The Maine EIC is equal to 25% (50% for taxpayers with no qualifying children) of the federal EIC. The Maine EIC is refundable for Maine residents and part-year residents. The credit for nonresidents may not reduce the Maine income tax to less than zero.

**Special instructions for line 1.** Certain taxpayers who are not able to claim the federal EIC may be able to claim the Maine EIC if you would otherwise be able to claim the federal EIC except that you (or your spouse, if married):

- 1) filed a federal return using an IRS-issued Individual Taxpayer Identification Number (ITIN), and/or
- 2) had no qualifying child(ren) during the tax year, and were at least age 18 as of the last day of the tax year.

To determine if you are otherwise able to claim the federal EIC, see the instructions for 2022 federal Form 1040, line 27 available at <a href="https://www.irs.gov">www.irs.gov</a>. First complete Steps 1 through 6 of the federal instructions **except**, check "Yes" in Step 4, question 2 if you (or your spouse, if married) were at least 18 years of age. Next, if you are eligible for the credit using these instructions, complete a pro forma federal Worksheet A - 2022 EIC - Line 27 (or Worksheet B - 2022 EIC - Line 27, if applicable).

Enter on line 1 above, the amount from the pro forma Worksheet A, line 6 (or pro forma Worksheet B, line 11, if applicable). Enclose a copy of the federal pro forma worksheet with your return.
