If you are requesting apportioned registration for a jurisdiction in which you did not accrue actual distance during the reporting period, you will need to estimate the jurisdiction distance by either using the distance from the Maine Average Distance Table for the applicable jurisdiction or completing a Schedule G with a detailed justification for the estimated distance submitted on your Schedule B.

NOTE: Maine's average distance for the 2018 registration year is calculated based on actual distance traveled by Maine based vehicles during the 2017 registration year.
