Specific Instructions for the Use Tax Return

Note: It is not necessary to file this return for periods in which no tax is due.

Line 1 - Industrial Energy Purchases. Enter 5% of your purchases of fuel and electricity used at a manufacturing site on which the Maine sales tax or its equivalent has not been paid. Multiply this amount by 5.5% and enter the result in line 1A.

Line 2 - Other Taxable Purchases. Enter the amount of taxable purchases, other than fuel and electricity reported in line 1, on which Maine sales tax or its equivalent has not been paid. This includes items that were withdrawn from inventory for use by the business, items purchased in a non-taxing jurisdiction for use in Maine, and items that were purchased with a Maine Resale Certificate that have been deemed taxable. Multiply this amount by 5.5% and enter the result on line 2A.

Line 3 - Tires and Lead-Acid Batteries. Enter the total number of tires and lead-acid batteries purchased during this period that are subject to the recycling assistance fee. Multiply this amount by \$1.00 and enter the result on line 3A.

Line 4 - Total Due. Total lines 1A through 3A.

Line 5 - Credit Carry Forward from Prior Period. If your prior return resulted in a credit balance and you have received a notice from Maine Revenue Services confirming this credit, enter the amount of your credit here.

Line 6 - Amount Due. Subtract line 5 from line 4. (If the result is a credit amount, see line 7.)

Line 7 - Credit Due. If the result of subtracting line 5 from line 4 is a credit, enter that amount here. This credit will automatically be forwarded to the next open period. If you wish this credit to be refunded to you, you must check the box in line 7.
