Notification to Seller(s) of Withholding Tax Requirement

Real estate withholding applies to the transfer of any real property* located in Maine. Every buyer of Maine real property must withhold state income tax from the total consideration paid for the property (\$100,000 or more) if the seller is not domiciled in the State of Maine as of the date of closing.

This is not a tax. Similar to payroll deduction, it is a withholding of state income tax that is claimed as an estimated tax payment on Maine's income tax return. If you have a recognized gain relating to the sale of Maine property, you are generally required to file a Maine income tax return for the taxable period in which the sale occurred, regardless of the sales price of the property.

The withholding tax requirement applies to an individual, firm, partnership, association, society, club, corporation, estate, trust, receiver, assignee, or any other group or combination acting as a unit.

*Easements are considered real property.

Rate of Withholding:

The rate of withholding is 2.5% of the total consideration (total sales price). At the request of the seller, the State Tax Assessor may prescribe a reduced amount of withholding, equal to the gain multiplied by 7.15% (8.93% for a C corporation) for 2022.
