## Introduction

This publication contains the specifications and instructions for electronically filing original copies of Forms 1099 and W-2G with Maine Revenue Services (MRS). These file specifications must be followed unless deviations have been specifically granted in writing by MRS. If additional information is needed or if there are any questions, please see the administrative contact list on page 11.

### Important Change

Any person who is required to file an information return in accordance with 36 M.R.S. §5242 and who fails to do so on or after January 31, 2022, or who willfully furnishes a false or fraudulent return of information, is subject to a penalty of \$50 for each such failure. Generally, returns of information include Forms W-2, Forms 1099, and other similar forms containing tax information necessary for filing Maine income tax returns.

**MRS does not accept/process corrected withholding information (Forms 1099/W2G)**

**Forms 1099 and W-2G files will be submitted using the Maine Employers Electronic Tax Reporting System (MEETRS). See “Submitting Files” below for more information about MEETRS.**

### Due Date:

- The filing due date for submitting Forms 1099 and W-2G for tax year 2022 is January 31, 2023. Earlier filing is encouraged to help combat identity theft and refund fraud.

### Payers Required to Submit Forms 1099 and W-2G

- A payer required to electronically file with the IRS any type of 1099 form (such as 1099-DIV, 1099-B, 1099-G, 1099-INT, 1099- MISC, 1099- OID, 1099-PATR or 1099-R) must report such form information directly to MRS for Maine residents and recipients of payments sourced to Maine. **Do not use combined Fed/State Program.**
- Payers not required to electronically file with the IRS may elect to file Forms 1099 electronically either directly with MRS or by participating in the Combined Federal/State Filing Program. The combined filing program allows the payer or its agent to include state data in the 1099 information returns filed electronically with the IRS and authorizes the release of this information to the applicable state involved. State information on Forms 1099 should not be submitted to both the IRS (under the combined filing program) and directly to MRS, as doing so will cause duplicate filings. See IRS Publication 1220 for more information about the combined filing program. Payers are encouraged to file directly with MRS prior to the January 31, 2023 due date to combat identity theft and fraudulent refunds.

- A payer who is licensed to conduct pari-mutuel wagering pursuant to 8 M.R.S. §§271 or 275-D , or who is licensed to operate a slot machine pursuant to 8 M.R.S. chapter 31, subchapter 2 must electronically file all Forms W-2G directly with MRS, regardless of the number of forms or amount of withholding.
- Any payer who withheld Maine income tax from any payee during the year and did not report the amount of Maine withholding for each of those employees or payees on Form 941-ME, Schedule 2 must report annual payee statement information (Forms W-2 and 1099 series) with MRS for all payees who are Maine residents or who received Maine-source income.

## **Forms Required**

Only the following forms are required. Payment information from other forms should be excluded to improve system efficiency and will be ignored if included.

Form 1099-DIV	Dividends and Distributions
Form 1099-B	Proceeds from Broker and Barter Exchange Transactions
Form 1099-G	Certain Government Payments
Form 1099-INT	Interest Income
Form 1099-MISC	Miscellaneous Income
Form 1099-OID	Original Issue Discount
Form 1099-PATR	Taxable Distributions Received from Cooperatives
Form 1099-R	Distributions from Pensions, Annuities, Retirement, IRAs, etc.
Form W-2G	Certain Gambling Winnings

Note: Form W-2G cannot be filed through the Combined Federal/State Filing Program.

## **Submitting Files**

Files must be submitted electronically via the Maine Employers Electronic Reporting System (MEETRS) on the MRS web site at: <https://portal.maine.gov/meetrs/>. Upon successful transmission of the file, a confirmation number will be displayed. It is suggested that the confirmation number be saved for future reference. If there are data errors or other problems, the file will be rejected with an error message providing you with the reason and location of the error. Electronic files may be tested with the MEETRS application by selecting the Validate button.

## **2022 Form 1099 and W-2G File Data Standards**

MRS requires completed T, A, B, and F records using the record layout and field definitions suggested by the IRS (see IRS Pub. 1220). All filers submitting files directly to MRS should include T, A, and F records populated according to the IRS specifications, as described below and the 'B' record completed to the following specifications. All other fields and records not mentioned here may be included; however, they will be ignored.

# Electronic Filing Requirements

## Basic Requirements

- Data should be uploaded electronically using the MEETRS specifications format.
- Compressed files are not accepted.
- Data files must be in text format with .txt extension.
- Each record must end with a carriage return line feed (CRLF).
- Each record must be 750 bytes in length.
- Each file should contain data for only one year. Multiple years will be rejected.
- Only ASCII files (American Standard Code for Information Interchange) will be accepted.
- Employee SSN in B record field 12-20 cannot be truncated.
- MRS will not accept SSNs that only show the last four digits (xxx-xxx-1234).
- SSNs cannot start with a 9.

## ASCII Character Set

- American Standard Code for Information Interchange (ASCII) will be accepted. Appendix A contains a table of the ASCII Character Set.
- All character data will be treated as uppercase.

## Logical Record Length

- Each record must be a uniform length of 750 bytes. Logical records MUST NOT be prefixed by record descriptor words or block descriptor words.

## Delimiters

- Each record must be terminated by any one of a line feed ('\n'), a carriage return ('\r'), or a carriage return followed immediately by a linefeed.
- The ASCII-1 hexadecimal value for the carriage return character is 0D (zero and letter D); the ASCII-1 hexadecimal value for the line feed is 0A (zero and letter A). The ASCII-1 decimal values for the two characters are 13 and 10, respectively.
- DO NOT place a record delimiter before the first record of the file.
- DO NOT place more than one record delimiter (i.e., more than one carriage return/line-feed combination) following a record.
- DO NOT place record delimiters after a field within a record.
