For Employee Leasing Company

- For Maine income tax withholding purposes, individuals providing services to a Client Company pursuant to an agreement with an Employee Leasing Company are considered employees of the Leasing Company. Therefore, the Leasing Company will report withholding for all of its direct employees and those providing services to a Client Company pursuant to an agreement with the Leasing Company. If a Client Company has employees not associated with any leasing company, it will file a separate return reporting those employees.

For withholding, the leasing company will submit one return file to report all leasing company employees regardless of whether the employee worked directly for the leasing company or a client company.

Maine MEETRS/MTP Records– 275 CHARACTER (276 CHARACTER)

This format consists of seven (7) different records as shown.

Transmitter Record	Code A	Identifies the organization submitting the file. Must be the first data record.
Authorization Record	Code B	Not required.
Employer Record	Code E	Identifies an employer or withholding agent whose employee or payee income tax withholding information is being reported. Generate a New Code E record each time it is necessary to change the information in any field on this record.
Employee Record	Code S	Used to report income tax withholding data for an employee or distributions to an individual (Individual’s Record). A Code S record should follow its related Code E record or it could follow an associated Code S record which in turn follows a related Code E record. Do not generate a Code S record if only spaces or zeros would be entered after the record identifier.
Total Record	Code T	The Code T record contains the total for all Code S records reported since the last Code E record. A Code T record must be generated for each Code E record containing Code S records.
Reconciliation Record	Code R	The R record is used to record each 900-ME withholding tax deposit made to the State of Maine during the quarter. If no money is sent to the State during the quarter, there is no need of an R record. However, if money was deposited with the State of Maine, there needs to be one R record for each 900-ME deposit representing each date wages were paid.
Final Record	Code F	This record indicates the end of the file and MUST be the last data record on each transmittal. The Code F record must appear only once on each file.

Appendix D - Maine MEETRS/MTP System File Upload Edits for Quarterly Returns

Below is a partial list and description of system edits that may cause the MEETRS/MTP upload system to reject a quarterly file. The edits are subject to change and additional edits may be employed if needed.

1. All numeric fields must contain a numeric value or be filled with zeros. If a numeric field is left blank, the file will reject. For example, if field location 194-203 on the A record (transmitter phone number) is left blank, the file will reject.
2. The Withholding Account ID for each employer will be validated against Maine Revenue Services' records. If the Account ID cannot be validated, the file will be rejected.
3. Every E record must have one associated T record.
4. The Withholding Account ID must be the same in the E, all related S, and the T record for a given employer.
5. The total number of employees/payees entered in field location 2-8 in the T record must agree with the total number of S records for this E record in the E-S-R-T set. For example, if it is stated in the total record that there are 43 employees for this employer, then MRS must read 43 S records.
6. The Quarterly Maine Income Tax Withheld reported in field location 213 - 226 on the T record must agree with the accumulated amount by summing the Quarterly Maine Income Tax Withheld reported in field location 191 - 204 on each S record.
7. The total voucher payments reported in field location 112 - 122 on the T record must agree with the accumulated amount acquired by summing the Amount Deposited value entered in field location 19 - 27 on each R record.
8. The total number of employees/payees entered in location 2-11 on the F record must agree with the count of S records on the file.
9. The Maine income tax withholding due in location T 123 - 136 must equal the quarterly Maine income tax withheld in location T 213 - 226 minus voucher payments in location T 112 - 122.
10. The Maine income tax withholding due in location T 123-136 must equal the total amount due for the quarter in location T 175-188.
11. The Schedule 2 waiver indicator in the E record Location 173 must match the Schedule 2 waiver indicator in the T record Location 13.
12. The withholding file may contain only original returns. Use Specifications for Amended Quarterly Income Tax Withholding to file certain amended returns.
