### Purpose:

This policy identifies planning regions within the State as required by WIOA and articulates the criteria the State considered in identifying such regions for the purpose of administering WIOA Subtitle-B and regional planning.

### Background:

Per WIOA Section 106(a) and 106(b), in order for a State to receive an allotment under Section 127(b) (*Youth formula funds*) or 132(b) (*Adult and DW formula funds*) and as part of the process for developing the State plan and after consulting with local boards (LBs) and chief elected officials (CEOs), the State shall identify regions in the State.

Such regions must be consistent with labor market areas in the State, regional economic development areas in the State, and ensure the availability of Federal and non-Federal resources necessary to effectively administer activities under Subtitle B (*Adult, DW & Youth formula programs*) and other applicable provisions of WIOA, including whether such regions have an appropriate mix of education and training providers.

Through a series of meetings and sessions, Local Board Directors and Chief Elected Officials consulted with the Bureau of Employment Services. The State Workforce Board was also consulted during the November 20, 2015 meeting. All parties agreed to the makeup of these regions.

### Policy:

The State will consist of three regions each comprising at least one Local Area and a roughly equal number of Maine Counties.

## REGIONS

**Northeastern** – shall be made up of Aroostook, Washington, Piscataquis, Penobscot and Hancock counties.

**Central Western** – shall be made up of Kennebec, Somerset, Androscoggin, Oxford, and Franklin counties.

- G. Emerging and technology-based industries are spread across all three regions;
- H. Regional partnerships have already been formed for the purpose of workforce, economic and community planning in each region.

Local Boards and Chief Elected Officials within each Region will be required to prepare a regional plan\* that incorporates local plan elements and engages partners in a regional planning process that results in establishment of:

- Regional service strategies, using cooperative service delivery agreements;
- Development and implementation of sector strategies for in-demand sectors or occupations within the region;
- Establishment of administrative cost arrangements, including the pooling of funds for administrative costs between Local Areas within a region that has more than one Local Area;
- Coordination of transportation and other supportive services, as appropriate, for the region;
- Coordination of services with regional economic development districts and providers; and
- Establish agreement concerning how the planning region will collectively negotiate and reach agreement with the Governor on local levels of performance for, and report on, the performance accountability measures described in Section 116(c) for Local Areas within a planning region.

\*Specific guidance on the required components of a Local/Regional plan is identified in WIOA Section 108 and will be further defined in ensuing policy or guidance.
