

Division for the Blind and Visually Impaired

Helping people who are blind or visually impaired reach their full potential

If your vision impacts your ability to carry out activities of daily life, getting an education, or finding and keeping a job, there is help.

The Division for the Blind and Visually Impaired (DBVI) can provide many services to help you live and work with independence and confidence.

www.maine.gov/rehab/dbvi

DBVI provides a range of client-focused programs designed for individuals throughout their lives. Our services are accessible statewide and community-oriented. We cater to the unique needs of Children & Families, Transition-Age Youth, Working-Age Adults, and Older Adults, including those with additional disabilities and medical needs.

Blindness and Low Vision Specific Training & Instruction Available:

- Vision Rehabilitation: self-sufficiency & independent living skills
- Orientation & Mobility: independent travel skills
- Sensory Efficiency: low vision skills
- Compensatory/Academic: braille and alternative communication skills
- Assistive Technology: technology and equipment use
- Business Enterprise: self-employment & vending options
- Information and Resources: advocacy and awareness
