas Appliance Connection and Service Technician	\$90
Propane and Natural Gas Large Equipment Installation and Service Technician	\$90

Examination Category - Plumber

Master Plumber	\$65
Journeyman Plumber	\$65

Examination Category - Boiler

Boiler Inspector	\$90
Boiler Operator	\$90

Examination Category-Steam Engineer

First Class Stationary Steam Engineer	\$65
Second Class Stationary Steam Engineer	\$65
Third Class Stationary Steam Engineer	\$65

Fourth Class Stationary Steam Engineer	\$65
--	------

**Examination Category - Geologist and Soil
Scientist**

Geologist Certification	\$100
Maine Soil Scientist	\$50

TESTING WITH PROV

Your exam will be administered by computer at one of Prov's testing centers. Prov's testing system is easy to use and requires no specific computer experience to take the test.

The following link will take you to a short video that demonstrates Prov's testing system:

<https://youtu.be/h3T9svnldLY>.

WHERE TO TAKE YOUR EXAM

You may take your examination at any of Prov's testing facilities nationwide. Within Maine, Prov has four (4) testing centers where candidates can take their examinations. These testing centers are located in Auburn, Bangor, Portland and Presque Isle. Site addresses, testing availability, and drive directions are provided at the end of this bulletin.

HOW TO SCHEDULE ONLINE

1. To schedule online, navigate to the following URL:
<https://www.provexam.com/schedule>
2. Enter your identifying information into the system. The State has already shared your testing information with Prov. We need to locate your information within our system.

Follow the on-screen fields to enter your Known Candidate ID and your Last Name. The Candidate ID will be your Maine License ID. Please enter all of the numbers.

Then, enter your last name and select the **Retrieve Details** button.

3. On the Welcome Screen, you will schedule a Date, Time, and Location for your exam by selecting the link labeled:

 [Find suitable time and venue](#)

4. The scheduling system will display a map to graphically show where the different testing centers are located. Select a testing center from the list of centers to the right of the map.
5. Select the SCHEDULE link to check the calendar for the testing center.

6. Select a test **date** and **time** from the calendar that matches your schedule.
7. Confirm your selected date and time and select **Add to Cart**.
8. Proceed to payment. If you have provided an email address, the invoice for your exam payment will be automatically emailed to you. An email will be sent to you confirming your scheduled date/time and location.

If you have any problems with online scheduling, give us a call at (801) 733-4455.

SCHEDULING BY PHONE

To schedule an examination by phone, candidates should contact Prov toll free at 801-733-4455. Prov scheduling staff is available 8:00 a.m. through 6:00 p.m. ET, Monday through Friday.

Candidates should be prepared to provide the Prov scheduling staff with their name, Prov Candidate ID and their zip code.

Once Prov confirms the candidate's identity, Prov staff will search the database for the next available testing session at the candidate's preferred testing location and will provide candidates with alternate locations that may be in close proximity to their address. Once scheduled, Prov staff will email them information regarding their testing schedule.

CANCEL/RESCHEDULING POLICY

If you need to change or cancel their testing appointment, you must contact Prov at least **three (3) business days** prior to your scheduled test date. Rescheduling is free if Prov is notified by the deadline.

If you fail to appear for their test or fail to cancel or reschedule your testing session by the close of business three days prior to their scheduled test date, you will forfeit your exam fees.

PREPARING FOR YOUR EXAMS

The licensing examinations that candidates will take are designed to test what qualified professionals should know in the trade’s field. The test questions used on the examinations have been prepared by contractors and cover the wide range of topics candidates would normally encounter in their particular field.

Prov recommends that candidates prepare for their tests by familiarizing themselves with the exam references with emphasis on the subject areas listed in each exam description.

Candidates who are familiar with their reference materials will spend less time searching for answers during the exam.

EXAM DESCRIPTIONS

ELECTRICAL EXAMINATIONS

All Electrician examinations are delivered in OPEN book format.*

*The only book allowed for all electrician tests is the SOFTCOVER version of the 2023 edition of the National Electrical Code The hard cover Handbook to the NEC is NOT allowed. The book may have tabs, be written in, highlighted, or underlined as desired. The book can NOT have anything stapled, taped, glued, or otherwise inserted into it.

Master Electrician

Those who have the knowledge and skills to install, repair, alter, add to or change any electrical wires, fixtures, appliances, apparatus, raceways, conduit or any part thereof; which generates, transmits, transforms or utilizes electrical energy in any form for light, heat, power or communications, all in compliance with applicable plans, specifications, codes, laws and regulations.

Number of Questions	100
Time allowed (hours)	4
Subject Area	# Quest.
General Electrical Knowledge	15

Communication Systems	2
Equipment for General Use	15
Service Feeders and Branch Circuits	4
Motors & Controls	4
Special Conditions	4
Special Equipment	7
Special Occupancies	6
Wiring & Protection	19
Wiring Methods & Materials	24

References

- **NFPA 70 - National Electrical Code 2023**, 2023. National Fire Protection Association, 1 Batterymarch Park, Quincy, MA 02169-7471.

Journeyman Electrician

A Journeyman Electrician is qualified and tested to perform work in the electrical trades and test a candidate's knowledge of the planning, installation, repair, alteration, and maintenance of electric conductors, raceways, and equipment for light, heat, and power while employed by a Master Electrician.

Number of Questions	80
Time allowed (hours)	3

Subject Area	# Quest.
General Electrical Theory & Principles	10
Wiring & Protection	16
Service Feeders and Branch Circuits	5
Wiring Methods & Materials	12
Motors & Controls	11
Equipment for General Use	12
Special Occupancies	5

TEST DAY RULES AND PROCEDURES

Check-in Deadline

The doors to each testing center will open at least 15 minutes before all scheduled testing appointments in order to check candidates into the testing center. You should plan to arrive early to make sure you are seated by the time the testing begins. If you arrive late, AND the testing session has already begun, YOU WILL BE TURNED AWAY, will forfeit your exam fees, and will be required to reschedule for a future testing date.

Proof of Identity

Upon arriving at the testing center, you will be required to show government-issued, photo-bearing identification. The photo-bearing ID must be current and valid. Forms of valid photo-bearing ID are a driver's license, passport, or military ID.

You will also be required to sign a test center log and will be photographed by the test center staff. If you cannot produce a valid government-issued photo ID, refuse to participate in signing the test center log, or refuse to be photographed, you will be dismissed from the testing center and forfeit all testing fees for that testing session.

If you do not have a photo ID, you may still present a valid State driver's license without a photo, a State ID card without a photo that is issued by the DMV, or a birth certificate.

Prohibited Items

No cameras, recorders, cell phones or other communication devices are allowed in the testing room. Talking and smoking are not allowed in the testing room.

Approved Items

You may bring the following approved items into the testing center:

- **Pencils.**
- **Calculator.** Only simple 4-function calculators are permitted. PDAs, tablets, cell phones or other special calculators are NOT permitted.
- **Approved References.** (See information below)

Visitor Policy

No one other than the candidate will be allowed in the testing room. Non-testing visitors are NOT permitted to wait in the lobby while candidates test.

Unethical Conduct Policy

Any individual caught giving or receiving assistance during or after the examination or caught using unauthorized materials during the examination will be reported directly to the Department. Those caught in the act of cheating will be dismissed from the examination and their testing results will be frozen. Furthermore, the candidate will forfeit the examination fees paid. Finally, anyone caught with test questions in their possession, either during or following the examination will be prosecuted by Prov for theft of copyrighted testing materials.

RESULTS REPORTING

Upon completion of an examination, a candidate's test will be scored, and he/she will be provided with a score result while at the testing center. There is no charge for the on-site scoring.

Computer-delivered tests will be scored in one minute and results can be obtained any time after the exam is scored. Candidates participating in this testing program can access their scores at any time (24/7) online by going to our website at www.provexam.com, entering their Candidate ID and the password to access their candidate account. Upon reaching the candidate home page inside of Arkiv, candidates can select the MY ACCOUNT Tab and then the EXAM HISTORY button and see the results of all the exams they have taken with Prov.

All exams, with the exception of the Master Plumber, Elevator Inspector, Elevator Mechanic, and Lift Mechanic require a 70% passing score and will be scored and graded against a cut-score of 70%. The

Master Plumber exam requires a 75% passing score and will be scored and graded against a cut-score of 75%. The Elevator Inspector, Elevator Mechanic, and Lift Mechanic exams require an 80% cut-score and will be scored and graded against a cut-score of 80%. Because the examination process is a requirement for licensure with the State of Maine, candidates automatically consent to permit Prov to give their test results with the State.

REVIEWS

Reviews are intended to help candidates audit their testing results by allowing them to see which questions were missed.

Candidates may request a review of their exam after failing an exam category two (2) times. To be eligible for a review, candidates must score within 10% of the required 70% or 75% passing score. The review for all tests is 1-1/2 hours in length. The review will be conducted under the same testing conditions as the exam using the same test security rules. The cost of the review is the same as the cost of the exam. Candidates will request or schedule a review using the same methods described earlier for scheduling.

RETESTING POLICY

Plumber Failed examinations can be retaken as often as is necessary during the two-year window. Oil/Solid Fuel and Propane/Natural Gas Failed examinations have no restrictions on re-testing, although the two-year window applies.

Electrician Failed examinations have no restrictions on re-testing, although the two-year window applies.

Boiler Operator/Stationary Steam Engineer Failed examinations have no restrictions on retesting, although the two-year window applies. Candidates cannot retake an exam once they have passed that exam.

EXAM CHALLENGE PROCESS

If during an exam, the candidates encounter a question they think is inaccurate or otherwise incorrect, they are encouraged to make their comments in the testing system.

Candidates who are reviewing an exam are also encouraged to make their comments in the testing system.

Prov staff will review each comment within two weeks of the submission. Should any comment result in a change to a test question and/or candidate score, Prov will report the change to the State of Maine Professional Licensing. The Board will notify the candidate of the score change and issue a new result letter. Detailed answers to questions or comments are not provided for test security purposes.

HAND SCORE REQUEST

Prov ensures the accuracy of our exam results. Our computer system is designed to identify and report any potential error in data collected from an exam session.

If you would like to have your score reassessed for accuracy, you can request a Hand Score by calling Prov at 1-801-733-4455 and asking for a Hand Score Request Form. A Hand Score Request form requires a signature and must be mailed to Prov. Forms must be received by Prov no later than ninety (90) days after your examination administration date and must be accompanied by a copy of your original score letter. Once a Hand Score is received, Prov Staff will process the request within seven (7) to ten (10) business days.

During the Hand Score process a staff member will ensure that your answers were properly recorded and scored by comparing the captured answers to the exam key. Upon completion of the Hand Score, we will provide a letter by mail to report the outcome of the reassessment. The cost of the hand score is \$25.00.

PROV'S NON-DISCRIMINATION STATEMENT

Prov provides equal access to its exams and testing programs for all eligible persons. Although individual jurisdictions that Prov represents are wholly responsible for determining eligibility of candidates, it is the policy of Prov to maintain an environment free of discrimination and to prohibit discrimination and harassment against any person based on race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and veteran, marital or family status. Harassment of Prov program participants, proctors, staff or candidates will not be tolerated. If candidates wish to express concerns about discrimination, they should contact Prov.

SPECIAL ACCOMMODATIONS

Prov complies with the Americans with Disabilities Act (ADA) in providing special accommodations for candidates that require additional assistance during the testing process. If candidates feel that they qualify for special accommodation during the testing, they should contact Prov at (801) 733-4455. Prov will require written documentation from a licensed physician or psychologist documenting the disability and further require a request describing the requested remedy. Prov will then work directly with the candidates to make the accommodation they will need to complete their examination.

EXAM TEST SITE AVAILABILITY

You may take the examination at any one of Prov’s testing centers located in the U.S. You can also take the exam at home using Prov’s Examroom® service.

What is Examroom?

Examroom is a remote test monitoring service that allows you to take the test on your own computer at your home. You schedule the test the same way you would an in-person testing site; by selecting your preferred test date and time. Then, on test day, you log into the Examroom website and request to start your exam. A test proctor will greet you over your computer, verify your identity, take your picture, and observe you throughout the testing process.

How to decide whether to use Examroom? **Not every computer system is capable of taking a test on Examroom.**

The following are the **MINIMUM** requirements that your computer system would need in order to qualify to take the test using the Examroom service:

- Operating system on computer needs to be recent (less than 3-4 years old)
- Works on a MAC, PC, or Chromebook
- Need either a Chrome or Firefox browser (Chrome works best)
- Need a functioning computer web-camera and microphone
- Need a good consistent Internet connection capable of **uploading** files in excess of 3 Mbps

Please use the following link to do a system check **before you schedule** the exam to make sure your computer system will support testing using the Examroom Service.

<https://examroom.ai/systemtest/>

When prompted “Permission to access camera and microphone”, you must click “Allow”.

Please note, a fully-charged cell phone with access to a camera will be needed for a room-scan during the onboarding process.

If your system does not allow you to test at home, Prov has Chromebooks available to you to use during your exam. For more information and to reserve a Chromebook, please call (801) 733-4455 and ask about the rental policy.

Fixed Testing Locations

The following are the existing testing sites within Maine and days each site is available to give you your exam. Note that sites may change as needed. Please refer to the current online scheduling system to find available testing times for each location.

The sites shown below are fixed locations where you may take your **examination**. The asterisk (*) on the chart shows which days of the week the exams are available for scheduling.

TESTING SITE AVAILABILITY

The following are the existing testing sites and testing days of the week. Note that sites may change as needed. Please refer to the current online scheduling system to find available testing times for each location.

Location	Monday	Tuesday	Wednesday	Thursday	Friday
Auburn - CMCC	*	*	*	*	
Bangor - UTC	*				
Presque Isle - NMCC		*	*	*	

TEST SITE LOCATIONS

1. **Central Maine Community College**
Jalbert Hall
1250 Turner Street
Auburn, Maine 04210

Directions: The testing center is in Jalbert Hall on the Central Maine Community College campus. When driving into the campus, take the first road to the right. Park in the first available parking area. Enter through the door that is marked "College Store." From this entrance, you will need to go up one level and follow the signs to the library. The testing center is across from the library entrance.

2. **United Technologies Center**
Testing Services
200 Hogan Rd
Bangor, Maine 04401

Directions: The testing center is located at the intersection of Hogan Road and Mount Hope Avenue in Bangor, Maine - directly across from the Maine Dept. of Transportation office and maintenance lot. Park in one of the large parking areas and look for our flagpole, where the entrance will be.

3. **Northern Maine Community College**
33 Edgemont Drive
Presque Isle, Maine 04769

Directions: For directions and a campus map please visit <http://www.nmcc.edu/about-nmcc/campus/directions/campus-map/>. Parking is next to the building.

SAMPLE TEST QUESTIONS

The following are sample questions that reflect the format and style of the questions found on exams.

1. Employers are required to notify employees of changes in policies affecting all the following EXCEPT:
 - a. Pay schedules.
 - b. Vacation allowance.
 - c. Health benefits.
 - d. Promotion opportunities.

2. The accounting method that recognizes income and expenses only when money is received or paid is called:
 - a. PCM Method.
 - b. Accrual Method.
 - c. Cash Method.
 - d. Cost-Comparison Method.
3. If 15-amp circuits were used, the NEC would require a 2000 square foot house to have a MINIMUM of how many branch circuits?
 - a. 2
 - b. 3
 - c. 4
 - d. 5
4. Equipment that is electrically connected to a telecommunications network is required to be listed in accordance with section ___ of the NEC.
 - a. 110.16
 - b. 240.6
 - c. 800.18
 - d. Chapter 9, Table 5(A)
5. Duct systems installed in single family dwellings must be sized per
 - a. ACCA Manual D.
 - b. ACCA Manual J.
 - c. SMACNA Manual R.
 - d. SMACNA Manual N.
6. What is the recommended MAXIMUM spacing of nails when installing drywall on a ceiling?
 - a. 6" o.c.
 - b. 7" o.c.
 - c. 8" o.c.
 - d. 12" o.c.
7. Which of the following types of joint reinforcement is NOT used to tie connecting cavity walls and intersecting walls?
 - a. Z-tie
 - b. Box tie
 - c. Hardware cloth
 - d. Ladder type joint reinforcement
8. What is the recommended concrete cover over #6 steel reinforcing in areas exposed to the weather?
 - a. 3"

- b. 2"
- c. 1.5"
- d. 1"

ANSWERS TO SAMPLE QUESTIONS

- 1. D - Promotion opportunities.
- 2. C - Cash Method.
- 3. C - 4
- 4. C - 800.18
- 5. A - ACCA Manual D.
- 6. B - 7" o.c.
- 7. D - Ladder type joint reinforcement
- 8. B - 2

TESTING SITE INSTRUCTIONS

Written test site instructions are attached to this document that outline testing rules and computer testing navigation information that is very important. Please thoroughly review prior to your scheduled test date.
