GENERAL INFORMATION FOR SHORT-TERM EXCISE TAX REIMBURSEMENT

Excise Tax Credit Entitlement

An excise tax credit is available for each vehicle where the excise tax has been paid and the associated Maine registration was surrendered prior to its expiration. The vehicle's registration must have been surrendered between July 1, 2022 and June 30, 2023. The amount of the credit is the total excise tax paid multiplied by the number of remaining months divided by 12.

Example: A rental automobile is registered on August 1, 2022. Excise tax paid was \$400.00. On February 26, 2023, the registration is surrendered, leaving 6 months unused. The allowable excise tax credit is \$200.00 computed as follows: \$400.00 X 6 months divided by 12.

Special Instructions for Transferred Registrations:

If a registration is transferred to another automobile, the 12-month period continues to run in association with the replacement registration.

Example: The facts are the same as the first example except 1) the registration is transferred to another vehicle on February 1, 2023 and 2) the registration on this second vehicle is surrendered on April 21, 2023. The 12 months continues to run from August 1, 2022 until April 21, 2023; therefore, 4 months remain. The allowable credit is \$133.33 computed as follows: \$400 X 4 months divided by 12.

Reimbursement Limitation

The allowable reimbursement is the lesser of:

1. Total excise tax credits; and
2. Three-tenths of the sales tax collected and remitted for the short-term auto rentals during the fiscal year ending June 30, 2023.

The total reimbursement is computed by adding all excise tax credits as computed above on qualifying automobiles and comparing this figure to three-tenths of the 10% sales tax collected for the entire period.

Record keeping requirements

The following records must be maintained in your files to document the validity of your claim. Records should be retained for at least 6 years. All claims are subject to audit.

- Copies of registration forms of any automobiles registered during the reimbursement period.
- Orders of Cancellation or the MV-554 form, **stamped by the town/city or the Bureau of Motor Vehicles,** verifying the surrender date of each automobile during the reimbursement period.
- Copies of any transferred registrations with the new automobile information and transfer date included.
- The total amount of sales tax collected on the short-term rentals of automobiles during the reimbursement period.
