# 2019 Additional Worksheet to Report Certain “Other” Modifications to Maine Income Related to Federal Tax Law Changes Enacted After December 31, 2019

Income and deductions are generally treated the same for Maine income tax purposes as treated for federal income tax purposes. However, certain federal and state laws may require different tax treatment of some items. These differences require adjustments, or modifications, to federal income to calculate Maine taxable income. See Form 1041ME, Schedule 1. This worksheet provides additional Maine modifications required for the 2019 tax year due to Maine nonconformity with federal tax law changes enacted after December 31, 2019.

## Income Modifications - Other Additions, Form 1041ME, Schedule 1, Line 1h

Addition modifications are required for items of income that are not included in federal income but are subject to Maine individual income tax or to reverse a federal deduction not allowed for Maine tax purposes. See also Form 1041ME, Schedule 1, Lines 1a through 1i. See descriptions below for each item.

**Note that the modifications listed below affect only taxpayers whose taxable year began during 2019.**

**Line 1. “Total Other Additions” - Addition Modifications From the Worksheet for Schedule 1, Line 1h.** If applicable, enter the “Total Other Additions” from line 3 of the Worksheet for Form 1040ME, Schedule 1, Line 1h, Income Modifications - Other Additions.

**Lines 2 through 6 - Other Addition Modifications Resulting from Federal Tax Law Changes Enacted After December 31, 2019. Enter only amounts not included in Line 1 or otherwise previously reported on Maine Form 1041ME, Schedule 1.**

**Line 2. Excess business losses for noncorporate taxpayers.** Under the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act, the effective date for the limitation on noncorporate excess business losses was deferred to tax years beginning after December 31, 2020. For Maine income tax purposes, an adjustment must be made to reverse the effect of noncorporate excess business losses used to reduce federal taxable income. To calculate the amount to enter on this line, complete a pro forma federal Form 461. Enter on this line the amount from your pro forma federal Form 461, Line 16. The amount of excess business loss disallowed for Maine tax purposes may be carried forward to subsequent tax years to the extent the carryforward amount has not been previously used to offset Maine taxable income. See Line 1 of the 2019 *Worksheet for Form 1040ME, Schedule 1, line 2k Income Modifications - Other Subtractions*, and related instructions.

**Line 3. Business interest deduction exceeding 30% of federal adjusted taxable income.** The federal CARES Act increases the allowable business interest deduction from 30% to 50% of federal adjusted taxable income. For Maine income tax purposes, business interest greater than 30% of federal adjusted taxable income may not be used to reduce Maine taxable income. To calculate this amount, complete a pro forma federal Form 8990 using the 30% business interest deduction limitation. Enter on Line 3 the difference between the allowable interest deduction using the 50% limitation on federal Form 8990, Line 26 and the interest deduction calculated using the 30% limitation on the pro forma federal Form 8990, Line 26. **Note:** Do not complete this line if the federal business interest expense deduction does not exceed 30% of federal adjusted taxable income.

**Line 4. Depreciation on qualified improvement property (QIP) - addition modification.** The federal CARES Act changes the depreciation allowable for QIP for federal tax purposes from 39-year class life to 15-year class life (20-year class life for the Alternative Depreciation System) and allows first-year 100% bonus depreciation. For Maine tax purposes, depreciation on QIP must continue to be calculated using the 39-year class life. Therefore, an adjustment must be made to reverse the effects of using the federal 15-year/20-year depreciation schedule and/or bonus depreciation. Calculate the Line 4 addition modification by using:

- 1) the 39-year depreciation schedule as required prior to enactment of the federal CARES Act, and
  - 2) either the 15-year GDS schedule or the 20-year ADS schedule, whichever schedule was used to calculate QIP depreciation for federal tax purposes.
- **If you claim 100% bonus depreciation under Internal Revenue Code, Section 168(k) on QIP placed in service during 2019,** enter on Line 4 the difference between the amount of bonus depreciation claimed for federal tax purposes and the depreciation allowed using the 39-year depreciation schedule as required prior to enactment of the federal CARES Act. Also see the Line 9 instructions below to calculate the applicable Maine depreciation on QIP for which the 100% bonus depreciation was previously claimed. **Note:** If you claimed less than 100% bonus depreciation under Internal Revenue Code, Section 168(k) on QIP placed in service during 2019, enter on Line 4 the difference between the aggregate amount of bonus depreciation and depreciation deducted for that property using the 15 or 20 year schedule and the depreciation allowed using the 39-year depreciation schedule as required prior to enactment of the federal CARES Act.
  - **If, for taxable years 2018 and 2019, you did not claim federal bonus depreciation under Internal Revenue Code, Section 168(k) on QIP,** subtract the 39-year depreciation from the 15-year or 20-year depreciation and enter the result on Line 4.

Also include on Line 4 the amount of any additional depreciation deduction claimed on the 2019 federal income tax return resulting from a change in accounting method attributable to QIP, including an election to take bonus depreciation, consistent with Internal Revenue Procedure 2020-25.

**NOTE:** The addition modification on Line 4 is not treated as an add back of bonus depreciation for Maine income tax purposes and does not qualify for the Maine Capital Investment Tax Credit.

**Line 5. Discharge of indebtedness on Payroll Protection Program loans.** To the extent not otherwise excludable under Internal Revenue Code, Section 108, enter the amount of covered loan forgiveness excluded from federal taxable income pursuant to section 1106 of the CARES Act, less the amount of any covered ordinary and necessary business expenses paid by the taxpayer during the covered period from the proceeds of such loans that were not otherwise deducted for federal tax purposes. **Note:** If deductible expenses related to the cancelled debt exceeds the amount of the cancelled debt income otherwise includible in income, call Maine Revenue Services at 207-626-8475 or email [income.tax@maine.gov](mailto:income.tax@maine.gov) for additional instructions.

**Line 6. Employer student loan payments.** To the extent excluded from federal taxable income, enter the amount of any payments made after March 27, 2020 by the taxpayer's employer under the federal CARES Act, whether paid to the taxpayer or to a lender, of principal or interest on any qualified education loan (as defined in section 221(d)(1) of the Code) incurred by the taxpayer for the taxpayer's education. **NOTE:** If you are an eligible employee for purposes of the Maine Educational Opportunity Program, you may be able to reduce your Maine taxable income by the amount of employer paid loan payments included in either your federal taxable income or on this line. For more information, see Line 4 of the 2019 Worksheet for Form 1040ME, Schedule 1, Line 2k.

**Line 7. Total Other Addition Modifications.** Add lines 1 through 6. Enter the sum here and on Form 1041ME, Schedule 1, Line 1h.

### **Income Modifications - Other Subtractions, Form 1041ME, Schedule 1, Line 2g**

Subtraction modifications are required for items of income that are included in federal income but are not subject to Maine individual income tax or to provide for a deduction allowed for Maine tax purposes. See Form 1041ME, Schedule 1, Lines 2a through 2h. See descriptions below for each item.

**Line 8. "Total Other Subtractions" - Subtraction Modifications From the Worksheet for Schedule 1, Line 2k.** If applicable, enter the "Total Other Subtractions" from line 17 of the Worksheet for Form 1040ME, Schedule 1, Line 2k, Income Modifications - Other Subtractions.

**Lines 9 through 11. Other Subtraction Modifications Resulting from Federal Tax Law Changes Enacted After December 31, 2019. Enter only amounts not included in Line 8 or otherwise previously reported on Form 1041ME, Schedule 1.**

**Line 9. Depreciation on qualified improvement property (QIP) - subtraction modification.** If, for taxable year 2018, you claimed 100% bonus depreciation under Internal Revenue Code, Section 168(k) on QIP for which you previously made an addition modification on your 2018 Maine tax return (see the addition modification for depreciation on qualified improvement property (QIP) on the *2018 Additional Worksheet to Report Certain "Other" Modifications to Maine Income Related to Federal Tax Law Changes Enacted After December 31, 2019*), enter on Line 9 the depreciation allowed for year two on that property using the 39-year depreciation schedule as required prior to enactment of the federal CARES Act.

If, for taxable year 2018, you claimed less than 100% bonus depreciation under Internal Revenue Code, Section 168(k) on QIP for which you previously made an addition modification on your 2018 Maine tax return (see the addition modification for depreciation on qualified improvement property (QIP) on the *2018 Additional Worksheet to Report Certain "Other" Modifications to Maine Income Related to Federal Tax Law Changes Enacted After December 31, 2019*), enter on Line 9 the excess of a) depreciation allowed for that property for the current tax year, without regard to the bonus depreciation claimed, using the 39-year depreciation schedule as required prior to enactment of the federal CARES act over b) depreciation claimed for federal tax purposes on that property for the current tax year.

**Line 10. Paid Sick Leave Credit and Paid Family Leave Credit deduction.** To the extent included in federal taxable income, enter the total of the amounts claimed for the Paid Sick Leave and Paid Family Leave payroll tax credits under the federal Families First Coronavirus Response Act (FFCRA).

**Line 11. Reduction in the federal salaries and wages deduction due to claiming the Employee Retention Credit.** Enter the amount of the reduction in your federal salaries and wages expense deduction directly related to claiming the federal Employee Retention Credit under the federal CARES Act.

**Line 12. Total Other Subtraction Modifications.** Add Lines 8 through 11. Enter the sum here and on Form 1041ME, Schedule 1, Line 2g.

**Note that you may be asked to provide additional documentation before your return is processed.**
