Docket No. 2019-00246

October 25, 2019

PUBLIC UTILITIES COMMISSION  
Change of Prepaid Wireless Fee Amount

ORDER CHANGING THE  
PREPAID WIRELESS FEE  
AMOUNT

BARTLETT, Chair; WILLIAMSON and DAVIS, Commissioners

---

## I. SUMMARY

By this Order, and pursuant to Chapter 284 of the Commission's Rules, the Commission changes the per-retail-transaction amount that is included in the Prepaid Wireless Fee for the Maine Universal Service Fund, Maine Telecommunications Education Access Fund, and E-9-1-1 Fund.

## II. BACKGROUND

### A. Maine Universal Service Fund

On October 8, 2019, the Commission, after an investigation, changed the Maine Universal Service Fund (MUSF) fee for post-paid telecommunications carriers. *Public Utilities Commission, Investigation to Set the Per-Connection Amount of the MUSF Fee*, Docket No. 2019-00166, Order (Oct. 8, 2019). In its Order, the Commission set the per-number or per-line MUSF assessment for post-paid carriers at 44¢.

### B. Maine Telecommunications Education Access Fund

the Commission, after an investigation, changed the Maine Telecommunications Education Access Fund (MTEAF) fee for post-paid telecommunications carriers. *Public Utilities Commission, Investigation to Set the Per-Number Amount of the MTEAF Fee*, Docket No. 2018-00068, Order (May 8, 2019). The Commission set the per-number or per-line Maine Telecommunications Education Access Fund (MTEAF) assessment at 21¢.

### C. E-9-1-1 Fund

Currently, the E-9-1-1 portion of the Fee is set by statute at 45¢ per month per line or number. 25 M.R.S. § 2927(1-F) (2018). During its 2019 session, the Legislature changed the E-9-1-1 portion of the Prepaid Wireless Fee from 45¢ to a Commission-established amount not to exceed 35¢ per retail transaction. P.L. 2019 ch. 343, §

SSSS-2, *to be codified at* 25 M.R.S. § 2927(1-F).<sup>1</sup> The new surcharge is to take effect on January 1, 2020. *Id.*

### III. DISCUSSION AND DECISION

On September 24, 2019, the Commission provided notice of its intent to change the Prepaid Wireless Fee. In its notice, the Commission proposed to reduce the MUSF portion of the fee from 53¢ to 44¢, increase the MTEAF portion of the fee from 18¢ to 21¢, and reduce the E-9-1-1 portion of the fee from 45¢ to the statutory maximum of 35¢. As a result of the changes, the Prepaid Wireless fee would be reduced from the current \$1.16 per retail transaction to \$1.00. The fee amounts were selected to both provide sufficient funding for the funds in question (or, in the case of the E-9-1-1 fee, the maximum amount of funding) and to harmonize the prepaid fee amounts with their post-paid counterparts.

The Commission solicited comments from interested persons and did not receive any comments regarding the fee change. The Commission sent its notice of intent to change the fee to all persons who were on the Notification List for the prior Commission fee-change proceeding, Docket 2016-00228. Pursuant to 35-A M.R.S. § 7104-C(2)(E) and Chapter 284, §4(B) of the Commission's Rules, the Commission posted a copy of the notice on its publicly accessible website and sent a copy of the notice to the State Tax Assessor, with a request that the State Tax Assessor post the notice on its publicly accessible website for at least 30 days.

Given the above reasoning for changing the components of the Prepaid Wireless Fee, and given that no interested persons opposed the changes, the Commission finds that the proposed changes are reasonable. Accordingly, the Commission adopts the changes to the Prepaid Wireless Fee and Orders that the changes go into effect on January 1, 2020.

<sup>1</sup> Even at the statutory maximum, the Bureau projects a budget deficit of over \$500,000. See *Public Utilities Commission, Investigation to Set the E-9-1-1 Surcharge*, Docket No. 2019-00233. The Commission notes that this budget deficit is intentional and intended to draw down a significant surplus in the E-9-1-1 Fund. This drawdown is necessary to meet the goal of aligning the surcharge and available revenues with future ESCB budgets.
