RULES ADOPTED SINCE THE LAST REGULATORY AGENDA:

EXPECTED 2020-2021 RULE-MAKING ACTIVITY:

CHAPTER 10: Definitions and Terms

STATUTORY AUTHORITY: 22 MRS §§1471A-X

PURPOSE: In 1996, the Board consolidated all rule definitions in this Chapter. This chapter must be updated each time a new definition is added or amended. It received a series of housekeeping amendments in January 2005 and in 2012. The rule was amended in 2019 to change the definition of aerial applicator to allow for the use of UAS by those with agricultural pesticide applicator licenses. Issues may arise necessitating further amendment.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021

AFFECTED PARTIES: All individuals and businesses affected by the Board's rules.

CONSENSUS-BASED RULE DEVELOPMENT: Not contemplated

CONTACT PERSON: Megan Patterson, 28 SHS, Augusta, Maine 04333 (207) 287-2731

CHAPTER 20: Special Provisions

STATUTORY AUTHORITY: 22 MRS §§1471A-X

PURPOSE: In 2007, the Board amended Chapter 20 to clarify that authorization from the property owner is required prior to applying a pesticide. The Board passed an amendment in 2013 to eliminate the need for individual homeowner permission in the event of a public health threat. In 2014, a requirement was added for applicators making outdoor treatments to residential properties to implement a system to positively identify application sites in a manner approved by the Board. The Board may develop specific duties that an employer must perform to protect their employees from occupational exposure to pesticides. These amendments may be modeled on the 2015 Federal Worker Protection Standard and the 2017 Federal Pesticide Applicator Certification Standard. In addition, Chapter 20 is a key chapter for the Board when it determines that additional regulation is in the public interest, so other amendments are also possible.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: Applicators making outdoor treatments to residential properties; since this is already required by policy, there will be no real affect.

CHAPTER 22: Standards for Outdoor Application of Pesticides by Powered Equipment in Order to Minimize Off-Target Deposition

STATUTORY AUTHORITY: 7 MRS §§ 601-625 and 22 MRSA §1471A-X

PURPOSE: Aerial spraying is a very controversial issue and the Board completed a major overhaul of this chapter in 2009 to provide greater protection for area residents. In 2013 the Board passed amendments to exempt the sections concerning Identifying and Recording Sensitive Areas, Presence of Humans and Animals, and certain specifics of Site Plans in the event of a public health threat. In 2014, the requirement of identifying sensitive areas was eliminated for commercial applications conducted under categories 6A (rights-of-way vegetation management), 6B (general vegetation management) and 7E (biting fly & other arthropod vectors [ticks]). Further experience with the revised rule may reveal the need to make additional modifications.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: All applicators making outdoor applications with powered application equipment.

CHAPTER 24: Pesticide Storage Facility Standards/Pesticide Distributors

STATUTORY AUTHORITY: 22 MRS §1471-O and 7 MRSA §610(2)(B)

PURPOSE: The Board has received letters expressing concern that odors and spilled chemicals may represent a health risk for both employees and customers who enter the self-service display areas of general-use pesticide distributors. In addition, inequities have been noted between the requirements for agricultural distributors versus the requirements for warehouse-style retailers. Finally, a few provisions are somewhat vague and would benefit from additional clarity. Consequently, the Board may adjust these standards to address concerns.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: Pesticide retailers.

CHAPTER 26: Standards for Indoor Application of Pesticides

STATUTORY AUTHORITY: 22 MRS §1471A-X and 7 MRSA §§ 601-625

PURPOSE: The Board adopted this chapter during 2006 and it became effective in January of 2007. An amendment was made during 2007 to address concerns raised by structural applicators. Concerns have arisen about the higher risk of indoor applications versus outdoor applications. Further refining may be necessary for this rule.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: All structural pest control applicators, owners or managers of businesses, institutions and apartment houses, as well as interested members of the general public.

CHAPTER 27: Standards for Pesticide Applications and Public Notification in Schools

STATUTORY AUTHORITY: 22 MRS §§ 1471A-X and 7 MRSA §§ 601-625

PURPOSE: The Board adopted this rule in 2003 and made some housekeeping amendments to it during 2005, 2007 and 2012. Several minor clarifications have been identified which should be addressed. Since use of pesticides on school grounds continues to garner legislative and public attention, further amendments may be necessary in the future.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: All public and private school systems as well as commercial applicators and all persons using school buildings and grounds.

CHAPTER 28: Notification Provisions for Outdoor Pesticide Applications

STATUTORY AUTHORITY: 22 MRS §1471-M (2)(D)

PURPOSE: This rule was adopted in 1998 and slightly amended in 2000, 2007, 2011 and 2014. It contains all of the Board outdoor notification requirements. In 2014, it was amended to require posting for applications under categories 6B (general vegetation management) except when making applications to sidewalks and trails, power substations, and railroad sidings; and 7E (biting fly & other arthropod vectors [ticks]) and to require notice per Board policy for applications to sidewalks and trails under 6B

(general vegetation management). The Maine Legislature recently enacted and subsequently repealed a pesticide notification registry. There is some sentiment indicating that additional legislative initiatives may be forthcoming on this subject, which would likely necessitate rulemaking. This chapter also needs some updating to reflect the evolution of its usage.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: Pesticide applicators and persons who live near sprayed sites. Persons who believe they are sensitive to pesticides. Regulated parties include all commercial pesticide applicators, the landowners who hire them and anyone who applies pesticides outdoors in the vicinity of persons on the registry.

CHAPTER 29. Standards for Water Quality Protection

STATUTORY AUTHORITY: 22 MRS §1471-M(2)(D)

PURPOSE: A recent federal court decision now requires applicators to work under a Maine Pollution Discharge Elimination System permit for certain outdoor pesticide applications that have the potential for a portion of the spray to deposit in surface water, so Chapter 29 may need to be amended to address this change. In addition, the Board may look to exempt certain urgent applications from the 25-foot buffer requirement. Recently, concerns have arisen relative to pesticides and the marine environment. A current outbreak of browntail moth may necessitate amendments to this rule around products approved for use for control. Finally, water quality has emerged as one of the more significant environmental fate concerns with pesticides. All of these issues suggest a possible need to amend this chapter.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: Pesticide manufacturers, outdoor applicators, persons owning land next to surface water bodies and environmental groups.

CHAPTER 31: Certification and Licensing Provisions for Commercial Applicators

STATUTORY AUTHORITY: 2 MRS §§ 1471-D and S

PURPOSE: The Board amended this chapter during 2007 and 2014, but may find it necessary to revise this regulation again to accommodate new licensing software, streamline processes or deregulate certain types of pesticide applications. Several amendments were adopted in 2015. Changes to the federal certification and training requirements necessitated amendments, which were adopted in 2019.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: All persons licensed by the Board.

CHAPTER 32: Certification and Licensing Provisions for Private Applicators

STATUTORY AUTHORITY: 2 MRS §§ 1471-D and S

PURPOSE: The Board may amend any of its current regulations dealing with the examination, certification, licensing and relicensing of private applicators to accommodate new licensing software, streamline procedures and/or adjust the fees. An amendment to reduce the waiting time for re-taking a failed exam was passed in 2014.

Changes to the federal certification and training requirements necessitated amendments, which were adopted in 2019.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: All persons licensed by the Board.

CHAPTER 33: Certification Provisions/Private Applicators of General Use Pesticides

STATUTORY AUTHORITY: 2 MRS §§ 1471-D (2-D), 22 MRSA §1471-M (1) (C-1)

PURPOSE: This new rule was recently adopted to fulfill the requirements of Public Law 2011, Chapter 169 which requires pesticide applicator licensing for certain farmers who apply only general use pesticides. Since it is a newly adopted rule, experience may reveal some desirable upgrades. In addition, the potential for new licensing software may also necessitate changes. An amendment to reduce the waiting time for re-taking a failed exam was passed in 2014. Changes to the federal certification and training requirements will necessitate amendments to this rule.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

CHAPTER 34: Certification and Licensing Provisions for Pesticide Dealers

STATUTORY AUTHORITY: 2 MRS §§ 1471-D and S

PURPOSE: Amendments adopted in 2015 included shortening the wait time to re-take an exam after failing and changing both the license and certification periods to three years. Going forward, the Board may amend its current regulation to require pesticide dealers to have a company license in addition to having their employees licensed. Also, the license fee is outdated. Other changes may be necessary as the Board reviews all the licensing chapters with a view toward streamlining and simplifying procedures.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: Pesticide distributors.

CHAPTER 35: Certification and Licensing Provisions for Spray Contracting Firms

STATUTORY AUTHORITY: 22 MRS §§ 1471-D and S

PURPOSE: In 2015 this chapter was amended to remove the requirements for spotters/monitors for forest insect aerial spray program. The license period was also changed in 2015 from two years to three. The Board may amend this chapter dealing with licensing and relicensing of firms to accommodate new licensing software, continue to streamline procedures and/or adjust fees.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: All persons licensed by the Board.

CHAPTER 40: State Restricted Pesticide List

STATUTORY AUTHORITY: 7 MRS §§ 601-625 and 22 MRSA §1471A-X

PURPOSE: The Board amended this chapter in 2007 and may update its Restricted Use List by deleting products that are no longer registered. Also, it may be necessary to modify the list as a result of the Board's registration review process which may necessitate adding any products which present a unique threat to Maine's public health or the environment.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: Pesticide manufacturers, pesticide applicators and environmental groups interested in pesticide issues.

CHAPTER 41: Special Restrictions

STATUTORY AUTHORITY: 7 MRS §§ 601-625 and 22 MRSA §1471A-X

PURPOSE: The Board amended this chapter in 2011 to relax some administrative burdens for the use of *Bt* corn seed, and in 2014 to reduce the restrictions on the use of hexazinone. This is a key chapter for the Board to implement appropriate restrictions associated with certain pesticides or classes of pesticides that pose unique risks to Maine. There have been significant changes to this chapter in the last ten years, and additional amendments are likely in the future.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

CHAPTER 50: Reporting Requirements for Applicators and Dealers

STATUTORY AUTHORITY: 22 MRS §§ 1471-G and M

PURPOSE: The Board adopted several housekeeping amendments to this chapter in January 2005 and 2019. Changes to Chapters 22, 27 and 41 have created additional record keeping requirements that might be more appropriately incorporated in Chapter 50. Current rulemaking around the licensing chapters may also necessitate changes to record keeping requirements.

CHAPTER 51: Notice of Aerial Pesticide Applications

STATUTORY AUTHORITY: 22 MRS §1471-R

PURPOSE: Legislative activity around pesticide notification may necessitate amendments to this chapter. The Board has expressed an interest in regulating unmanned aircraft systems, which may require amendments to this chapter.

CHAPTER 60. Designation of Critical Pesticide Control Area

STATUTORY AUTHORITY: 22 MRS §1471 - M (4)

PURPOSE: Upon receipt of a petition, the Board would be required to consider rulemaking to restrict pesticide usage within a designated area to protect public health, threatened or endangered species or their habitat, surface or ground water, or other environmental resources. During 2011, the Board repealed one of the two designated critical control areas since the subject of protected area no longer existed.

SCHEDULE FOR ADOPTION: Prior to September 30, 2021.

AFFECTED PARTIES: Persons living within the requested area and all applicators wishing to do business within the designated zone.

CONSENSUS-BASED RULE DEVELOPMENT: The Board engaged in consensus-based rule development the last time a request was received and would likely try it again.

EMERGENCY RULES ADOPTED SINCE THE LAST REGULATORY AGENDA:

ELIGIBILITY:

CHAPTER 301 (Food Supplement Program):

Rule #210E – ABAWD Geographic Exemption

ADOPTED RULE NUMBER: 2019-172 (Emergency)

CONCISE SUMMARY: The Federal Supplemental Nutrition Assistance Program (SNAP) regulations, administered in Maine as the Food Supplement Program, provides that certain able-bodied adults without dependents (ABAWDs) are subject to a maximum of three months of benefits over a 36-month period, unless they work 20 hours or more per week (averaged monthly) or participate in and comply with requirements of a work program. Individuals who reside in certain geographic areas can qualify for an exception to this time limit under 7 C.F.R. §273.24(f).

The Department proposes to waive these work requirements for certain ABAWDs residing in geographic areas that have unemployment rates at or above 10% or have insufficient jobs for recipients residing in those areas. The geographic areas include 247 qualifying cities, towns, unorganized territories, townships, and reservations that qualify individually or as part of a federally defined labor market area. Upon adoption of these rules, ABAWDs residing in those areas will no longer have to meet the work requirements to receive Food Supplement benefits.

The waiver from Food and Nutrition Services was not provided in a timeframe that would allow the Department to comply with the non-emergency rulemaking process, under 5 M.R.S. §8052, and still implement the waiver by the required date of September 30, 2019. The Department finds that an emergency rule change is necessary to ensure the health and general welfare of Maine citizens residing in the affected regions.

EFFECTIVE DATE: September 30, 2019

Rule #209E - COLA SUA FFY 2020

ADOPTED RULE NUMBER: 2019-173 (Emergency)

CONCISE SUMMARY: This emergency rule implements updates to: the federal poverty levels; maximum and minimum allotments; the threshold that requires a report of changes in household income; the standard, homeless shelter, maximum shelter, and standard utility allowance deductions for the Food Supplement program as of October 1, 2019. As a result, Food Supplement benefits will change for some households.

The United States Department of Agriculture (USDA) memorandum providing these figures was not provided in a timeframe that would allow the Department to comply with the non-emergency rulemaking process and still implement by the required date of October 1, 2019. Therefore, the Department finds that an emergency rule change is necessary to remain in compliance with Federal regulation 7 C.F.R. 273.9(d), which requires annual review and adjustment to federal poverty levels, the standard deduction, and an adjustment to standard utility allowances (SUAs). This emergency rulemaking

is necessary for the health, safety, and general welfare in order to ensure that Food Supplement benefits are issued appropriately, accurately, and in a timely fashion consistent with federal law.

EFFECTIVE DATE: October 1, 2019

CHAPTER 323 (Maine General Assistance Manual): None

CHAPTER 331 (Maine Public Assistance Manual (TANF – Temporary Assistance for Needy Families)):

Rule #113E – TANF Max Benefit 2019

ADOPTED RULE NUMBER: 2019-174 (Emergency)

CONCISE SUMMARY: This rule increases the TANF maximum benefit by 2.8 percent and makes related changes to the standard of need pursuant to 22 M.R.S. §3769-C(1)(D).

The Department finds that an emergency rule change is necessary to implement the increases by the statutorily required date of October 1, 2019.

EFFECTIVE DATE: October 1, 2019

Rule #115E – TANF Relationship Changes

ADOPTED RULE NUMBER: 2020-017 (Emergency)

CONCISE SUMMARY: The Temporary Assistance for Needy Families (TANF) program and its predecessor, Aid to Families with Dependent Children (AFDC), were established to provide financial support and steps to independence for families with minor children. Federal regulations (45 C.F.R. §206) specify individuals who must be counted as part of the child's family but do not define who can be counted as part of the child's family. In the past, the state of Maine has required the individual applying on the child's behalf to show a close biological or marital relationship to the child(ren). The nature of family structure has evolved significantly in the United States since AFDC was established in 1935. Maine law allows numerous instances where non-relatives can act in the role of a parent (in loco parentis), and the Department is taking steps to align TANF policy with related state law and policy which recognizes such relationships.

Pursuant to 5 M.R.S. §8054 the Department finds that emergency rulemaking is necessary to implement these changes as soon as possible given the high number of low income children placed with non-relative guardians as a result of the opioid crisis. According to the Task Force to Address the Opioid Crisis in the State Final Report December 2017 presented to the 128th Legislature:

In 2016 there were a total of 376 drug-induced deaths in Maine (a 38% increase from 2015). The indisputable effects of the opioid crisis are far-reaching and have ripple effects on families and children. The average age of overdose deaths in Maine for 2016 was 41. On a given day in 2017, 9090 Mainers were receiving some form of medication assisted drug treatment. In 2016 there were 1,024 reports regarding infants exposed to substances, constituting 8.1% of all live births in Maine. 8.5% of the general public aged 18 or older have substance use disorders.

These facts demonstrate a sudden and dramatic increase in the number of Maine residents, of child bearing age, who are not able or allowed to keep their children in their homes. These children, who require safe homes, often reside with adults in their community with no biological or marital relationship to the child(ren). These families require supports that the TANF program can provide.

Modification of the usual rulemaking procedures under the *Maine Administrative Procedure Act* is necessary to ensure the health and general welfare of Maine citizens, specifically low income children with non-relative legal guardians and said guardians providing their housing and care.

EFFECTIVE DATE: January 30, 2020

Rule #114E – Changes to Budgeting

ADOPTED RULE NUMBER: 2020-022 (Emergency)

CONCISE SUMMARY: This rule change aligns the Maine Public Assistance Manual with 22 M.R.S. §3762 (3)(B)(7) as amended by L.D. 1772 and L.D. 1774. This amendment requires the Department to eliminate a gross income test for TANF/PaS applicants and utilize new earnings disregards when calculating a TANF/PaS benefit.

Pursuant to 5 M.R.S. §8054, the Department finds that emergency rulemaking is necessary to implement these changes as soon as possible. Due to the press of other business, technological challenges, and staffing issues in the Department due to a change in administrations, the Department was unable to adopt this rule prior to September 19, 2019. Therefore, the Department is adopting this emergency to apply retroactively to eligibility determinations made on or after September 19, 2019. Retroactive rulemaking is authorized by the Legislature in accordance with 22 M.R.S. §42 (8) because this rule provides a benefit to recipients or beneficiaries and does not have an adverse financial effect on either providers or beneficiaries or recipients. Modification of the usual rulemaking procedures under the *Maine Administrative Procedure Act* is necessary to ensure the public health, safety and welfare of Maine residents.

EFFECTIVE DATE: February 4, 2020

Rule #C19E – Change to In-person Requirements

ADOPTED RULE NUMBER: 2020-053 (Emergency)

CONCISE SUMMARY: The recently active Novel Coronavirus is responsible for a new disease, COVID19, and the United States Centers for Disease Control and Prevention (CDC) are still learning how the virus spreads. The CDC reports that the virus is spread mainly by person-to-person contact between people who are within six feet of one another, through respiratory droplets produced when an infected person coughs or sneezes. The CDC has advised that all symptomatic community members remain home to prevent further spread of the virus. The Maine Public Assistance Manual currently requires that a face-to-face interview be completed with each TANF application and requires all mandatory ASPIRE-TANF participants to attend an orientation. A face-to-face interview is also required at the time of annual recertification for TANF. Language has been modified through this rule change to allow for all orientation and interview activities to be completed over the telephone. This rule will allow for the continuation of services in the case of DHHS regional office closure to the public.

Pursuant to 5 M.R.S. §8054, the Department finds that emergency rulemaking is necessary to implement these changes as soon as possible to aid in the reduction of the spread of the new virus while continuing to provide TANF and ASPIRE supports to some of Maine's most vulnerable residents. This emergency rule removes the face-to-face requirement for the application and recertification interviews for TANF and ASPIRE-TANF orientation. Removal of the face-to-face component adheres to the recommendation of the CDC to prevent the spread of the virus by avoiding person-to-person contact.

Modification of the usual rulemaking procedures under the *Maine Administrative Procedure Act* is necessary to ensure the public health, safety and welfare of Maine residents.

EFFECTIVE DATE: March 13, 2020

CHAPTER 332 (MaineCare Eligibility Manual):

ADOPTED RULE NUMBER: 2020-119 (Emergency)

CONCISE SUMMARY: The *Families First Coronavirus Response Act* (FFCRA) H.R. 6201, 116 Cong. (2019-2020), P.L. No. 116-127 (3/18/2020), 134 STAT 178 *et seq.* specified in Division F, Section 6004 (a) (3) that State Medicaid programs were authorized to create an optional coverage group to ensure services related to testing and diagnosis of COVID-19 are available in response to the pandemic, pursuant to Section 1902(a)(10)(A)(ii)(XXIII) of the *Social Security Act*, 42 U.S.C. 1396a(a)(10) as amended. This is a limited coverage benefit that is effective March 18, 2020 and ends on the last day of the month within which the federal public health emergency (PHE) ends, unless otherwise directed by CMS, even if that period exceeds 90 days, pursuant to the Governor's Executive Order 48, FY 19/20. Coverage under this group is available to individuals who are without health insurance, or whose health insurance coverage does not meet the requirements for minimum essential coverage. This rule change adopts the eligibility criteria established within the Act into the *MaineCare Eligibility Manual*. This rule change will reduce barriers to COVID-19 testing and treatment which will improve health outcomes for the specific individuals covered and reduce the spread of this virus throughout the Maine population as a whole.

Pursuant to 5 M.R.S. §8054, the Department finds that emergency rulemaking is necessary to provide this essential service during the current health emergency.

Due to the emergency nature of the legislation establishing this coverage group, the Department was unable to adopt this rule prior to March 18, 2020. Therefore, the Department is adopting this emergency rule to apply retroactively to eligibility determinations made on or after March 18, 2020. Retroactive rulemaking is authorized by the Legislature in accordance with 22 M.R.S. §42(8) because this rule provides a benefit to recipients or beneficiaries and does not have an adverse financial effect on either providers or beneficiaries or recipients. Modification of the usual rulemaking procedures under the Maine Administrative Procedure Act is necessary to ensure the public health, safety and welfare of Maine residents as more fully described in the Basis Statement accompanying this rulemaking.

EMERGENCY RULES ADOPTED SINCE THE LAST REGULATORY AGENDA:

CHAPTER 36: 36.01, Herring Management Plan, Period 4 Opens

STATUTORY BASIS: 12 M.R.S. §6171(3)

PURPOSE: The Atlantic States Marine Fisheries Commission (ASMFC) scheduled a Days Out Conference Call on Wednesday, October 23, 2019 to determine effort controls for Quota Period 4 (November – December) in the Herring Management Area 1A. The Commissioners designated one landing day per week for Quota Period 4 to begin Sunday, November 3, 2019 at 6:00 p.m. Quota Period 4 opened at 12:01 a.m. on November 1, 2019. The Commissioner determined that it was necessary to take emergency action to implement these limitations to prevent the imminent depletion of the supply of Atlantic herring and to comply with the changes to the interstate management of the Atlantic herring resource. The Commissioner adopted this emergency regulation as authorized by 12 M.R.S. §6171(3).

EFFECTIVE DATE OF ADOPTED RULE: October 31, 2019

AFFECTED PARTIES: Herring fishermen

CHAPTER 11: 11.08, Targeted Closures: (8) Moosabec Reach

STATUTORY BASIS: 12 M.R.S. §6171-3(A)

PURPOSE: The Commissioner adopted this emergency rulemaking to establish a scallop conservation closure in Moosabec Reach within the Chandler Bay/Head Harbor Island Rotational Area in Zone 2. The Department was concerned that continued harvesting for the remainder of the 2019-2020 fishing season in this area would reduce scallop broodstock further, as well as jeopardize sublegal scallop abundance that was observed in the 2019 Spring Scallop survey that is essential to the ongoing recruitment, regrowth and recovery of the scallop resource. An immediate conservation closure was necessary to reduce the risk of unusual damage and imminent depletion of the scallop resource in the Moosabec Reach area. For these reasons, the Commissioner adopted an emergency closure of Maine's scallop fishery in these areas as authorized by 12 M.R.S. §6171(3)(A).

EFFECTIVE DATE OF ADOPTED RULE: December 8, 2019

AFFECTED PARTIES: Maine commercial and noncommercial scallop license holders and scallop dealers.

CHAPTER 11: 11.08, Targeted Closures: (9) Upper Narraguagus Bay

STATUTORY BASIS: 12 M.R.S. §6171-3(A)

PURPOSE: The Commissioner adopted this emergency rulemaking to establish a scallop conservation closure in upper Narraguagus Bay in Zone 2. The Department

was concerned that continued harvesting for the remainder of the 2019-2020 fishing season in these areas will reduce scallop broodstock further, as well as jeopardize sublegal scallop abundance that was observed in the 2019 Spring Scallop survey that is essential to the ongoing recruitment, regrowth and recovery of the scallop resource. An immediate conservation closure was necessary to reduce the risk of unusual damage and imminent depletion of the scallop resource in the upper Narraguagus Bay area. For these reasons, the Commissioner adopted an emergency closure of Maine's scallop fishery in these areas as authorized by 12 M.R.S. §6171(3)(A).

EFFECTIVE DATE OF ADOPTED RULE: January 5, 2020

AFFECTED PARTIES: Maine commercial and noncommercial scallop license holders and scallop dealers.

CHAPTER 11: 11.08, Targeted Closures: (10) Chandler and Eastern Bays

STATUTORY BASIS: 12 M.R.S. §6171-3(A)

PURPOSE: The Commissioner adopted this emergency rulemaking to expand the scallop conservation closure to include Chandler and Eastern Bay areas in Zone 2. The Department was concerned that continued harvesting for the remainder of the 2019-2020 fishing season in these areas would reduce scallop broodstock further, as well as jeopardize sublegal scallop abundance that was observed in the 2019 Spring Scallop survey that is essential to the ongoing recruitment, regrowth and recovery of the scallop resource. An immediate conservation closure was necessary to reduce the risk of unusual damage and imminent depletion of the scallop resource in the Chandler and Eastern Bay areas. For these reasons, the Commissioner adopted an emergency closure of Maine's scallop fishery in these areas as authorized by 12 M.R.S. §6171(3)(A).

EFFECTIVE DATE OF ADOPTED RULE: January 19, 2020

AFFECTED PARTIES: Maine commercial and noncommercial scallop license holders and scallop dealers.

CHAPTER 11: 11.08, Targeted Closures: (11) Middle Penobscot Bay

STATUTORY BASIS: 12 M.R.S. §6171-3(A)

PURPOSE: The Commissioner adopted this emergency rulemaking to establish scallop conservation closures within Middle Penobscot Bay Islands, and also, Somes Sound and Cranberry Isles in Zone 2. The Department was concerned that continued harvesting for the remainder of the 2019-2020 fishing season in these areas would reduce scallop broodstock further, as well as jeopardize sublegal scallops that were observed in the 2019 Spring Scallop survey that is essential to the ongoing recruitment, regrowth and recovery of the scallop resource. An immediate conservation closure was necessary to reduce the risk of unusual damage and imminent depletion of the scallop resource in the Middle Penobscot Bay and Cranberry Isles areas. For these reasons, the Commissioner adopted an emergency closure of Maine's scallop fishery in these areas as authorized by 12 M.R.S. §6171(3)(A).

EFFECTIVE DATE OF ADOPTED RULE: February 2, 2020

AFFECTED PARTIES: Maine commercial and noncommercial scallop license holders and scallop dealers.

CHAPTER 11: 11.08, Targeted Closures: (13) Cobscook, Whiting & Dennys Bays

STATUTORY BASIS: 12 M.R.S. §6171-3(A)

PURPOSE: The Commissioner adopts this emergency rulemaking to establish scallop conservation closures for Cobscook, Whiting and Dennys Bays, all within Zone 3. The

Department is concerned that continued harvesting for the remainder of the 2019-2020 fishing season in these areas will impact the abundant sublegal scallop resource, as well as lower the existing scallop broodstock further, observed in the 2019 Fall Scallop survey that is essential to the ongoing recruitment, regrowth and recovery of the scallop resource that supports an annual fishery. An immediate conservation closure is necessary to reduce the risk of unusual damage and imminent depletion of the scallop resource in these Zone 3 areas. For these reasons, the Commissioner hereby adopts an emergency closure of Maine's scallop fishery in these areas as authorized by 12 M.R.S. §6171(3)(A).

EFFECTIVE DATE OF ADOPTED RULE: February 16, 2020

AFFECTED PARTIES: Maine commercial and noncommercial scallop license holders and scallop dealers.

CHAPTER 32: 32.03, Elver Harvesting Regulations Area Closures

STATUTORY BASIS: 12 M.R.S. §6171-A

PURPOSE: The Commissioner adopted this emergency rulemaking to close the coastal waters of the state to the fishing for, or taking of elvers. The elver fishery is undertaken in a manner that causes fishermen to be in close proximity on Maine's rivers, which could have resulted in the continued spread of COVID-19. Early in the season, fishermen are concentrated in the southern part of the State, where the number of cases and evidence of community spread was highest. In order to protect public health, the Commissioner closed the coastal waters of the State to the fishing for and taking of elvers for a minimum of two weeks. Conditions will be reassessed at that time, and the emergency regulation repealed when appropriate. For these reasons, the Commissioner adopted an emergency closure of the coastal waters of the state to the fishing for or taking of elvers to protect public health as authorized by 12 MRS §6171-A.

EFFECTIVE DATE OF ADOPTED RULE: March 22, 2020

AFFECTED PARTIES: Elver fishermen and dealers

CHAPTER 32: 32.03, Amendment to Elver Harvesting Regulations Area Closures

STATUTORY BASIS: 12 M.R.S. §6171-A

PURPOSE: Beginning at 8:00am on March 30, 2020, the coastal waters of the state were re-opened to the fishing for, or taking of elvers. Protocols were developed for elver harvesters and dealers to follow, which minimized the potential for the spread of COVID-19. For these reasons, this emergency rulemaking amended the March 22, 2020 closure of the elver fishery, which was authorized under 12 MRS §6171-A.

EFFECTIVE DATE OF ADOPTED RULE: March 29, 2020

AFFECTED PARTIES: Elver fishermen and dealers

CHAPTER 34: 34.07, Atlantic Halibut Emergency Regulation

STATUTORY BASIS: 12 M.R.S. §6171-3(C)

PURPOSE: In order to remain within the State Waters subcomponent's target catch of the federal annual catch limit, and to prevent the Allowable Biological Catch from being exceeded and Accountability Measures being triggered, Maine took this emergency action to reduce catch in the state waters halibut fishery by reducing the length of the state waters halibut season by one week at each end of the season (resulting in a season of May 18-June 13). This action was intended to protect and conserve the halibut resource in compliance with the federal management plan and avoid future implementation of accountability measures which include zero possession

of Atlantic halibut by all federal permit holders. For these reasons, the Commissioner determined that it was necessary to take this emergency action under 12 M.R.S. 6171(3)(C).

EFFECTIVE DATE OF ADOPTED RULE: May 6, 2020

AFFECTED PARTIES: Halibut fishermen

CHAPTER 36: Atlantic Herring; 2020 Harvest Rules

STATUTORY BASIS: 12 M.R.S. §6171-3(C)

PURPOSE: This rulemaking set the start date for the mobile Atlantic herring fishery to commence on Sunday, July 19, 2020 and set harvest parameters for the Atlantic Herring fishery as determined at the Days Out meeting held May 12, 2020. The Days Out Commissioners designated zero landing days June 1 through July 18, 2020. The Days Out Commissioners designated four consecutive landing days, beginning at 6:00 p.m. Sunday to 6:00 p.m. Thursday for vessels issued an Atlantic Herring Limited Access Category A Permit. These vessels are limited to landing 240,000 lbs. (6 trucks) weekly. The Days Out Commissioners designated five consecutive landing days, beginning at 6:00 p.m. Sunday to 6:00 p.m. Friday for vessels issued an Atlantic Herring Limited Access Category C Permit. Limited access harvester vessels may transfer Atlantic herring at-sea to other limited access harvester vessels. All harvester vessels are prohibited from at-sea transfers of Atlantic herring to carrier vessels. All vessels landing herring caught in Management Area 1A in any Maine port are limited to one landing per 24-hour period (6:00 p.m. to 6:00 p.m.). Daily electronic landings reports are required. The Commissioner determined that it is necessary to take emergency action to implement these limitations to prevent the depletion of the supply of Atlantic herring and to comply with the changes to the interstate management of the Atlantic herring resource. The Commissioner adopted this emergency regulation as authorized by 12 M.R.S. §6171(3)(C).

EFFECTIVE DATE OF ADOPTED RULE: May 30, 2020

AFFECTED PARTIES: Herring fishermen

CHAPTER 41: Menhaden Open EESA

STATUTORY BASIS: 12 M.R.S. §6171-3(A)

PURPOSE: The fishery for Atlantic menhaden is managed through the Atlantic States Marine Fisheries Commission (ASMFC). Maine's allocated quota share for FY2020 was 2,438,696 pounds, which was fully consumed by June 18, 2020. The Department of Marine Resources (DMR) requested, and was granted, approval to participate in the Episodic Event Set Aside program to access an available 4.7 million lbs. of menhaden quota. Beginning Monday, June 29, 2020 at 12:01 a.m., the harvest and landing is permitted on Mondays and Thursdays, 12:01 a.m. to 11:59 p.m. only. Reporting was required on the same day as fish are landed. The Commissioner determined that it was necessary to take emergency action to reduce harvest days and provide more timely reports to prevent unusual damage to the menhaden resource by exceeding available quota. The Commissioner adopted this emergency regulation as authorized by 12 M.R.S. §6171(3)(A).

EFFECTIVE DATE OF ADOPTED RULE: June 27, 2020

AFFECTED PARTIES: Menhaden fishermen

CHAPTER 41: Menhaden EESA Reduction

STATUTORY BASIS: 12 M.R.S. §6171-3(A)

PURPOSE: The Department of Marine Resources (DMR) was granted approval to participate in the Episodic Event Set Aside (EESA) program to access an available 4.7 million lbs. of menhaden quota. Due to the high rate of effort, it was projected that landings on Monday, June 29 exceeded 2.5 million pounds, and continued fishing would result in an overage of the available EESA. To allow for continued participation in the EESA, the daily landing limit was reduced to 6,000 lbs. on open harvest days and carriers are prohibited; Mondays and Thursdays. The Commissioner has determined that it was necessary to take emergency action to reduce the daily landing limit to prevent unusual damage to the menhaden resource by exceeding available quota. The Commissioner adopted this emergency regulation as authorized by 12 M.R.S. §6171(3)(A).

EFFECTIVE DATE OF ADOPTED RULE: July 2, 2020

AFFECTED PARTIES: Menhaden fishermen
