<b>Schedule #:</b>	1660	83#:Business Visitation Program Survey and Reports								
<p>Records from the Business Visitation Program (BVP) are kept as a consolidation of information received through surveys and task force meetings. These provide a better understanding of economic development and how business expansion and retention efforts provide a cornerstone for it. These confidential surveys provide a clearer picture of the role of community, economic development, and workforce development practitioners, university and other educational facility leaders, policy makers, and other professionals have in community development. The Business Visitation Program Manager as well as the "Sponsor" of the survey and the task force charged with the responsibility of the interpretation of the raw data and the action steps to be taken use the records. This results in a final report of the confidential survey. In order for us to gather "real" information from employers and businesses we promise and keep the actual surveys confidential. We use this information to develop an "Action Plan" for the Industry or Community for them to work on/with over the next year or two. Typical files include this report and communication between parties and the individual, surveys taken by the business, industry or community.</p>	Paper	8/28/2006	Years	3		Years	7	Destroy	Current

<p>The Maine Department of Labor maintains these records pertaining to the programs and services funded by the Workforce Investment Act. These programs are delivered by Maine Dept of Labor employees and community based contractors. The services include employment and training services, including counseling, workshops, assessments, job referrals, skills development for obtaining jobs, how to use labor market information, and other services to help Maine residents find job training and employment. These records include grant applications, service delivery plans, financial awards, reports on quarterly and annual program performance, changes in any grants or contracts, requirements for the administration of the programs that are funded by the USDOL Employment and Training Administration under the Workforce Investment Act, and supporting documentation and program guidance.</p> <p>The records are used to document performance, financial awards, and how to apply for the supporting funds. They are also used to confirm and record program quality assurance activities and results. Planning for future programs funded by the Workforce Investment Act depends on being able to maintain and refer to these files. Any grievances or disputes over funding or performance are supported by these records. The US Dept of Labor uses the info to decide on funding levels and it is important that we maintain independent files for the purposes of planning and negotiating funding and performance standards for the programs funded by the Workforce Investment Act.</p> <p>The records are used by the Bureau of Employment Services Director, Deputy Director, Labor Program Specialists, CareerCenter Managers, Labor Program Planners and Policy Analysts, and Local Workforce Investment Boards.</p> <p>A typical file will be data reports detailing numbers of people served, rates of employment and retained employment, wages, gains in wages, types of training funded and received, success rates, and other performance data to document and justify funding. Typical files will also include correspondence related to the reports, service delivery, program monitoring activities, responses to letters of findings, letters and memos of guidance, rules, and regulations pertaining to and governing the programs funded by the Workforce Investment Act.</p>	Paper	6/17/2008	Years	3		Years	3	Destroy	Current

<p>The Maine Department of Labor keeps records of the Veterans Employment and Training Services Program in order to administer and verify funding, delivery of services, service quality and performance. They are used to document performance, financial awards, and instructions received for delivering services and applying for funds and are used by the Bureau of Employment Services Director, Deputy Director, Labor Program Specialists, Disabled Veterans Outreach Program Specialists, Local Veterans Employment Program Specialists, Local Workforce Investment Boards, community based contractors, and Labor Planners and Policy Analysts. This program provides specific training and employment services for veterans. The services include counseling, job guidance, funds for training, training and employment plans, job searches, and follow up services for job retention. The program specializes in and serves only veterans. The funding, grants, reports, and paperwork are separate from other training and employment programs administered by the state. These records allow us to plan new services and programs based on past and recent performance as document in the files. They also allow us to develop new services based on the same.</p> <p>A typical file would be a grant application, a quarterly or annual report, a narrative or required forms, service delivery data report, service delivery plan, financial award or notices, changes in a grant or plan, a notice or letter from the US Dept of Labor issuing program rules/regulations/guidance.</p>	Paper	6/17/2008	Years	3	Years	3	Destroy	Current

**Schedule #:** 1723 90#:Data Element Validation Worksheets for Employment Service Programs

# Department Series Report

## 12: Labor

Description	Media	Last Updated	In Agency Retention	Rec Center Retention	Disposition	Status
Data element validation is required for three U.S. Department of Labor, Employment and Training Administration (ETA) initiatives: Wagner-Peyser, the Trade Adjustment Act (TAA), and the Workforce Investment Act (WIA). Wagner-Peyser is federal legislation that authorizes labor exchange activities by which qualified, interested job seekers are matched with available job openings. The labor exchange is a nation-wide Federal initiative to help job seekers find jobs and employers hire qualified workers via a statewide CareerCenter network. TAA is a program that provides re-employment services and monetary benefits to workers whose jobs have been adversely affected by foreign competition. For laid-off workers, the federal legislation authorizes services that may include employment registration and counseling, case assessment, job development, supportive services, job search and relocation allowance, and training services. WIA creates a nation-wide Federal initiative to coordinate workforce development systems which help job seekers find jobs; explore work preparation and career development services; and access to a range of employment, training, and educational programs via a statewide CareerCenter network. To verify the data from the participants who receive labor exchange, Trade Adjustment Act, or workforce investment services via CareerCenters throughout Maine, samples are drawn to compare demographic items such as age, disability, veteran status, education status, etc.; services and outcome data are also validated. Validation teams visit the CareerCenters sampled to check the customer's folders for the accuracy of the data. Some of the data is validated against the One-Stop Operating System (OSOS) for such items as UI status or wage information. Source documentation may include such items as signed WIA registration forms, driver's license; birth certificate; printouts of benefits from DHHS, case notes; Veterans DD-214 (statement of military service dates and accomplishments issued by U.S. Government), and whatever else may be applicable to the individual characteristics or services received. Paperwork may include, but is not limited to, the data element validation worksheets and notes of sources used to document individual characteristics or services received. The Bureau of Labor Standards, Wage & Hour Division, is required under 26 MRSa Chapter 7 §681-§690 to approve employer applications to enter a substance abuse testing program in their workplace. The Wage & Hour Director periodically accesses records to ensure that employers are only testing for substances that they been approved to test for and to ensure that employers are following their approved substance abuse testing program. This review may occur from an employee complaint or if a question regarding a companies drug policy needs to be answered. A typical file will contain the employer substance abuse testing program application and general correspondence related to the application. The active/approved programs must be maintained indefinitely or until either the employer withdraws their program, the Wage & Hour Division suspends, denies or revokes the application, or the business closes operations. Programs that are considered inactive due to suspension or withdrawal will be destroyed after one year from suspension/withdrawal/denial date. **Schedule #:** 1934 101A:TPS Program - TPS Acceptance Sample Reviews

The ET 407 handbook, TPS Operations Handbook provides standard instructions for operating the Core TPS program. The TPS program is a part of the Department's "UI Performs," a comprehensive performance system in which the States and Federal Government work together as partners to strengthen the UI system. TPS Acceptance Sample Reviews are one part of the Program Review process and are conducted on a cyclical basis (04/01-03/31). Acceptance Sample Reviews are completed annually within the 04/01-03/31 TPS cycle. This data is used by Agency and Region 1 as designed. The Agency is required to keep TPS Acceptance Sample Reviews for 7-years per the ET 407 Handbook guidelines and instructions. There are 13 tax functions which have various types of internal controls and these reviews are an assessment of State's internal controls or quality assurance systems. The presence of these controls and verification by the review is a part of the Program Review process that should ensure State's UI revenue transactions are processed accurately. Sampling small "acceptance" or "discovery" samples are examined for each tax function. Due to the small number of samples, this test is intended simply to signal potential problem areas in those tax functions where 3 or more cases are found to fail. It indicates - with a 90% confidence level - that the particular tax function has an error rate of 8.8% or more. These tax functions are: Status Determinations (New / Successor / Inactivations & Terminations; Cashiering; Report Delinquency; collections; Field Audits; Report Processing; Debits a& Billings - Contributory & Reimbursing; Credits & Refunds; Benefit Charging; and Tax Rates. A review can contain, but not limited to: various Tiny Term screen shots, ORBIT reports, billing notices, forms, communications, staff emails, annotations, etc. that support the review results and scoring. # Department Series Report

## 12: Labor

Description	Media	Last Updated	In Agency Retention	Rec Center Retention	Disposition	Status
The ET 407 handbook, TPS Operations Handbook provides standard instructions for operating the Core TPS program. The TPS program is a part of the Department's "UI Performs," a comprehensive performance system in which the States and Federal Government work together as partners to strengthen the UI system. TPS System Reviews are one part of the Program Review process and are conducted on a cyclical basis (04/01-03/31). System Reviews of State internal controls take place every four years unless problems have been discovered or program changes have been made within the last year. This data is used by Agency and Region 1 As designed. The Agency is required to keep TPS system Reviews for 7-years per the ET 407 Handbook guidelines and instructions. The System Review is an audit of various types of internal controls and is an organized assessment of State's internal controls or quality assurance systems. The presence of these controls and verification by the System Review (audit) process should ensure that State's UI revenue transactions are processed accurately. A system Review can contain, but not limited to: interview sheet, tax function System Review Questionnaire - various sections, related Agency Standard Operations Procedures, emails, forms and reports.
