Maine Revenue Services (MRS) Rulemaking Activity

Rule 812, “Credit for Educational Opportunity.” MRS is proposing to update its current criteria in Rule 812 for determining which degrees will be considered Science, Technology, Engineering, or Mathematics (“STEM”) degrees for refundability of the Credit for Educational Opportunity (“Credit”). For bachelor’s and graduate degrees that are awarded simultaneously, MRS is proposing to amend the existing language in Rule 812 to clarify how qualifying taxpayers should apportion tuition and fees to each degree when calculating the Credit. MRS is proposing to make permanent changes that have already been adopted by emergency Rule 812, effective October 21, 2020, concerning calculation of the Credit for periods of student loan forbearance or deferment. Lastly, MRS proposes to add a new definition of “regional accrediting association” for purposes of defining “accredited non-Maine community college, college or university” in 36 M.R.S. § 5217-D(1)(A-1).

These proposed changes can be found on the MRS website, at www.maine.gov/revenue/rules/homepage.html, under “Current MRS Rulemaking Activity.” Comments on the proposed changes are due by January 16, 2021, and must be directed to Alex Weber, General Counsel of Maine Revenue Services either by email at alexander.j.weber@maine.gov or by mail at P.O. Box 1060, Augusta, ME 04332-1060.
