He joined the Navy in 1976, the end of the Vietnam War. But he still got over there to fix downed aircraft. He also served during Desert Storm. In the twenty years he served it was not done as a job; it was a choice, a choice he would do again.

I would also like to honor all the other veterans that served as well, the ones that never came home, and the ones that did. I honor all who served in all our wars, from the Minutemen to the most current soldiers. They did so from the desire to do something for their country and the people they loved, and now it's our time to honor them all.

## **Gulf War Troops Return Home**

Approximately 697,000 U.S. troops served during **Operation Desert Shield** and **Desert Storm**. When troop carriers first began returning home, crowds of Mainers greeted flights returning from the Persian Gulf at the Bangor International Airport to give U.S. soldiers an all-American welcome.

**I am voting to honor my brother, Charles "Chuck" Nute. He was a medic serving with the 11<sup>th</sup> Arm. Cav. 37<sup>th</sup> Med Co in the late 60's. He met every Desert Storm flight coming into Bangor.**

*Steve Nute, Belfast*

*Served during the Vietnam era*

Television viewers across the country watched as Sgt. Kevin Tillman, among the first soldiers to receive the Bangor "welcome home" greetings, performed his impromptu rendition of "The Star-Spangled Banner" on a saxophone borrowed from a musician in the John Bapst Memorial High School band.

When the last official flight departed from Bangor on **May 27, 1991**, crowds in Maine's Queen City had enthusiastically welcomed home an estimated 100,000 Gulf War soldiers. To commemorate these acts of kindness, Everett Steele, himself a Korean veteran, helped organize a 10-year reunion on March 7, 2001, at Bangor International Airport, for those who had been part of the Bangor Homecoming festivities. Steele estimates that he and a handful of others had greeted 350 flights since that first carrier landed.

Sgt. Tillman, in remarks made during that anniversary reception, remembers the enthusiastic outpouring of patriotism and gratitude that greeted him on his return home:

*"If the first troop carriers had not come to Maine, and not come to Bangor, what did happen may not have happened. By rising to the occasion...and setting the standard for the rest of the country and how we take care of our military personnel, you all left no doubt...why we do what we do."*
