## 2014 NEW MARKETS CAPITAL INVESTMENT CREDIT WORKSHEET INSTRUCTIONS

This credit, administered by the Finance Authority of Maine ("FAME"), is for investments in qualified community development entities that reinvest in certain businesses in eligible low-income communities in Maine. A Maine New Markets Capital Investment Program Tax Credit Certificate must be issued by FAME. The New Markets Capital Investment Credit allows the holder/subsequent holder of the certificate to claim, in the aggregate, a 39% Maine tax credit based on the purchase price of the qualified equity investment. The credit is allocated over 7 tax years based on the credit allowance dates determined with respect to the date the investment is made. The credit is allocated as follows: 0% for the first two years, 7% for year 3, and 8% each year for years 4 through 7. The credit is fully refundable; however, a person may elect to carry forward any unused portion of the credit for up to 20 years. For details, see 10 M.R.S.A. § 1100-Z and 36 M.R.S. § 5219-HH and FAME rule Chapter 325. For program information, visit the FAME website at [www.famemaine.com](http://www.famemaine.com).

The State Tax Assessor may recapture all or part of the credit allowed (see 36 M.R.S. § 5219-HH(7)):

- A) If any amount of the federal tax credit with respect to the investment is recaptured under the Internal Revenue Code, Section 45D, the Maine recapture is equal to an amount proportionate to the federal recapture amount;
- B) If the qualified community development entity redeems or makes a principal repayment with respect to the investment prior to the final credit allowance date, the recapture is proportionate to the amount of the redemption or repayment; or
- C) If the qualified community development entity fails to invest at least 85% of the purchase price of the qualified equity investment in qualified low-income community investments in qualified active low-income community businesses within 24 months of the issuance of the investment, and maintain that level of investment until the last credit allowance date, the State Tax Assessor may fully recapture the credit allowed.

The qualified community development entity will have 90 days to resolve any deficiency identified in a recapture notice issued by FAME. If the deficiency is not resolved within 90 days, Maine Revenue Services will issue a final order of recapture.

### SPECIFIC LINE INSTRUCTIONS

**Transfer Information.** If you, the holder of the Maine New Markets Capital Investment Program Tax Credit Certificate, are not the original investor, enter the name and EIN of the prior holder of the certificate. For more information on transfers, see 10 M.R.S. § 1100-Z(3)(G).

**Line 1.** Enter on this line the amount of the qualified equity investment ("QEI") made during your tax year beginning in 2012. This amount is reflected on the Maine New Markets Capital Investment Program Tax Credit Certificate issued by FAME. Enter the total of all certificates that apply and enclose a copy of each certificate with your return. Owners of pass-through entities must limit the amount on line 1 to their ownership percentage in the entity or, if applicable, their percentage interest in the credit in accordance with an executed agreement among the owners.

**NOTE: Do NOT enter on line 1 the amount of investments made during tax years beginning in 2013 and 2014. Investments made during tax years beginning in 2013 and 2014 will first qualify for credit amounts during tax years beginning in 2015 and 2016.**

**Line 3.** Enter the credit amount being claimed this year. Any amount on line 3 in excess of the Maine tax liability will be refunded.

**Line 4.** Credit carried forward. Any unused portion of the credit may be carried forward for up to 20 years.
