Refreshing Microsoft Edge browser to open CVR in Internet Explorer mode

Microsoft Edge does not like running in Internet Explorer mode for long periods of time so it <u>must be refreshed every thirty days.</u>

To ensure you are still in Microsoft Edge in Internet Explorer mode always look for this blue "e" to the left of the address box:

If you launch CVR and you do not see the blue "e" it then you must reload Edge in Internet Explorer mode.

1) Click on ^{••} menu icon at the top right of MS Edge.

2) Click on the option "Reload in Internet Explorer mode"

It will take about 5-10 seconds for the page to reload in IE mode.

3) A menu box will appear stating that this page is open in Internet Explorer mode. There is a toggle switch you can enable that will open this same page in IE mode the next time you load CVR.
