I hereby certify that the answers to the foregoing questions are correct to the best of my belief and that the land herein described as **Working Waterfront land** fulfills the definition of working waterfront land set forth by statute. I am aware of the penalty provision for withdrawal or change in use.

Owner signature _____ Date _____

The following attestation is to be completed by the assessor

I hereby certify that the valuation of classified working waterfront land has been assessed according to 36 M.R.S. § 1135 as of April 1, 20_____.

Assessor signature _____ Date _____

GENERAL INSTRUCTIONS

FILING APPLICATION – Owners must submit a signed application on or before April 1 of the year in which classification is requested. The application must include the acreage of land proposed for working waterfront classification as well as the land excluded from working waterfront classification. The owner must exclude any nonconforming use areas.

WHERE TO FILE – File this application with your municipal assessor. If the land is in the unorganized territory, file this application with the State Tax Assessor at Maine Revenue Services, P.O. Box 9106, Augusta, ME 04332-9106.

SEPARATE APPLICATIONS – A separate application must be filed for each separate parcel. A separate parcel is an area enclosed within a contiguous, uninterrupted boundary, whether originally acquired in one or more deeds. If a parcel is located in more than one municipality, a separate application must be filed for each municipality covering the portion of the parcel located in that municipality.

INCLUSION OF MAP – The application must include a map of the parcel (sketched or drafted). The map must show the entire parcel including land proposed for working waterfront classification and all other land to be excluded from classification.

Lines 1 & 2: Enter the owner's name, address, and telephone number. If there is more than one owner, enter "Multiple Owners" and attach a separate sheet listing the name, address, and telephone number of all the owners.

Line 3: Enter the municipality and county where the working waterfront parcel is located. If the parcel is located in more than one municipality, file a separate application for each municipality.

Line 4: Maine Revenue Services prefers that you enter the description under which the property is carried in the assessment records or on the most recent tax bill. Where this description is not readily available, reference to the recorded deed (e.g. Book 231, Page 16; Kennebec County Registry) can be substituted.

Lines 5 & 6: 36 M.R.S. § 1132(11) defines working waterfront land as:

“a parcel of land, or a portion thereof, abutting water to the head of tide or land located in the intertidal zone that is used primarily or used predominantly to provide access to or support the conduct of commercial fishing activities.”

List all factors relevant to your claim that the property is being used for working waterfront purposes.

Line 7a: Enter the total area of the parcel in acres.

Line 7b1: Enter the acreage of any area within this parcel that is used for a camp or house lot, substantially developed, or reserved for development not related to preservation of the land as working waterfront.

Line 7b2: Enter the acreage of any other area within this parcel to be excluded from working waterfront classification. Categories include, but are not limited to, improved areas such as roads, powerlines, pipelines, and any areas you do not wish to classify as working waterfront.

Line 7b3: Enter the acreage of any area within this parcel enrolled in the farmland, tree growth, or open space program.

Line 7c: Subtract lines 7b1, 7b2, and 7b3 from line 7a. This amount is the total acreage for proposed working waterfront classification.

Line 8: Enter the area for each applicable land use restriction category. There may be some overlap and the amounts on lines 8a through 8d may not add up to the total acreage you wish to enroll in the working waterfront classification.

Line 9: Complete the date and owner signature lines then file the application, including other required material with your local assessing office.
