Maine Bureau of Highway Safety Announces
2020 National Child Passenger Safety Certification Trainings

Car crashes are a leading cause of death for children and approximately 90% of car seats are misused.

The National Child Passenger Safety (CPS) Certification Training Program certifies individuals as CPS Technicians. Certified Technicians utilize their knowledge through a variety of activities, including car seat checks, where parents and caregivers receive education and hands-on experience on the proper use of their child restraint and safety belt systems.
