Description	Media	Last Updated	In Agency Retention	Rec Center Retention	Disposition	Status
The Department of Education statutes Title 20-A, Section 6051(5) states that financial records and accounts shall be kept for 7 years after the end of the fiscal year and shall be available to the auditors and any other upon request. The Weekly Attendance and Time Distribution Reports for this department serve two purposes: (1) they report the amount of time worked by personnel, and (2) they represent the original backup source document of where the time was worked for various federal programs. The designated codes represent federal programs used by DOE Finance staff to charge salaries and wages of personnel who work on multiple activities or cost objectives based on actual time reported. DOE classifies these time distribution reports as financial records and accounts to support charges made to federal financial assistance programs. DOE plans to maintain these records for a period of seven years, two in the agency and five in the Records Center.	Paper	1/5/2000 Years	2	Years 5	Destroy	Current

Schedule #: 1609 44#:School Revolving Renovation Fund Projects						
These are paper media records of schools that have applied for funding through the Department of Education's School Revolving Renovation Fund. The records are used by the Department of Education to determine which schools receive funding, and to track the progress of the project as well as how the funding provided is applied. A typical file would include an application with supporting documents, correspondence, rating forms, and eligibility certificates.	Paper	10/17/2017 Years	3	No Retention 0	Destroy	Current
Schedule #: 1643 52#:Per Pupil Professional Development funds Applications and Reports						
These records contain the applications and annual reports for each school administration unit for per pupil professional development funds. These are funds the state makes available under Maine learning results legislation. The program manager for Title II-A Teacher Quality will need to refer to these records when approving funding for new applications. Because these applications and reports are used when determining the amount of funds to be awarded to school administrative units in Maine, a seven year retention period is required by Title 20-A, Section 6051 which states that financial records and accounts shall be kept for seven years after the end of the fiscal year and shall be available to the auditors and any other upon request.
