
A. BASIS FOR INTERVENTION

Under the laws of the State of Maine,\(^2\) the MPUC is the state commission vested with jurisdiction over the rates and services of gas utilities within the state. Pursuant to FERC Rule of Practice and Procedure 214(a)(2),3 "[a]ny State Commission . . . is a party to any proceeding upon filing a notice of intervention in that proceeding, if the notice is filed within the period established under Rule 210(b)." The comment date for this matter is April 14, 2008. Accordingly, by submission of this timely notice,\(^3\) the MPUC respectfully requests that the Commission recognize the MPUC as an intervener in this proceeding, with all rights attendant thereto.

\(^{1}\) 18 C.F.R. § 385.214 (2005).
\(^{2}\) See 35-A M.R.S.A. § 101 et seq.
B. NATURE OF CASE

On April 1, 2008, Portland Natural Gas Transmission System (PNGTS) filed a proposed tariff change rate case filing pursuant to Section 4(e) of the Natural Gas Act, as amended, and Subpart D of Part 154 of the Commission's Regulations. PNGTS requests that the Commission place into effect without suspension PNGTS' proposed Primary Tariff Sheets pursuant to NGA Section 4(d) or, if suspended, that these tariff sheets be placed into effect after the expiration of the suspension period and that the tariff sheets contained in Appendix B be accepted for filing.

The Maine Public Utilities Commission takes no position on PNGTS' request at this time but would be concerned if granting PNGTS' request would result in a burdensome or unreasonable affect on rates.
