Congressional findings and declaration of purpose

Section 101

(a) Critical social, economic, and environmental problems facing Nation's urban communities

The Congress finds and declares that the Nation's cities, towns, and smaller urban communities face critical social, economic, and environmental problems arising in significant measure from--

(1) the growth of population in metropolitan and other urban areas, and the concentration of persons of lower income in central cities;

(2) inadequate public and private investment and reinvestment in housing and other physical facilities, and related public and social services, resulting in the growth and persistence of urban slums and blight and the marked deterioration of the quality of the urban environment; and

(3) increasing energy costs which have seriously undermined the quality and overall effectiveness of local community and housing development activities.

(b) Establishment and maintenance of viable urban communities; systematic and sustained action by Federal, State, and local governments; expansion of and continuity in Federal assistance; increased private investment; streamlining programs and improvement of functioning of agencies; action to address consequences of scarce fuel supplies

The Congress further finds and declares that the future welfare of the Nation and the well-being of its citizens depend on the establishment and maintenance of viable urban communities as social, economic, and political entities, and require--

(1) systematic and sustained action by Federal, State, and local governments to eliminate blight, to conserve and renew older urban areas, to improve the living environment of low- and moderate-income families, and to develop new centers of population growth and economic activity;

(2) substantial expansion of and greater continuity in the scope and level of Federal assistance, together with increased private investment in support of community development activities;

(3) continuing effort at all levels of government to streamline programs and improve the functioning of agencies responsible for planning, implementing, and evaluating community development efforts; and

(4) concerted action by Federal, State, and local governments to address the economic and social hardships borne by communities as a consequence of scarce fuel supplies.

(c) Decent housing, suitable living environment, and economic opportunities for persons of low and moderate income; community development activities which may be supported by Federal assistance

The primary objective of this chapter and of the community development program of each grantee under this chapter is the development of viable urban communities, by providing decent housing and a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income. Consistent with this primary objective, not less than 70 percent of the aggregate of the Federal assistance provided to States and units of general local government under section 106 of this title and, if applicable, the funds received as a result of a guarantee or a grant under section 108 of this title, shall be used for the support of activities that
benefit persons of low and moderate income, and the Federal assistance provided in this chapter is for the support of community development activities which are directed toward the following specific objectives--

(1) the elimination of slums and blight and the prevention of blighting influences and the deterioration of property and neighborhood and community facilities of importance to the welfare of the community, principally persons of low and moderate income;
(2) the elimination of conditions which are detrimental to health, safety, and public welfare, through code enforcement, demolition, interim rehabilitation assistance, and related activities;
(3) the conservation and expansion of the Nation's housing stock in order to provide a decent home and a suitable living environment for all persons, but principally those of low and moderate income;
(4) the expansion and improvement of the quantity and quality of community services, principally for persons of low and moderate income, which are essential for sound community development and for the development of viable urban communities;
(5) a more rational utilization of land and other natural resources and the better arrangement of residential, commercial, industrial, recreational, and other needed activity centers;
(6) the reduction of the isolation of income groups within communities and geographical areas and the promotion of an increase in the diversity and vitality of neighborhoods through the spatial deconcentration of housing opportunities for persons of lower income and the revitalization of deteriorating or deteriorated neighborhoods;
(7) the restoration and preservation of properties of special value for historic, architectural, or esthetic reasons;
(8) the alleviation of physical and economic distress through the stimulation of private investment and community revitalization in areas with population outmigration or a stagnating or declining tax base; and
(9) the conservation of the Nation's scarce energy resources, improvement of energy efficiency, and the provision of alternative and renewable energy sources of supply.

It is the intent of Congress that the Federal assistance made available under this chapter not be utilized to reduce substantially the amount of local financial support for community development activities below the level of such support prior to the availability of such assistance.

(d) Consolidation of complex and overlapping Federal assistance programs into consistent system of Federal aid

It is also the purpose of this chapter to further the development of a national urban growth policy by consolidating a number of complex and overlapping programs of financial assistance to communities of varying sizes and needs into a consistent system of Federal aid which--

(1) provides assistance on an annual basis, with maximum certainty and minimum delay, upon which communities can rely in their planning;
(2) encourages community development activities which are consistent with comprehensive local and areawide development planning;
(3) furthers achievement of the national housing goal of a decent home and a suitable living environment for every American family; and
(4) fosters the undertaking of housing and community development activities in a coordinated and mutually supportive manner by Federal agencies and programs, as well as by communities.

Any unit of general local government that was classified as a metropolitan city in any fiscal year, may, upon submission of written notification to the Secretary, relinquish such classification for all purposes under this chapter if it elects to have its population included with the population of a county for purposes of qualifying for assistance (for such following fiscal year) under section 106 of this title as an urban county under paragraph (6)(D). Any metropolitan city that elects to relinquish its classification under the preceding sentence and whose port authority shipped at least 35,000,000 tons of cargo in 1988, of which iron ore made up at least half, shall not receive, in any fiscal year, a total

(E) provides for a timely written answer to written complaints and grievances, within 15 working days where practicable; and

(F) identifies how the needs of non-English speaking residents will be met in the case of public hearings where a significant number of non-English speaking residents can be reasonably expected to participate.

This paragraph may not be construed to restrict the responsibility or authority of the grantee for the development and execution of its community development program.

(b) Certification of enumerated criteria by grantee to Secretary

Any grant under section 106 of this title shall be made only if the grantee certifies to the satisfaction of the Secretary that--

(I) the grantee is in full compliance with the requirements of subsection (a)(2)(A), (B), and (C) of this section and has made the final statement available to the public;

(3) the projected use of funds has been developed so as to give maximum feasible priority to activities which will benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight, and the projected use of funds may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs, except that

(A) the aggregate use of funds received under section 106 of this title and, if applicable, as a result of a guarantee or a grant under section 108 of this title, during a period specified by the grantee of not more than 3 years, shall principally benefit persons of low and moderate income in a manner that ensures that not less than 70 percent of such funds are used for activities that benefit such persons during such period; and

(B) a grantee that borders on the Great Lakes and that experiences significant adverse financial and physical effects due to lakefront erosion or flooding may include in the projected use of funds activities that are clearly designed to alleviate the threat posed, and rectify the damage caused, by such erosion or flooding if such activities will principally benefit persons of low and moderate income and the grantee certifies that such activities are necessary to meet other needs having a particular urgency;

(4) it has developed a community development plan pursuant to subsection (m) of this section, for the period specified by the grantee under paragraph (3), that identifies community development needs and specifies both short- and long-term community development objectives that have been developed in accordance with the primary objective and requirements of this chapter;

(5) the grantee will not attempt to recover any capital costs of public improvements assisted in whole or part under section 106 of this title or with amounts resulting from a guarantee under section 108 of this title by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements, unless

(A) funds received under section 106 of this title are used to pay the proportion of such fee or assessment that relates to the capital costs of such public improvements that are financed from revenue sources other than under this chapter; or

(B) for purposes of assessing any amount against properties owned and occupied by persons of moderate income, the grantee certifies to the Secretary that it lacks sufficient funds received under section 106 of this title to comply with the requirements of subparagraph (A); and

(6) the grantee will comply with the other provisions of this chapter and with other applicable laws.

(c) Special certifications required for certain grants

A grant may be made under section 106(b) of this title only if the unit of general local government certifies that it is following--

(1) a current housing affordability strategy which has been approved by the Secretary in accordance with section 12705 of this title, or
(2) a housing assistance plan which was approved by the Secretary during the 180-day period beginning on November 28, 1990 or during such longer period as may be prescribed by the Secretary in any case for good cause.

(d) Residential antidisplacement and relocation assistance plan; certification of adherence; contents

(1) A grant under section 106 or 118 of this title may be made only if the grantee certifies that it is following a residential antidisplacement and relocation assistance plan. A grantee receiving a grant under section 106(a) of this title or section 118 of this title shall so certify to the Secretary. A unit of general local government receiving amounts from a State under section 106(d) of this title shall so certify to the State, and a unit of general local government receiving amounts from the Secretary under section 106(d) of this title shall so certify to the Secretary.

A State may require as a condition of any amount distributed by such State under section 106(d) of this title that a unit of general local government shall pay to such State any such income to be used by such State to fund additional eligible community development activities, except that such State shall waive such condition to the extent such income is applied to continue the activity from which such income was derived.

(a) Amounts allocated to Indian tribes, discretionary fund, and metropolitan cities and urban counties; limitations on amount of annual grants

(1) For each fiscal year, of the amount approved in an appropriation Act under section 103 of this title for grants in any year (excluding the amounts provided for use in accordance with section 107 of this title), the Secretary shall reserve for grants to Indian tribes 1 percent of the amount appropriated under such section. The Secretary shall provide for distribution of amounts under this paragraph to Indian tribes on the basis of a competition conducted pursuant to specific criteria for the selection of Indian tribes to receive such amounts. The criteria shall be contained in a regulation promulgated by the Secretary after notice and public comment. Notwithstanding any other provision of this Act, such grants to Indian tribes shall not be subject to the requirements of section 104 of this title, except subsections (f), (g), and (k) of such section.

(2) After reserving such amounts for Indian tribes, the Secretary shall allocate amounts provided for use under section 107 of this title.

(3) Of the amount remaining after allocations pursuant to paragraphs (1) and (2), 70 percent shall be allocated by the Secretary to metropolitan cities and urban counties. Except as otherwise specifically authorized, each metropolitan city and urban county shall be entitled to an annual grant from such allocation in an amount not exceeding its basic amount computed pursuant to paragraph (1) or (2) of subsection (b) of this section.

(b) Computation of amount allocated to metropolitan cities and urban counties

(1) The Secretary shall determine the amount to be allocated to each metropolitan city which shall be the greater of an amount that bears the same ratio to the allocation for all metropolitan areas as either--

(A) the average of the ratios between--

(i) the population of that city and the population of all metropolitan areas;
(ii) the extent of poverty in that city and the extent of poverty in all metropolitan areas; and
(iii) the extent of housing overcrowding in that city and the extent of housing overcrowding in all metropolitan areas; or

(B) the average of the ratios between--

(i) the extent of growth lag in that city and the extent of growth lag in all metropolitan cities;
(ii) the extent of poverty in that city and the extent of poverty in all metropolitan areas; and
(iii) the age of housing in that city and the age of housing in all metropolitan areas.

(2) The Secretary shall determine the amount to be allocated to each urban county, which shall be the greater of an amount that bears the same ratio to the allocation for all metropolitan areas as either--

(A) the average of the ratios between--
   (i) the population of that urban county and the population of all metropolitan areas;
   (ii) the extent of poverty in that urban county and the extent of poverty in all metropolitan areas; and
   (iii) the extent of housing overcrowding in that urban county and the extent of housing overcrowding in all metropolitan areas; or

(B) the average of the ratios between--
   (i) the extent of growth lag in that urban county and the extent of growth lag in all metropolitan cities and urban counties;
   (ii) the extent of poverty in that urban county and the extent of poverty in all metropolitan areas; and
   (iii) the age of housing in that urban county and the age of housing in all metropolitan areas.

(3) In determining the average of ratios under paragraphs (1)(A) and (2)(A), the ratio involving the extent of poverty shall be counted twice, and each of the other ratios shall be counted once; and in determining the average of ratios under paragraphs (1)(B) and (2)(B), the ratio involving the extent of growth lag shall be counted once, the ratio involving the extent of poverty shall be counted one and one-half times, and the ratio involving the age of housing shall be counted two and one-half times.

(4) In computing amounts or exclusions under this section with respect to any urban county, there shall be excluded units of general local government located in the county the populations of which are not counted in determining the eligibility of the urban county to receive a grant under this subsection, except that there shall be included any independent city (as defined by the Bureau of the Census) which--

   (A) is not part of any county;
   (B) is not eligible for a grant pursuant to subsection (b)(1) of this section;
   (C) is contiguous to the urban county;
   (D) has entered into cooperation agreements with the urban county which provide that the urban county is to undertake or to assist in the undertaking of essential community development and housing assistance activities with respect to such independent city; and
   (E) is not included as a part of any other unit of general local government for purposes of this section.

Any independent city which is included in any fiscal year for purposes of computing amounts pursuant to the preceding sentence shall not be eligible to receive assistance under subsection (d) of this section with respect to such fiscal year.

(5) In computing amounts under this section with respect to any urban county, there shall be included all of the area of any unit of local government which is part of, but is not located entirely within the boundaries of, such urban county if the part of such unit of local government which is within the boundaries of such urban county would otherwise be included in computing the amount for such urban county under this section, and if the part of such unit of local government which is not within the boundaries of such urban county is not included as a part of any other unit of local government for the purpose of this section. Any amount received by such urban county under this section may be used
with respect to the part of such unit of local government which is outside the boundaries of such urban county.

(6) Where data are available, the amount determined under paragraph (1) for a metropolitan city that has been formed by the consolidation of one or more metropolitan cities with an urban county shall be equal to the sum of the amounts that would have been determined under paragraph (1) for the metropolitan city or cities and the balance of the consolidated government, if such consolidation had not occurred. This paragraph shall apply only to any consolidation that--

(i) included all metropolitan cities that received grants under this section for the fiscal year preceding such consolidation and that were located within the urban county;
(ii) included the entire urban county that received a grant under this section for the fiscal year preceding such consolidation; and
(iii) took place on or after January 1, 1983.

(B) The population growth rate of all metropolitan cities referred to in section 102(a)(12) of this title shall be based on the population of

(i) metropolitan cities other than consolidated governments the grant for which is determined under this paragraph; and
(ii) cities that were metropolitan cities before their incorporation into consolidated governments. For purposes of calculating the entitlement share for the balance of the consolidated government under this paragraph, the entire balance shall be considered to have been an urban county.

(c) **Reallocation of undistributed funds within same metropolitan area as original allocation; amount and calculation of reallocation grant; disaster relief**

(1) Except as provided in paragraphs (2) and (4), any amounts allocated to a metropolitan city or an urban county pursuant to the preceding provisions of this section which are not received by the city or county for a fiscal year because of failure to meet the requirements of subsection (a), (b), (c), or (d) of section 104 of this title, or which become available as a result of actions under section 104(e) or 111 of this title, shall be reallocated in the succeeding fiscal year to the other metropolitan cities and urban counties in the same metropolitan area which certify to the satisfaction of the Secretary that they would be adversely affected by the loss of such amounts from the metropolitan area. The amount of the share of funds reallocated under this paragraph for any metropolitan city or urban county shall bear the same ratio to the total of such reallocated funds in the metropolitan area as the amount of funds awarded to the city or county for the fiscal year in which the reallocated funds become available bears to the total amount of funds awarded to all metropolitan cities and urban counties in the same metropolitan area for that fiscal year, except that--

(A) in determining the amounts awarded to cities or counties for purposes of calculating shares pursuant to this sentence, there shall be excluded from the award of any city or county any amounts which become available as a result of actions against such city or county under section 111 of this title;
(B) in reallocating amounts resulting from an action under section 104(e) of this title or section 111 of this title, a city or county against whom any such action was taken in a fiscal year shall be excluded from a calculation of share for purposes of reallocating, in the succeeding year, the amounts becoming available as a result of such action; and
(C) in no event may the share of reallocated funds for any metropolitan city or urban county exceed 25 per centum of the amount awarded to the city or county under
subsection (b) of this section for the fiscal year in which the reallocated funds under this paragraph become available.

Any amounts allocated under subsection (b) of this section which become available for reallocation and for which no metropolitan city or urban county qualifies under this paragraph shall be added to amounts available for allocation under such subsection (b) of this section in the succeeding fiscal year.

(2) Notwithstanding any other provision of this chapter, the Secretary shall make grants from amounts authorized for use under subsection (b) of this section by the Department of Housing and Urban Development--Independent Agencies Appropriation Act, 1981, in accordance with the provisions of this chapter which governed grants with respect to such amounts, as such provisions existed prior to October 1, 1981, except that any such amounts which are not obligated before January 1, 1982, shall be reallocated in accordance with paragraph (1).

(3) Notwithstanding the provisions of paragraph (1), the Secretary may upon request transfer responsibility to any metropolitan city for the administration of any amounts received, but not obligated, by the urban county in which such city is located if

(A) such city was an included unit of general local government in such county prior to the qualification of such city as a metropolitan city;

(B) such amounts were designated and received by such county for use in such city prior to the qualification of such city as a metropolitan city;

and

(C) such city and county agree to such transfer of responsibility for the administration of such amounts.

(4)

(A) Notwithstanding paragraph (1), in the event of a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act [42 U.S.C. 5121 et seq.], the Secretary shall make available, to metropolitan cities and urban counties located or partially located in the areas affected by the disaster, any amounts that become available as a result of actions under section 104(e) or 111 of this title.

(B) In using any amounts that become available as a result of actions under section 104(e) or 111 of this title, the Secretary shall give priority to providing emergency assistance under this paragraph.

(C) The Secretary may provide assistance to any metropolitan city or urban county under this paragraph only to the extent necessary to meet emergency community development needs, as the Secretary shall determine (subject to subparagraph (D)), of the city or county resulting from the disaster that are not met with amounts otherwise provided under this chapter, the Robert T. Stafford Disaster Relief and Emergency Assistance Act [42 U.S.C. 5121 et seq.], and other sources of assistance.

(D) Amounts provided to metropolitan cities and urban counties under this paragraph may be used only for eligible activities under section 105 of this title, and in implementing this section, the Secretary shall evaluate the natural hazards to which any permanent replacement housing is exposed and shall take appropriate action to mitigate such hazards.

(E) The Secretary shall provide for applications (or amended applications and statements under section 104 of this title) for assistance under this paragraph.

(F) A metropolitan city or urban county eligible for assistance under this paragraph may receive such assistance only in each of the fiscal years ending during the 3-year period beginning on the date of the declaration of the disaster by the President.

(G) This paragraph may not be construed to require the Secretary to reserve any amounts that become available as a result of actions under section 104(e) or 111 of this title for assistance under this paragraph if, when such amounts are to be
reallocated under paragraph (1), no metropolitan city or urban county qualifies for assistance under this paragraph.

(d) Allocation among States for nonentitlement areas; amount and calculation of grants; distributions by State or Secretary; certain distributions made pursuant to prior provisions; certifications required by Governor enumerated; responsibility for administration and administrative expenses; reallocation; certifications required of units of general local government in nonentitlement areas; applicability of this chapter and other law

(1) Of the amount approved in an appropriation Act under section 103 of this title that remains after allocations pursuant to paragraphs (1) and (2) of subsection (a) of this section, 30 per centum shall be allocated among the States for use in nonentitlement areas. The allocation for each State shall be the greater of an amount that bears the same ratio to the allocation for such areas of all States available under this subparagraph as either--

(A) the average of the ratios between--

(i) the population of the nonentitlement areas in that State and the population of the nonentitlement areas of all States;

(ii) the extent of poverty in the nonentitlement areas in that State and the extent of poverty in the nonentitlement areas of all States; and

(iii) the extent of housing overcrowding in the nonentitlement areas in that State and the extent of housing overcrowding in the nonentitlement areas of all States; or

(B) the average of the ratios between--

(i) the age of housing in the nonentitlement areas in that State and the age of housing in the nonentitlement areas of all States;

(ii) the extent of poverty in the nonentitlement areas in that States and the extent of poverty in the nonentitlement areas of all States; and

(iii) the population of the nonentitlement areas in that State and the population of the nonentitlement areas of all States.

In determining the average of the ratios under subparagraph (A) the ratio involving the extent of poverty shall be counted twice and each of the other ratios shall be counted once; and in determining the average of the ratios under subparagraph (B), the ratio involving the age of housing shall be counted two and one-half times, the ratio involving the extent of poverty shall be counted one and one-half times, and the ratio involving population shall be counted once. The Secretary shall, in order to compensate for the discrepancy between the total of the amounts to be allocated under this paragraph and the total of the amounts available under such paragraph, make a pro rata reduction of each amount allocated to the nonentitlement areas in each State so that the nonentitlement areas in each State will receive an amount which represents the same percentage of the total amount available under such paragraph as the percentage which the nonentitlement areas of the same State would have received under such paragraph if the total amount available under such paragraph had equaled the total amount which was allocated under such paragraph.

(2)

(A) Amounts allocated under paragraph (1) shall be distributed to units of general local government located in nonentitlement areas of the State to carry out activities in accordance with the provisions of this chapter--

(i) by a State that has elected, in such manner and at such time as the Secretary shall prescribe, to distribute such amounts, consistent with the statement submitted under section 104(a) of this title; or
(ii) by the Secretary, in any case described in subparagraph (B), for use by units of general local government in accordance with paragraph (3)(B). Any election to distribute funds made after the close of fiscal year 1984 is permanent and final. Notwithstanding any provision of this chapter, the Secretary shall make grants from amounts authorized for use in nonentitlement areas by the Department of Housing and Urban Development--Independent Agencies Appropriation Act, 1981, in accordance with the provisions of this chapter which governed grants with respect to such amounts, as such provisions existed prior to October 1, 1981. Any amounts under the preceding sentence (except amounts for which preapplications have been approved by the Secretary prior to October 1, 1981, and which have been obligated by January 1, 1982) which are or become available for obligation after fiscal year 1981 shall be available for distribution in the State in which the grants from such amounts were made, by the State or by the Secretary, whichever is distributing the State allocation in the fiscal year in which such amounts are or become available.

(B) The Secretary shall distribute amounts allocated under paragraph (1) if the State has not elected to distribute such amounts.

(C) To receive and distribute amounts allocated under paragraph (1), the State must certify that it, with respect to units of general local government in nonentitlement areas--

(i) engages or will engage in planning for community development activities;

(ii) provides or will provide technical assistance to units of general local government in connection with community development programs;

(iii) will not refuse to distribute such amounts to any unit of general local government on the basis of the particular eligible activity selected by such unit of general local government to meet its community development needs, except that this clause may not be considered to prevent a State from establishing priorities in distributing such amounts on the basis of the activities selected; and

(iv) has consulted with local elected officials from among units of general local government located in nonentitlement areas of that State in determining the method of distribution of funds required by subparagraph (A).

(D) To receive and distribute amounts allocated under paragraph (1), the State shall certify that each unit of general local government to be distributed funds will be required to identify its community development and housing needs, including the needs of low and moderate income persons, and the activities to be undertaken to meet such needs.

(3)

(A) If the State receives and distributes such amounts, it shall be responsible for the administration of funds so distributed. The State shall pay from its own resources all administrative expenses incurred by the State in carrying out its responsibilities under this chapter or section 1437o(e)(1) of this title, except that from the amounts received for distribution in nonentitlement areas, the State may deduct an amount to cover such expenses and its administrative expenses under section 1706e of title 12 not to exceed the sum of $100,000 plus 50 percent of any such expenses under this chapter in excess of $100,000. Amounts deducted in excess of $100,000 shall not exceed 2 percent of the amount so received.

(B) If the Secretary distributes such amounts, the distribution shall be made in accordance with determinations of the Secretary pursuant to statements submitted and the other requirements of section 104 of this title (other than subsection (c)) and in accordance with regulations and procedures prescribed by the Secretary.
(C) Any amounts allocated for use in a State under paragraph (1) that are not received by the State for any fiscal year because of failure to meet the requirements of subsection (a), (b), or (d) of section 104 of this title or to make the certifications required in subparagraphs (C) and (D) of paragraph (2), or that become available as a result of actions against the State under section 104(e) or 111 of this title, shall be added to amounts allocated to all States under paragraph (1) for the succeeding fiscal year.

(D) Any amounts allocated for use in a State under paragraph (1) that become available as a result of actions under section 104(e) or 111 of this title against units of general local government in nonentitlement areas of the State or as a result of the closeout of a grant made by the Secretary under this section in nonentitlement areas of the State shall be added to amounts allocated to the State under paragraph (1) for the fiscal year in which the amounts become so available.

(4) Any combination of units of general local governments may not be required to obtain recognition by the Secretary pursuant to section 102(a)(1) of this title to be treated as a single unit of general local government for purposes of this subsection.

(5) From the amounts received under paragraph (1) for distribution in nonentitlement areas, the State may deduct an amount, not to exceed 1 percent of the amount so received, to provide technical assistance to local governments and nonprofit program recipients.

\[5\] So in original. Two parts. (5) have been enacted.

(5) No amount may be distributed by any State or the Secretary under this subsection to any unit of general local government located in a nonentitlement area unless such unit of general local government certifies that--

(A) it will minimize displacement of persons as a result of activities assisted with such amounts;

(B) its program will be conducted and administered in conformity with the Civil Rights Act of 1964 [42 U.S.C. 2000a et seq.] and the Fair Housing Act [42 U.S.C. 3601 et seq.], and that it will affirmatively further fair housing;

(C) it will provide for opportunities for citizen participation, hearings, and access to information with respect to its community development program that are comparable to those required of grantees under section 104(a)(2) of this title; and

(D) it will not attempt to recover any capital costs of public improvements assisted in whole or part under this section or with amounts resulting from a guarantee under section 108 of this title by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements, unless

(i) funds received under this section are used to pay the proportion of such fee or assessment that relates to the capital costs of such public improvements that are financed from revenue sources other than under this chapter; or

(ii) for purposes of assessing any amount against properties owned and occupied by persons of moderate income, the grantee certifies to the Secretary or such State, as the case may be, that it lacks sufficient funds received under this section to comply with the requirements of clause (i).

(6) Any activities conducted with amounts received by a unit of general local government under this subsection shall be subject to the applicable provisions of this chapter and other Federal law in the same manner and to the same extent as activities conducted with amounts received by a unit of general local government under subsection (a) of this section.
(e) Qualification or submission dates, and finality and conclusiveness of computations and
determinations

The Secretary may fix such qualification or submission dates as he determines are necessary to
permit the computations and determinations required by this section to be made in a timely
manner, and all such computations and determinations shall be final and conclusive.

(f) Pro rata adjustment of entitlement amounts

If the total amount available for distribution in any fiscal year to metropolitan cities and urban
counties under this section is insufficient to provide the amounts to which metropolitan cities and
urban counties would be entitled under subsection (b) of this section, and funds are not otherwise
appropriated to meet the deficiency, the Secretary shall meet the deficiency through a pro rata
reduction of all amounts determined under subsection (b) of this section. If the total amount
available for distribution in any fiscal year to metropolitan cities and urban counties under this
section exceeds the amounts to which metropolitan cities and urban counties would be entitled
under subsection (b) of this section, the Secretary shall distribute the excess through a pro rata
increase of all amounts determined under subsection (b) of this section.

(1) in Guam, the Virgin Islands, American Samoa, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands;

(5) to States and units of general local government and institutions of higher education having a demonstrated capacity to carry out eligible activities under this chapter, except that the Secretary may make a grant under this paragraph only to a State or unit of general local government that jointly, with an institution of higher education, has prepared and submitted to the Secretary an application for such grant, as the Secretary shall by regulation require;

if the Secretary (in consultation with the Secretary of Defense) determines that an action described in subparagraph (A), (B), or (C) is likely to have a direct and significant adverse consequence on the unit of general local government; and

Guarantee and commitment to guarantee loans for acquisition of property

Section 108

(a) Authority of Secretary; issuance of obligations by eligible public entities or designated public agencies; form, denomination, maturity, and conditions of notes or other obligations; percentage allocation requirements

The Secretary is authorized, upon such terms and conditions as the Secretary may prescribe, to guarantee and make commitments to guarantee, only to such extent or in such amounts as provided in appropriation Acts, the notes or other obligations issued by eligible public entities, or by public agencies designated by such eligible public entities, for the purposes of financing

(1) acquisition of real property or the rehabilitation of real property owned by the eligible public entity (including such related expenses as the Secretary may permit by regulation);
(2) housing rehabilitation;
(3) economic development activities permitted under paragraphs (14), (15), and (17) of section 105(a) of this title;
(4) construction of housing by nonprofit organizations for homeownership under section 1437o(d) of this title or title VI of the Housing and Community Development Act of 1987;
(5) the acquisition, construction, reconstruction, or installation of public facilities (except for buildings for the general conduct of government); or
(6) in the case of colonias (as such term is defined in section 916 of the Cranston-Gonzalez National Affordable Housing Act), public works and site or other improvements.

A guarantee under this section may be used to assist a grantee in obtaining financing only if the grantee has made efforts to obtain such financing without the use of such guarantee and cannot complete such financing consistent with the timely execution of the program plans without such guarantee. Notes or other obligations guaranteed pursuant to this section shall be in such form and denominations, have such maturities, and be subject to such conditions as may be prescribed by regulations issued by the Secretary. The Secretary may not deny a guarantee under this section on the basis of the proposed repayment period for the note or other obligation, unless the period is more than 20 years or the Secretary determines that the period causes the guarantee to constitute an unacceptable financial risk. Notwithstanding any other provision of law and subject only to the absence of qualified applicants or proposed activities and to the authority provided in this section, to the extent approved or provided in appropriation Acts, the Secretary shall enter into commitments to guarantee notes and obligations under this section with an aggregate principal amount of $2,000,000,000 for fiscal year 1993 and $2,000,000,000 for fiscal year 1994. Of the amount approved in any appropriation Act for guarantees under this section in any fiscal year, the Secretary shall allocate 70 percent for guarantees for metropolitan cities, urban counties, and Indian tribes and 30 percent for guarantees for units of general local government in nonentitlement areas. The Secretary may waive the percentage requirements of the preceding sentence in any fiscal year only to the extent that there is an absence of qualified applicants or proposed activities from metropolitan cities, urban counties, and Indian tribes or units of general local government in nonentitlement areas.

(b) Prerequisites

No guarantee or commitment to guarantee shall be made with respect to any note or other obligation if the issuer's total outstanding notes or obligations guaranteed under this section (excluding any amount decreased under the contract entered into under subsection (d)(1)(A) of this section) would thereby exceed an amount equal to 5 times the amount of the grant approval for the issuer pursuant to section 106 or 107 of this title.

(c) Payment of principal, interest and costs

Notwithstanding any other provision of this chapter, grants allocated to an issuer pursuant to this chapter (including program income derived therefrom) are authorized for use in the payment of principal and interest due (including such servicing, underwriting, or other costs as may be specified in regulations of the Secretary) on the notes or other obligations guaranteed pursuant to this section.

(d) Repayment contract; security; pledge by State

(1) To assure the repayment of notes or other obligations and charges incurred under this section and as a condition for receiving such guarantees, the Secretary shall require the issuer to--
(A) enter into a contract, in a form acceptable to the Secretary, for repayment of notes or other obligations guaranteed hereunder;
(B) pledge any grant for which the issuer may become eligible under this chapter; and
(C) furnish, at the discretion of the Secretary, such other security as may be deemed appropriate by the Secretary in making such guarantees, including increments in local tax receipts generated by the activities assisted under this chapter or dispositions proceeds from the sale of land or rehabilitated property.

(2) To assist in assuring the repayment of notes or other obligations and charges incurred under this section, a State shall pledge any grant for which the State may become eligible under this chapter as security for notes or other obligations and charges issued under this section by any unit of general local government in a nonentitlement area in the State.

(e) Pledged grants for repayments
