

Telehealth Resources

Compiled by Northeast Telehealth Resource Center

Below are some resources compiled by Danielle Louder, program director at North East Telehealth Resource Center. NOTE: with the exception of the Executive Order 35 link, these links are not maintained by Maine State Government entities.

- [NETRC Telehealth Implementation Toolkit – Maine Edition](#), this online toolkit includes key aspects to implementing telehealth programs, and includes many embedded resources, including sample forms, workflows, etc. This version includes Maine specific policy information and resources, and a special section on COVID-19.
- [NETRC COVID-19 Telehealth Resources webpage](#), which compiles many key resources in one place.
- [NETRC Spring Newsletter](#), which includes a wide variety of information, including telehealth funding opportunities through the [FCC](#) and the [USDA](#), upcoming virtual conferences/events, and a collection of the latest telehealth news and resources. To sign up for the newsletter mailing list, click on the “Join our Email List” in the right hand corner of the newsletter.
- [Provider Guide to Telehealth Reimbursement in Maine During COVID-19](#), which includes a link to Governor Mills’ [Executive Order #35](#), which states: All Maine-licensed psychologists, psychological examiners, clinical social workers, clinical professional counselors, pastoral counselors, marriage and family therapists, alcohol and drug counselors, physical therapists, physical therapy assistants, chiropractic doctors, pharmacists, pharmacy interns, pharmacy technicians, podiatrists, occupational therapists, occupational therapy assistants, speech-language pathologists, hearing aid dealers and fitters, audiologists, certified interpreters, certified deaf interpreters, limited interpreters, and limited deaf interpreters, athletic trainers, naturopathic doctors, acupuncturists, dietitians, radiologic technologists, respiratory care practitioners, and certified professional midwives may provide necessary health care services permitted by their licenses through the use of all modes of telehealth, including video and audio, audio-only, or other electronic media.
- The AMA’s [Coding Guidance Document](#).
- Video resources focused on increasing both provider and patient knowledge of telehealth, what to expect, etc.
 - [CMS Telehealth Video](#)
 - [Telehealth Best Practices for Providers](#) (Pacific Basin TRC)
 - [What to Expect from a Telehealth Visit](#) (Pacific Basin TRC)
